INDEPENDENT AUDITOR'S REPORT

To the Trustees
Cortland Acres Nursing Home Profit Sharing Plan
Thomas, West Virginia

OPINION

We have audited the financial statements of Cortland Acres Nursing Home Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the

Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

REPORT ON SUPPLEMENTARY INFORMATION

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule of assets (held at end of year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Cortland Acres Nursing Home Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2022

1 – DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES

The following description of the Cortland Acres Nursing Home (the “Association”) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of the Association who have completed one year of service, are age twenty-one or older and have worked 1,000 hours in the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Association makes annual profit sharing contributions to the Plan as a percentage of compensation and at the discretion of its Board of Directors. Contributions of \$171,629 were accrued for the year ended December 31, 2022.

In 2009, the Association added a 401(k) feature to the Plan for non-union employees. Participants may elect to contribute pre-tax deferrals of compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their 401(k) contributions into various investment options offered by the Plan’s trustee. Contributions are subject to certain limitations, as defined by law.

Also effective with the addition of the 401(k) feature, the Association may elect to make a matching contribution as a percentage of participant elective deferrals. For the year ended December 31, 2022, the Association made employer contributions of 50% of the first 4% of the participant’s pre-tax deferrals.

Effective July 1, 2014, the Plan was amended to allow union employees to participate in the Plan’s 401(k) salary deferral and matching contribution provisions.

A participant must be employed on the last day of the allocation period to participate in the 401(k) matching and profit sharing contribution.

Participant-directed investments

Participants direct the investment of their 401(k) contribution accounts into various investment options offered by the Plan. The Plan currently offers pooled separate accounts including a stable value fund, and a money market fund as investment options for participants.

Cortland Acres Nursing Home Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2022

Participant accounts

401(k)

Each participant's account is credited with the participant's contribution and an allocation of the Association's matching contribution and plan earnings and charged with benefit payments. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Profit sharing

Allocations of the Association's contributions (including forfeitures of terminated participants' non-vested accounts) and plan earnings are based on participant compensation and account balances, respectively, for the year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of benefits

Upon termination of service, multiple options are available to the participant with regard to the actual payment of benefits.

Forfeitures

During 2022, there were \$3,746 of forfeited non-vested accounts allocated to participant accounts.

Vesting

Participants are immediately vested in their contributions and related earnings. Participants become vested in the Association's contributions according to the following vesting schedule:

<u>Years of Continuous Service</u>	<u>Vesting Percentage</u>
Less than two years of service	0%
Two years of service	20%
Three years of service	40%
Four years of service	60%
Five years of service	80%
Six years of service or more	100%

2 – SUMMARY OF ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting as prescribed by accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

Certain administrative expenses of the Plan are paid by the Association. Certain administrative functions are performed by employees of the Association. No such employee receives compensation from the Plan.

Subsequent events

The plan administrator has evaluated the effect subsequent events would have on the financial statements through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2022

3 – FAIR VALUE MEASUREMENTS

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Mortgage-backed securities and corporate bonds

These investments are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those investments are valued under a discounted cash flow approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

Money market funds

Money market funds are public investment vehicles valued using \$1 as the net asset value ("NAV") as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. There are no redemption restrictions on these investments. The money market funds are not required to be classified within a level on the fair value hierarchy.

Cortland Acres Nursing Home Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2022

Pooled separate accounts

The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV of units, as determined by the custodian, as the estimated fair value. Because quoted prices in active markets for identical assets are not available, these prices are determined using observable market information such as quotes from less active markets and/or quoted prices of securities with similar characteristics. The pooled separate accounts are not required to be classified within a level on the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

Total Investments				<u>\$ 3,837,966</u>

Cortland Acres Nursing Home Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2022

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2022	Fair Value at December 31, 2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts					
Target Date*	\$ 532,590	\$ 655,593	None	Daily	None
Target Risk**	765,008	890,158	None	Daily	None
Stable Value***	508,832	459,135	None	Daily	None
Money market funds	179	64,289	None	Daily	None
	<u>\$ 1,806,609</u>	<u>\$ 2,069,175</u>			

Following are the investment strategies for investments for which fair value is measured using the NAV:

*The investment strategy of these funds is to seek high total return through its' target retirement date, with a greater focus on income beyond the target date.

**The investment strategy of these funds is to achieve long-term growth of capital by investing 100% of the portfolio's assets in underlying portfolios that invest primarily in equity securities.

***The investment strategy is to seek to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4 – NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets relating to the nonparticipant-directed investments is as follows:

	2022	2021
	<u>2022</u>	<u>2021</u>
Mutual funds	\$ 1,373,959	\$ 1,767,963

		For the Year Ended December 31, 2022
Change in net assets:		
Contributions		\$ 67,817
Interest and dividends		72,677
Net appreciation		(362,905)
Benefits paid to participants		(217,848)
Administrative expenses		<u>(18,089)</u>
		<u>\$ (458,348)</u>

5 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by Wells Fargo and John Hancock. Wells Fargo and John Hancock are the custodians as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. During 2022, administrative expenses of \$40,365 were paid to Wells Fargo and John Hancock, custodians of the Plan's investments and parties-in-interest.

6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Cortland Acres Nursing Home Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

For the Year Ended December 31, 2022

7 – TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (“IRS”) stating that the Plan was in compliance with the applicable sections of the Internal Revenue Code (“IRC”). The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed plan document sponsor by a letter dated March 31, 2008, that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions to the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

9 – SUBSEQUENT EVENTS

The Plan’s management has evaluated events and transactions occurring after December 31, 2022 through the date of the Auditor’s Report, which is the date the financial statements were available to be issued. No significant events were noted requiring adjustments to or disclosure in the financial statements.
