INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Tax Deferred Annuity Plan for Employees of Youth Outreach Services

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tax Deferred Annuity Plan for Employees of Youth Outreach Services, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tax Deferred Annuity Plan for Employees of Youth Outreach Services' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tax Deferred Annuity Plan for Employees of Youth Outreach Services and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tax Deferred Annuity Plan for Employees of Youth Outreach Services' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tax Deferred Annuity Plan for Employees of Youth Outreach Services' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tax Deferred Annuity Plan for Employees of Youth Outreach Services' ability to continue as a going concern for a reasonable period of time.

Sassetti
CERTIFIED PUBLIC ACCOUNTANTS

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, line 4i – Schedule of Assets (Held at Year End) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TAX DEFERRED ANNUITY FOR EMPLOYEES OF YOUTH OUTREACH SERVICES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Tax Deferred Annuity for Employees of Youth Outreach Services (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Youth Outreach Services (the "Agency" or “plan sponsor”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation.

Plan Administration - The Plan is administered by the Agency's Board of Directors. Recordkeeping and the custody of assets is provided by Principal Trust Company ("Principal"). The Plan also holds certain contracts at Mutual of America Life Insurance Company ("MOA"), however no additional contributions were allowed into these contracts after August 1, 2017 and the only remaining balance is associated with forfeiture credits that have not been transferred to Principal. There are no participant account balances at MOA.

Contributions - Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limits ($20,500 and $19,500 for the years ended December 31, 2022 and 2021, respectively). Participants who attained age 50 before the end of the plan year are eligible to make catch-up contributions ($6,500 for each of the years ended December 31, 2022 and 2021). Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Employees who have reached 21 years of age and completed one year of service (defined by the Plan as 1,000 hours of service) are eligible for Agency-matching contributions. The Agency contributes to the Plan, on behalf of each participant, non-elective contributions of 2% of each participant's eligible compensation (as defined by the Plan), subject to the Internal Revenue Service maximum amount, for the portion of the Plan year in which the employee was a participant in the Plan.

For the year ended December 31, 2021, new employees were automatically enrolled at a 6% deferral with an annual 1% increase up to 10%, and current employees deferring less than 6% would also receive automatic 1% increases each year unless they opted out.

Effective January 1, 2022, the plan document was amended to only provide for automatic enrollment for all current and new employees, and for new employees to be automatically enrolled at 6%.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Agency's matching contribution of their accounts plus actual earnings thereon is based on continuous years of service. A participant is 20% vested in the employer match after completing two years of service, and 20% vested for each subsequent year reaching 100% vesting after six years of credited service.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship distributions are permitted if certain criteria are met.

Forfeiture - Forfeited nonvested accounts related to Agency contributions are used to reduce future Agency contributions. At December 31, 2022 and 2021, the available forfeiture balance was $11,557 and $11,419, respectively. A total of $6,832 and $933 in forfeitures were used to reduce the Agency’s contributions for the years ended December 31, 2022 and 2021, respectively.

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options - Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the investment options available. The Plan offers a guaranteed fixed income account and mutual funds from Principal Financial Group and other mutual fund companies. Participants may change their investment options as frequently as daily.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants - Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made, or 50% of their account balance. The loans bear interest at a prime rate plus 2%. Principal and interest are paid ratably through bi-weekly payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan payments or the loan is in default, the participant loan balance is reduced and a deemed distribution is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - The Agency pays all administrative expenses of the Plan except for certain contract administrative and trustee fees. Such charges not paid by the Agency and not covered by Plan forfeitures are applied directly to the accounts of the participants and are classified as administrative expenses in the statement of changes in net assets available for benefits. Certain investment advisory fees are paid by the Plan and included in net appreciation in fair value of investments of the related fund as they are paid through a revenue sharing agreement, rather than a direct payment. Administrative expenses paid by the Agency are not included in the financial statements of the Plan.

Management's Evaluation of Subsequent Events - The Plan has evaluated subsequent events through August 24, 2023, the date the financial statements were available to be issued.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Agency has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in various investments issued by Principal and MOA. In addition, the Plan holds notes receivable from participants. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Certain fees paid by the Plan for investment management services are included in net depreciation in fair value of investment, as they are paid through revenue sharing, rather than a direct payment. In addition, Principal Life Insurance Company Retirement Processing Services, an affiliate of the trustee, provides recordkeeping services for the plan.

5. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles provide a uniform framework for the definition, measurement, and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. These principles also establish a fair value hierarchy that requires the Plan to review applicable observable and unobservable inputs to determine a level between Level 1 (quoted prices of identical investments in active markets) to Level 3 (unobservable inputs).

Generally accepted accounting principles related to fair value disclosure also establish a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are as follows:

Level 1 – quoted prices in active markets for identical assets or liabilities;

Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

Mutual funds are valued based on quoted market prices as all these instruments have active markets.

These methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. FAIR VALUE MEASUREMENTS (continued)

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,295,397	$ -	$ -	$1,295,397
Investments at fair value	$ 1,295,397	$ -	$ -	1,295,397

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,514,087	$ -	$ -	$1,514,087
Investments at fair value	$ 1,514,087	$ -	$ -	1,514,087

7. INFORMATION CERTIFIED BY THE PLAN INVESTMENT TRUSTEES

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company and Mutual of America Life Insurance Company, the trustees of the Plan, have certified that the following data for the included in the accompanying financial statements and supplemental schedule is complete and accurate.

	2022	2021
Investments, at contract value	$ 113,810	$ 107,134
Investments, at fair value	1,295,397	1,514,087
	$ 1,409,207	$ 1,621,221

Investment activity (year ended December 31, 2022):

Net depreciation in fair value of investments	$ (367,489)
Dividend and interest income	91,112
Interest income on notes receivable from participa	1,546
Total	$ (274,831)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

9. INVESTMENTS AT CONTRACT VALUE

The Plan has traditional fully benefit-responsive guaranteed investment contracts with Principal and MOA. The contributions to these accounts are held in a general account of Principal and MOA, respectively, and the accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal and MOA are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Principal and MOA but may not be less than 0%. The crediting rate are reviewed and reset annually, as applicable. Neither Principal nor MOA may terminate the agreement prior to the maturity date.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measurement basis for these contracts because it is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal and MOA, represents contributions plus earnings thereon, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value, including (1) complete or partial plan termination (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other events that could cause a significant withdrawal from the plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. None of these events are probable of occurring and as such, there are no limits on the ability of the Plan to transact at contract value expected.

10. TAX STATUS

Effective August 1, 2017, the Plan has adopted a prototype non-standardized 403(b) plan. The prototype plan obtained its latest determination letter on March 31, 2017, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

10. TAX STATUS (continued)

The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to the Form 5500:

	2022	2021
Net assets available for benefits per financial statements	$ 1,425,449	$ 1,677,943
