GrayCo, Inc. 401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of GrayCo, Inc. 401(K) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the GrayCo, Inc. 401(K) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that

**To the Trustee of
GrayCo, Inc. 401(K) Profit Sharing Plan**

are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GrayCo, Inc. 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GrayCo, Inc. 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GrayCo, Inc. 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is

**To the Trustee of
GrayCo, Inc. 401(K) Profit Sharing Plan**

not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prior Period Financial Statements

The financial statements as of December 31, 2021, were audited by Kimble Certified Public Accountants, who merged with Kositzka, Wicks and Company Certified Public Accountants as of July 25, 2022, and whose report dated July 18, 2022, indicated that management, having determined it is permissible in the circumstances, elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), the predecessor auditor did not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). Management previously obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information is complete and accurate.

The predecessor auditors opinion on the financial statements indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GrayCo, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements
December 31, 2022 and 2021

1. Description of plan

The following description of the GrayCo, Inc. (the "Company") 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document and adoption agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, sponsored by the Company, subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective January 1, 1994, was amended January 1, 2008 and again on January 1, 2022. The plan covers all eligible employees of the Company and its affiliates who have attained the age of twenty-one. Prior to 2022, employees became eligible after completing at least one year of service (defined as 1,000 hours within a consecutive twelve month period) and could enroll on the subsequent January 1 or July 1 upon meeting the service requirement. Beginning on January 1, 2022, employees become eligible after completing 90 days of service and can enroll on the subsequent January 1, April 1, July 1 or October 1 upon meeting the service requirement.

Contributions and funding

Each year, participants may contribute up to 100% of pretax annual compensation, up to the maximum limits per the Internal Revenue Service ("IRS"). Eligible compensation includes all compensation earned during the year, excluding non-taxable and taxable fringe benefits, compensation received or deferred under a non-qualified deferred compensation arrangement and certain incentive compensation. Participants may also contribute amounts representing rollover distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company has elected to make a safe harbor non-elective contribution of 3% of the participant's eligible compensation regardless of whether the participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company.

The discretionary profit sharing contribution related to the plan year ending December 31, 2022 has been accrued in the amount of \$38,195 and is expected to be remitted in 2023. The discretionary profit sharing contribution related to the plan year ending December 31, 2021 was accrued in the amount of \$34,139 and was paid during the year ending December 31, 2022.

Participant accounts

Each participant's account is credited with the participant's and Company's contributions as well as allocations of Plan investment results and administrative expenses that are paid by the Plan. Allocations are based on participant investment results, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

Investment options

Upon enrollment in the Plan, a participant may direct the custodian to invest all account funds in specific assets, funds or other investments permitted under the Plan and the Participant Direction Procedures.

Vesting

Participants are 100% vested in contributions made through salary deferral, the Company's safe harbor contribution and rollover accounts, plus earnings thereon. Vesting in the Company's profit sharing contributions, if made, is based on years of continuous service. Participants are vested 20% after completion of two years of credited service and vest an additional 20% each year thereafter until fully vested at the completion of six years of credited service.

See independent auditor's report.

GrayCo, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

Accumulated forfeited balances on profit sharing contributions as of December 31, 2022 and 2021 totaled \$2,055 and \$1,793, respectively. These funds can be used to reduce future plan expenses or as employer contributions.

Participants become 100% vested in all accounts upon death, disability or retirement.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested balance. Loan terms range from one to five years, or up to fifteen years if the loan qualifies as a home loan and are secured by the participants' account and bear interest at the prime rate plus 1.0%. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis with interest rates ranging from 4.25 - 8.00%. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2022 and 2021. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit is recorded.

Payment of benefits

Upon termination, a participant may elect to receive either a lump-sum amount equal to the value of their vested interest or a direct rollover into another qualified plan or individual retirement account. Absent such elections by the participant, the plan administrator may transfer participant accounts with a value greater than \$1,000 but less than \$5,000 to a designated rollover IRA account. Accounts with \$1,000 or less may be paid directly to the participant less applicable tax withholdings. Hardship distributions are permitted upon demonstration of financial hardship. Benefits are recorded when paid.

Administrative expenses

Most costs and expenses of administering the Plan are paid by the Plan Sponsor such as insurance, legal and audit fees. The Plan bears the costs of certain fees such as those paid to the investment managers from their respective funds and certain fees paid directly by the participants. Investment related expenses are allocated to participants based on the participant's investment income and are included in net appreciation in the fair value of investments.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the plan custodian to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

The Plan's investments are stated at fair value, net asset value or contract value in the financial statements. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Net asset value is based on the fair value of the underlying investments held by the fund less its liabilities as reported by the fund manager. Contract value is the guaranteed investment contract issuer's contractual obligation to repay the principal and at a specified interest rate.

GrayCo, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

Security transactions are recorded on the settlement date, generally the third business day following the transaction date. This method does not result in significant differences from the trade date method. Investment results are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Investment results from mutual funds includes the Plan's gains and losses on investments bought, sold and held during the year.

Reclassifications

Certain prior year balances have been reclassified to conform to the current year presentation.

3. Information prepared and certified by the custodian

The Plan Sponsor has elected the alternative method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, as permitted under such election, the investment information certified by Empower Retirement, LLC and the affiliated companies as of and for the year ending December 31, 2022 and Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC as of and for the year ending December 31, 2021, were not audited by the independent auditors except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

The Plan's financial information that was certified by Empower Retirement, LLC include cash and investments of \$15,229,135 and loans of \$93,280 as of December 31, 2022. The Plan's financial information that was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC include investments of \$18,346,174 and loans of \$47,008 as of December 31, 2021.

Empower Retirement, LLC also certified to the completeness and accuracy of \$(3,689,537) of investment loss and \$3,779 of interest income on notes receivable related to the aforementioned investments and loans for the year ended December 31, 2022 as well as and the schedule of assets (held at end of year) as of December 31, 2022. Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC also certified to the completeness and accuracy of \$2,909,347 of investment income and \$2,124 of interest income on notes receivable related to the aforementioned investments and loans for the year ended December 31, 2021.

4. Fair value measurement

The Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following section describes the valuation methodologies the Plan uses to measure its assets at fair value.

Registered investment companies (mutual funds): Mutual funds are priced and trades are executed at the published net asset value daily, or the public offering price for accounts trading under rights of accumulation (ROA). The net asset values used for valuation purposes are widely available.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different

See independent auditor's report.

GrayCo, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022	2021
	Level 1 and Total	Level 1 and Total
Investments at fair value		
Registered investment companies (mutual funds)	\$ 14,388,345	\$ 17,537,936
	<u>\$ 14,388,345</u>	<u>\$ 17,537,936</u>

5. Investments at contract value

The Plan held a benefit-responsive investment contract with Great West Life and Annuity Insurance Company totaling \$233,918 at December 31, 2021, this investment option was eliminated during 2022. Previously, Great West maintained the contributions in a general account which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments that limit the ability of the Plan to transact at contract value with the issuer. Such events could include: Fund administration amendments, merger or consolidation of investors, group terminations or layoffs, early retirement programs, terminations or partial terminations of the Fund, failure to meet certain tax qualifications, and Plan Sponsor withdrawals without appropriate notice. The Plan Sponsor did not believe that the occurrence of any such value event would be probable.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events did not occur during the year ending December 31, 2022 when the investment option was liquidated and eliminated.

6. Investments at net asset value

Investments at net asset value consist of common/collective investment trusts (CIT) and one stable value fund. The common/collective investment trusts may invest in corporate bonds, US Treasury obligations, asset-based and mortgage-backed securities and at times may invest in loan participations and insurance contracts. The stable value fund may invest in money market instruments, bond funds and insurance company separate accounts. While the underlying value of certain holdings within these funds may be level 1 publicly quoted pricing inputs, others are based on investments may not be readily marketable and which are used in determining the net asset value (NAV) which is the price at which the CIT can be redeemed as of the measurement date. There are restrictions on withdrawals from the fund. In certain

See independent auditor's report.

GrayCo, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

cases, transfers and redemptions may be restricted for 90 days.

The following table sets forth the Plan's assets reported at net asset value as of December 31:

	2022	2021
Investments at net asset value		
Common/collective trusts	\$ 490,779	\$ 574,320
Stable value fund	350,011	-
	<u>\$ 840,790</u>	<u>\$ 574,320</u>

7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Party in interest transactions

The Plan's assets are invested in funds managed by Empower Retirement, LLC and affiliated companies. Empower Retirement, LLC is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan investments have internal expenses that compensate Empower Retirement, LLC and affiliated companies.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

10. Income tax status

The Plan was adopted under a prototype plan sponsored by Empower. The prototype plan has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan's opinion letter has been relied upon by the Plan.

The Plan Sponsor is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations for years ended December 31, 2019 through 2022.

11. Subsequent events

The Plan Sponsor assessed events occurring subsequent to December 31, 2022 through August 25, 2023 the date the financial statements were available to be issued, for potential recognition and disclosure in the financial statements. No events have occurred that would require adjustment to or disclosure in the financial statements.

See independent auditor's report.
