Independent Auditor's Report

**To the Plan Administrator
Asia Foundation Defined Contribution Retirement Plan
San Francisco, California**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Asia Foundation Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions and an agent on behalf of a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 11, sufficient evidence supporting participant account balances and transactions prior to January 1, 2008 is not available. The Plan's accounting records do not permit the application of other auditing procedures to participant accounts prior to January 1, 2008. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplementary information.

ASIA FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 1 - Plan Description

The following description of the Asia Foundation Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of plan provisions.

General - The Plan is a defined contribution plan created for the benefit of eligible employees of The Asia Foundation (the Foundation) under the provisions of Section 403(b) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. TIAA and CREF are the issuers of the Plan's annuity contracts. TIAA, FSB is the custodian for certain Plan assets. TIAA also provides recordkeeping services.

Eligibility - All employees, except nonresident aliens, are eligible to make salary deferral contributions to the Plan on their date of hire. All employees, except nonresident aliens and temporary employees, are eligible to receive discretionary employer contributions. Temporary employees who reach one year of eligibility service under the elapsed-time method are eligible to receive discretionary employer contributions.

Contributions - Participants may elect to defer up to 100% of their eligible compensation as pretax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollovers).

The Foundation may make discretionary contributions, as defined by the Plan. During the year ended December 31, 2022, the Foundation authorized discretionary contributions equal to 10% of each qualified participant's compensation.

Contributions are subject to certain IRS limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions, allocations of the Foundation's discretionary contributions, and plan earnings. Allocations are based on participant earnings or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting - Participants are immediately vested in their salary deferrals plus actual earnings thereon. Participants are 100% vested in discretionary employer contributions after one year of service.

Plan Loans - Plan loans are funded from the assets of TIAA. Accordingly, Plan loans are not reported on the statements of net assets available for benefits and related interest income is not reported on the statement of changes in net assets available for benefits.

Notes to Financial Statements For the Year Ended December 31, 2022

Note 1 - Continued

Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The interest rate for plan loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract. Participants may borrow a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. Principal and interest payments are made by the participant directly to TIAA. The total collateral included in plan assets was approximately \$162,565 and \$259,500 as of December 31, 2022 and 2021, respectively. Effective January 1, 2022, the Plan no longer issues plan loans. Loans granted are now issued as notes receivable from participants (described below).

Notes Receivable From Participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. Loans are repayable through level installment payments at least quarterly. The maximum loan term is five years unless the loan qualifies as a home loan, in which case the term of the loan can be up to 10 years. Loans granted will bear a reasonable rate of interest.

Payment of Benefits - Upon termination of service, retirement, death, or disability, participants or their beneficiaries may elect to receive a lump-sum payment, installment payments, or an annuity. Participants who have attained age 59 ½ may also elect to receive a distribution from the elective deferral portion of their account balance prior to termination of employment (in-service withdrawals). The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Forfeitures - At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$27 and \$3,330, respectively. Forfeitures can be used to reduce future employer contributions or pay administrative expenses. During 2022, approximately \$52,000 of forfeitures were used to offset employer contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that may affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

ASIA FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 2 - Continued

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022.

Payment of Benefits - Benefits are recorded when paid. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

Investment Management and Administrative Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements. Transaction based fees for loans and distributions are charged directly to participant accounts. The Foundation may elect to pay other expenses related to the Plan's administration.

Subsequent Events - The Plan's management has evaluated subsequent events through August 30, 2023, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ASIA FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 3 - Continued

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Variable Annuity Accounts - College Retirement Equities Fund (CREF) is a registered investment company and consists of eight accounts which fund variable annuity contracts issued by CREF. The fair values of accumulation units held in CREF accounts are based on each account's daily published net asset value (NAV). NAV is based on the market value of its underlying securities determined by market quotations or prices obtained from independent pricing sources. The CREF Money Market Account is valued at amortized cost, which approximates fair value. Accumulation units in CREF accounts are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange (NYSE) is open for business.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account - The TIAA Real Estate Account (REA) is a pooled separate account which funds variable annuity contracts issued by TIAA. The fair value of accumulation units held in the REA is published daily and based on market values of the underlying real estate properties determined by external appraisals, which are estimates of property values based on a professional's opinion. The REA may also hold real estate-related marketable securities which are valued using independent pricing sources. Accumulation units in the REA are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter.

Fixed Annuity Contracts - The TIAA Traditional Annuity are fixed annuity contracts (guaranteed investment contracts) that are fully and unconditionally guaranteed by TIAA. As an insurance company, TIAA is required to maintain contingency reserves to ensure that it will be able to fulfill its contractual obligations to policyholders. The TIAA Traditional Annuity that is not considered fully benefit-responsive and measured at fair value is offered through the Retirement Annuity (RA), Group Retirement Annuity (GRA) and Retirement Choice (RC) contract types. Under RA, GRA and RC contracts, participant initiated withdrawals or transfers may be subject to certain liquidity restrictions and/or fees. RA, GRA and RC contracts are reported at contract value which is the aggregation of contributions, plus interest, less any withdrawals. Contract value approximates a discounted cash flow value (fair value) calculated using an appropriate risk-adjusted market discount rate which correlates closely with historical crediting rates for these contracts. Fair value is determined annually for financial statement reporting purposes. When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate.

Notes to Financial Statements For the Year Ended December 31, 2022

Note 3 - Continued

The following table sets forth a summary of certain changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2022:

	Fixed Annuity Contracts
Purchases	\$ 2,388,112
Issuances	\$ -

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2022 and 2021:

	Valuation Technique	Unobservable Inputs	December 31, 2022 Range (Average)	December 31, 2021 Range (Average)
Fixed annuity contracts	Discounted cash flow	Risk-adjusted discount rate applied	RA/GRA: 3.7% - 6.25% (3.86%) RC: 3.95% - 6.5% (4.14%)	RA/GRA: 3.0% - 3.80% (3.88%) RC: 2.75% - 3.90% (4.17%)

The following table provides redemption information and additional disclosures of the Plan's investments, whose fair value is estimated using the NAV (or its equivalent) practical expedient, as of December 31:

	2022 Fair Value	2021 Fair Value	Redemption Frequency	Redemption Notice Period
Variable Annuity Accounts ⁽¹⁾	\$ 2,421,948	\$ 3,092,691	Daily	1 day

- (1) Variable Annuity Accounts - Variable annuity accounts using the NAV practical expedient primarily consists of TIAA Access Lifecycle accounts which have similar investment objectives and strategies to target date funds. TIAA Access Lifecycle accounts fund variable annuity contracts issued by TIAA. The fair values of accumulation units held in TIAA Access Lifecycle accounts are based on each account's daily NAV. The NAV is based on the market value of its underlying securities determined by market quotations or prices obtained from independent pricing sources. There are no trading restrictions associated with TIAA Access Lifecycle accounts.

Note 4 - Fully Benefit-Responsive Investment Contracts

In addition to the nonbenefit-responsive TIAA Traditional Annuity described in Note 3, the Plan also holds benefit-responsive TIAA Traditional Annuities through the Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), and Retirement Choice Plus (RCP) contract types. GSRA, SRA, and RCP contracts provide for full participant-directed liquidity and are reported at contract value. Contract value is the relevant measure because that is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value is the aggregation of contributions, plus interest, less any withdrawals.

ASIA FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 4 - Continued

Each contract is fully and unconditionally guaranteed by TIAA. As an insurance company, TIAA is required to maintain contingency reserves to ensure that it will be able to fulfill its contractual obligations to policyholders. Sponsor initiated withdrawals from the RCP contract are allowed over a seven-year period with a 2.5% surrender charge with 30 days advance written notice from the Foundation. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with TIAA and that also would limit the ability of the Plan to transact at contract value with participants.

Note 5 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2022 and 2021, and investment income for the year ended December 31, 2022, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by TIAA and CREF. TIAA has been authorized by TIAA, FSB to certify investments for which TIAA, FSB is the directed custodian. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

Note 6 - Party-in-Interest Transactions

The Plan's investments include mutual funds managed by an affiliate of TIAA and fixed and variable annuity contracts issued by TIAA and CREF. TIAA is the recordkeeper for these investments. Therefore, transactions with these investments and fees paid by the Plan to TIAA and its affiliates qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 7 - Tax Status

The Foundation adopted a TIAA 403(b) volume submitter plan document. TIAA received an advisory letter from the IRS dated August 7, 2017, which states that the 403(b) volume submitter plan document satisfies the applicable provisions of Section 403(b) of the IRC. The Plan's management believes that the Plan is currently designed and being operated in a manner that would not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 8 - Termination of the Plan

Although it has not expressed any intent to do so, the Foundation has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

ASIA FOUNDATION DEFINED CONTRIBUTION RETIREMENT PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Concentrations

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of the fixed annuity contracts issued by TIAA. These investments represent approximately 23% and 20% of total Plan investments at December 31, 2022 and 2021, respectively. The Plan's management seeks to limit its credit exposure by working with high credit quality institutions.

Note 11 - Beginning Account Balances

TIAA, the Plan's recordkeeper, was unable to provide information to support the account balances prior to January 1, 2008. In addition, because of system upgrades and changes to the Foundation's payroll system, the Foundation was not able to locate some historical payroll records and annual contribution details for years prior to January 1, 2008.
