Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Wittern Group Non-Bargaining 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE WITTERN GROUP NON-BARGAINING 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of The Wittern Group Non-Bargaining 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s information.

General—The Plan is a defined contribution plan covering substantially all employees of The Wittern Group (the “Company”) who have completed three months of service, are age 21 or older, are not covered by a collective bargaining agreement, and are not a nonresident alien or a leased employee. Employees are auto enrolled into the Plan unless elected otherwise. The management of the Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company; and (iii) participant rollovers from another qualified plan.

Each year, participants may contribute a portion of their pre-tax compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may provide a safe harbor matching contribution that shall apply to all eligible persons. The employer safe harbor match is 100% of the first 3% of participant compensation and 50% of the next 2% of participant compensation as defined in the Plan document. The Company may also make additional discretionary qualified nonelective contributions and other discretionary contributions. No such discretionary contributions were made during 2022 or 2021.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s discretionary matching contribution, (b) the Company’s discretionary qualified nonelective contribution, and (c) Plan earnings (losses) reduced by an allocation of administrative expenses. Allocations are based on participant earnings (losses) and/or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments—Participants direct the investment of both employee and employer contributions into various investment options offered by the Plan. The Plan currently offers investment options for participants through Principal Trust Company, including mutual funds, pooled separate accounts, and common collective trusts.

Vesting—Participants are immediately vested in their contributions, the Company’s safe harbor matching contributions and discretionary qualified nonelective contributions and actual earnings and losses thereon. Vesting of the Company’s other discretionary contributions and actual earnings (losses) thereon is at a rate of 20% after completion of two years of service and 20% for each year of service thereafter. Participants become fully vested after six years of service.

Notes Receivable from Participants—Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their account balance as of the last valuation date. The maximum repayment period for loans is five years. The loans are secured by the value of the vested balance in the participant’s account and bear interest at a rate commensurate with prevailing rates. Notes receivable outstanding at December 31, 2022 have interest rates of 5.25% to 9.00% and mature through 2027. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits—On termination of service due to any reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or annual installments over any period of time not exceeding his or her actuarially determined expected remaining life. Accounts with a vested interest less than \$5,000, upon termination for any reason, are distributed in full without an option for installments. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeited Accounts—Forfeited balances of terminated participants’ nonvested accounts are used to reduce Company contributions. During the years ended December 31, 2022 and 2021, there were \$712 and \$894 forfeitures used to reduce Company contributions, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment securities, including mutual funds, pooled separate accounts, and common collective trusts. Investment securities, in general, are exposed to various risks such as interest rate risk, credit risk, and overall market volatility including risks related to pandemics and international conflicts. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Contributions—Employee and related employer matching contributions are recognized and accrued for periods they are earned.

Investment Valuation and Income Recognition—Investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a description of valuation methods.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based upon the terms of the Plan document.

Administrative Expenses—Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain fees are paid by the Plan Sponsor which are not reflected in the statements of changes in net assets available for benefits. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment returns for such investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2022 and 2021.

3. INVESTMENT INFORMATION CERTIFIED BY THE ASSET CUSTODIANS

The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Principal Life Insurance Company, Principal Life Insurance Company on behalf of Principal Global Investors Trust Company, and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (collectively referred to as "Principal"), the asset custodians of the Plan, and

furnished to the Plan administrator. The Plan administrator has obtained certifications from the asset custodians that such information is complete and accurate.

Statements of net assets available for benefits:		
Participant-directed investments—at fair value	\$14,923,583	\$19,754,321
Notes receivable from participants	140,303	129,906
Statements of changes in net assets available for benefits:		
Net (depreciation) appreciation in the fair value investments	(3,079,060)	2,504,551
Dividends	18,705	16,042
Interest income on notes receivable from participants	7,207	9,814

Notes 4 and 5: All investment balances and investment information in the notes except for the classification of investments into levels within the fair value hierarchy and excluding the redemption frequency, other redemption restrictions, and redemption notice period.

Supplemental Schedule of Assets (Held at End of Year): All investment balances and investment information included in the supplemental schedule of assets.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds—These investments are valued at the daily closing price as reported by the fund and transact at that price. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded and are shown as Level 1.

Pooled Separate Accounts—These investments consist of a single or multiple investments in fixed income or equity securities. The pooled separate accounts are quoted at NAV, which is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Common Collective Trusts—Stable Value Funds—These investments are composed primarily of fully benefit-responsive investment contracts that are valued at the NAV of units of the bank collective trust. These investments are quoted at NAV, which is not publicly quoted, but is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021.

	Fair Value Measurements at December 31, 2022, Using			Total

5. NET ASSET VALUE PER SHARE (NAV)

The following tables set forth a summary of the Plan's investments with a reported NAV at December 31, 2022 and 2021.

Fair Value Estimated Using Net Asset Value per Share December 31, 2022					
Investment	Fair Value*	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Real estate pooled separate account	(a) \$ 528,886	\$	Immediate	30-day frequency	None
Stable value fund	(b) 1,456,498		Immediate	None	None
All other pooled separate accounts	(c) <u>11,656,116</u>		Immediate	30-day frequency	None
Total	<u>\$ 13,641,500</u>	<u>\$</u>			

Fair Value Estimated Using Net Asset Value per Share December 31, 2021					
Investment	Fair Value*	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Real estate pooled separate account	(a) \$ 1,105,051	\$	Immediate	30-day frequency	None
Stable value fund	(b) 1,301,269		Immediate	None	None
All other pooled separate accounts	(c) <u>15,725,585</u>		Immediate	30-day frequency	None
Total	<u>\$ 18,131,905</u>	<u>\$</u>			

* The fair value of the investments has been estimated using the net asset value per share of the investment. There were no unfunded commitments as of December 31, 2022 and 2021.

^(a) The real estate pooled separate account is a diversified real estate equity account consisting primarily of real estate properties in the multifamily, industrial, office, retail and hotel sectors. These accounts have a 30-day (or a 'one per month') redemption frequency restriction.

- (b) The stable value fund is wholly invested in a single stable value fund. With this structure, there is no look-through to the underlying holdings for fund reporting. Fair value is determined using NAVPS at the fund level.
- (c) Pooled separate accounts are funds that invest in domestic equities, short-term securities, mutual funds and fixed income securities including asset backed and corporate bonds. The funds pursue strategies that seek to replicate the movement of an index of a specific financial market regardless of market conditions.

6. STABLE VALUE FUND

The Principal Stable Value fund (the “Fund”) is a collective trust fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value per share of units of the bank collective trust. The net asset value per share is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value per share. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months’ notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their account balance.

8. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Principal. The Plan sponsor received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. During the year ended December 31, 2022, the Plan had certain operational and administrative issues occur. In order to prevent the Plan from incurring a qualification defect, the Plan sponsor plans to take the necessary corrective action in accordance with the acceptable correction methods of the Employee Plans Compliance Resolution System. The Plan sponsor is in the process of taking necessary corrective steps. However, the Plan’s management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

9. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and a common/collective trust managed by Principal. Principal includes the asset custodians as defined by the Plan document and therefore these transactions qualify as exempt party-in-interest transactions. Fees paid by

the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants under the deferred arrangement portion of the Plan, which are secured by the vested balances in the participants' accounts.

10. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company remitted certain 2022 and 2021 participant contributions in the total amount of \$908 and \$65,554, respectively, to the trustee later than required by Department of Labor's Regulation 2510.3-102. The Company plans to file Form 5330 with the IRS and pay the required excise tax on the transaction for 2022. The Company filed Form 5330 with the IRS and paid the required excise tax on the transaction for 2021. In addition, participant accounts have been credited with the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis for the years ended December 31, 2022 and 2021.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2022 per the financial statements to the Form 5500:

	2022
Net assets available for benefits per the financial statements	\$ 15,136,479
Deduct participant contributions receivable not on Form 5500	(31,015)
Deduct employer contributions receivable not on Form 5500	<u>(13,613)</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 15,091,851</u></u>

For the year ended December 31, 2022, the following is a reconciliation of certain financial statement line items per the financial statements to the Form 5500:

	2022
Total participant contributions per the financial statements	\$ 901,056
Deduct participant contributions receivable not on Form 5500	<u>(31,015)</u>
Total participant contributions per the Form 5500	<u><u>\$ 870,041</u></u>
Total employer contributions per the financial statements	\$ 433,659
Deduct employer contributions receivable not on Form 5500	<u>(13,613)</u>
Total employer contributions per the Form 5500	<u><u>\$ 420,046</u></u>

12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 13, 2023, which is the date the financial statements were available to be issued, and has identified the following event for disclosure:

An amendment was made to the Plan that is effective as of January 1, 2023, whereby the Plan enrollment age changed from 21 to 18 and the auto-enrollment percentage changed from 1% to 5%.
