INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Formation, Inc. 401(k) Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Formation, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statement of net assets available for benefits as of November 15, 2022 (in liquidation) and December 31, 2021 (ongoing), and the related statement of changes in net assets available for benefits for the period ended November 15, 2022 (in liquidation), and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Formation, Inc. 401(k) Plan as of November 15, 2022 (in liquidation) and December 31, 2021 (ongoing), and the changes in net assets available for benefits for the period ended November 15, 2022 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Formation, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note 5 to the financial statements, the plan sponsor was acquired and the plan entered into liquidation as of November 15, 2022. As a result, the Formation, Inc. 401(k) Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the December 31, 2021 financial statements to the liquidation basis of accounting used in presenting the November 15, 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Formation, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

FORMATION, INC. 401(K) PLAN

Notes to Financial Statements

November 15, 2022

Note 1 - Description of Plan:

The following description of the Formation, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

In 2022 the Company was acquired and it was determined that the Plan would be terminated effective November 15, 2022 and that all Plan assets would be transferred into the acquirer's Plan.

General - The Plan is a defined contribution plan established on January 1, 2016, amended and restated with an effective date of October 15, 2021, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan provides benefits for all eligible employees of the Company.

The Plan is administered by its sponsor, the Company, who retained the services of third parties to assist in the administration of the Plan. Through November 15, 2022, the Plan's recordkeeper and third party administrator was the Vanguard Group, Inc. ("Vanguard") and the Plan's trustee was Ascensus Trust Company ("Ascensus").

Eligibility - Except for excluded employees, all employees of the Company are eligible to participate in the Plan effective immediately upon hire. Excluded employees consist of non-resident aliens who do not earn any U.S. Income, employees covered by a collective bargaining agreement, leased employees, and contractors. Employees may enter the Plan on the first day of the month following their date of hire.

Participant contributions - Each year, participants may elect to contribute up to 100% of their eligible compensation to the Plan, up to the maximum allowed under section 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make "catch up" contributions, subject to statutory limits. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the allocation of their contributions to various investment options offered by the Plan. Deferrals consist of pre-tax and/or Roth 401(k) contributions.

Employer contributions - The Company may make discretionary matching and profit sharing contributions equal to a discretionary percentage, to be determined by the Company. The Company did not make discretionary contributions for the year ended November 15, 2022.

FORMATION, INC. 401(K) PLAN

Notes to Financial Statements

November 15, 2022

Note 1 - Description of Plan (continued):

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's matching contributions, and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Investment options - The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Some Plan investments are units of funds managed by the recordkeeper, therefore, these investments and most investment transactions are party-in-interest transactions. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting - Participants are immediately vested in their contributions, including rollovers of funds from other qualified retirement plans, and the Company's discretionary employer contributions.

Notes receivable from participants - Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. A participant may have no more than one note outstanding at any time. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship (as defined in the Plan), or termination of employment. In-service distributions of a participant's vested account balance are permitted providing the participant has attained the age of 59 1/2. Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's vested interest in their account. Unless otherwise instructed by the participant, participants with vested account balances of \$5,000 or less upon separation will receive a lump sum cash payout.

Forfeited accounts - Forfeitures are retained in the Plan and are used to reduce employer contributions. Forfeitures remaining in the Plan as of November 15, 2022 and December 31, 2021 were immaterial. There were no forfeitures applied for the period ended November 15, 2022.

Administrative expenses - Substantially all administrative expenses of the Plan are paid by the Company. Separate fees for loan and distribution processing and certain investments as specified in the service agreement, are charged to individual participant's accounts.

FORMATION, INC. 401(K) PLAN

Notes to Financial Statements

November 15, 2022

Note 2 - Significant accounting policies:

Basis of accounting – The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan’s investments are stated at their fair values. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The money market fund is valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Fair value measurements – The Plan performs fair value measurements in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*. Refer to Note 3 for the fair value measurement disclosures associated with the Plan’s investments.

Net depreciation in fair value of investments – The earnings, expenses, realized gains and losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net depreciation in fair value of investments.

Subsequent events – The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors’ report.

Note 3 - Fair value:

The Plan performs fair value measurement in accordance with ASC 820 which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument’s categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

FORMATION, INC. 401(K) PLAN

Notes to Financial Statements

November 15, 2022

Note 3 - Fair value (continued):

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of November 15, 2022 and December 31, 2021 and have all been determined to be Level 1 by the Plan administrator:

	<u>2022</u>		<u>2021</u>
Mutual funds	\$ -	\$	4,167,886
Money market mutual fund	-		13,000
Total investments measured at fair value	<u>\$ -</u>	<u>\$</u>	<u>4,180,886</u>

The Plan's valuation methodology used to measure the fair value of the funds above were derived from quoted market prices as substantially all of these instruments have active markets.

Note 4 - Investments:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Ascensus Trust Company, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements.

The following information included in the financial statements was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of November 15, 2022 and December 31, 2021.
- Investment income (loss) as shown in the Statement of Changes in Net Assets Available for Benefits for the period ended November 15, 2022.

Note 5 - Plan termination:

As a result of the Company being acquired, the Plan sponsor's Board of Directors voted to terminate the Plan effective November 15, 2022. Upon termination, the Plan was frozen to new contributions and participants in the Plan were notified of their various options for distributions. Effective November 15, 2022 any remaining participants in the Plan had their balances transferred into the acquirer's Plan.

Note 6 - Income tax status:

The prototype plan adopted by the Company obtained its latest opinion letter on June 20, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 7 - Party-in-interest transactions:

At November 15, 2022 and December 31, 2021, the Plan held investments available for benefits of approximately \$0 and \$4,181,000, respectively, in funds managed by Vanguard. Vanguard is the Plan's recordkeeper.

Note 8 - Risks and uncertainties:

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.
