Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Thrifty PayLess, Inc. 401(k) Retirement Savings Plan for Collective Bargaining Pharmacists (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Thrifty PayLess, Inc. 401(k) Retirement Savings Plan for Collective Bargaining Pharmacists and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Thrifty PayLess, Inc. 401(k) Retirement Savings Plan for Collective Bargaining Pharmacist's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Employee Benefits Administration Committee
Thrifty PayLess, Inc. 401(k) Retirement Savings Plan for Collective Bargaining Pharmacists

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Thrifty PayLess, Inc. 401(k) Retirement Savings Plan for Collective Bargaining Pharmacists' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Thrifty PayLess, Inc. 401(k) Retirement Savings Plan for Collective Bargaining Pharmacists' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1 DESCRIPTION OF PLAN

The following brief description of Thrifty PayLess, Inc. 401(k) Retirement Savings Plan for Collective Bargaining Pharmacists (the Plan) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan. An individual account is established for each participant and provides benefits that are based on (a) amounts the participant and Thrifty PayLess, Inc., a wholly owned subsidiary of Rite Aid Corporation (collectively the Company or Plan Sponsor) contributed to a participant's account, (b) investment earnings (losses), and (c) any forfeitures allocated to the account, less administrative expenses charged to the Plan and allocated to participant accounts, if any.

Empower Trust Company, LLC (formerly Great-West Trust Company, LLC) (Trustee) serves as Plan Trustee. The Employee Benefits Administration Committee is the Plan administrator (the Plan administrator) and is responsible for the preparation of the Plan's financial statements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Each employee who is a pharmacist covered by a collective bargaining agreement which calls for their participation in the Plan becomes eligible to participate in the Plan after attaining age 21 and completing two months of service.

Contributions

Each year, participants may contribute up to 70% of pretax annual compensation, as defined in the Plan. Participants age 50 and over may make additional pretax contributions, as defined in the Plan. Participants may also contribute, or rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan Sponsor matches 50% of each participant's pretax payroll contribution, not to exceed \$1,000 per year, prorated based on hours of service credited during the Plan year and if employed on the last day of the Plan year. The match is contributed by the Plan Sponsor after the Plan year-end. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Effective April 1, 2022, participants may make Roth contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service, a participant may elect to receive benefit distributions in one of several forms, including installment payments or lump-sum payments. Benefits are payable upon retirement, termination of employment, or the death or disability of the participant. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan Sponsor will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant becomes fully vested in the Plan Sponsor's contributions upon the participant's death, disability, attainment of normal retirement age while employed, or the occurrence of a Plan termination. If not vested earlier for one of the foregoing reasons, and not subject to other exceptions described in the Plan document, a participant's account becomes 20% vested upon attainment of two years of service. With each additional year of service, a participant's account balance becomes an additional 20% vested, such that the participant's account balance becomes 100% vested upon the participant's attainment of six years of service.

Forfeited Accounts

Forfeited nonvested accounts can be used to reduce future Plan Sponsor contributions and to pay administrative expenses. Forfeited nonvested accounts as of December 31, 2022 and 2021, totaled \$6,807 and \$20,820, respectively. There were \$22,000 of forfeitures used to reduce Plan Sponsor contributions for the year ended December 31, 2022. There were no forfeitures used to pay administrative expenses for the year ended December 31, 2022.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (GAAP).

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Master Trust's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Plan fees and expenses related to account maintenance, transactions and investment fund management are allocated to participant accounts. Under the terms of the Plan document, costs relating to Plan administration may be paid by the Plan Sponsor or paid from Plan forfeitures. For the year ended December 31, 2022, participant accounts have paid substantially all administrative expenses. Investment-related expenses are included in net depreciation in fair value investments.

Benefits Payments

Benefit payments to participants are recorded upon distribution.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Empower Trust Company, LLC (formerly Great-West Trust Company, LLC), the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the statement of changes in net assets available for benefits for the year ended December 31, 2022.

NOTE 4 INVESTMENT IN MASTER TRUST

The Plan's investments are held in a Master Trust that was established for the investment of assets of the Plan and several other Company sponsored retirement plans. A portion of the Plan's asset portfolio is segregated from the other participating plan's assets within the Master Trust whereas the remaining portion is commingled with other participating plan's assets for investment and administrative purposes.

Although a portion of the assets of all plans are commingled in the Master Trust, the trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income or loss and administrative expenses are allocated by the trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans. For the portion of assets that is segregated, the Plan does not have an undivided interest in each investment in the Master Trust. Rather, the Plan has a specific interest in each of these investments that differs from the overall percentage interest in the Master Trust.

The following tables present the net assets of the Master Trust and the Plan's interest in the net assets of the Master Trust as of December 31:

	2022	
	Master Trust	Plan's Interest in Master Trust

NOTE 4 INVESTMENT IN MASTER TRUST (CONTINUED)

The following table presents the Master Trust Investment Loss and the Plan's interest in the Master Trust Investment Loss for the year ended December 31, 2022:

	Master Trust	Plan's Interest in Master Trust
Net Depreciation in Fair Value of Investments	\$ (691,772,712)	\$ (45,230,355)

Total Master Trust Investment Loss	<u>\$ (683,284,324)</u>	<u>\$ (44,176,610)</u>

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts – Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Custom Funds – The custom funds are unregistered custom accounts maintained by the Trustee. The underlying investments in the custom accounts valued at fair value consist of common collective trusts and mutual funds.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Common Collective Trusts	\$ -	\$ 2,025,193,227	\$ -	\$ 2,025,193,227

NOTE 6 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

As part of the custom funds, the Plan provides a self-managed stable value investment option to participants that includes a synthetic guaranteed investment contract, which simulates the performance of a guaranteed investment contract through an issuer's guarantee of a specific interest rate (the wrapper contract) and a portfolio of financial instruments that are owned by the Master Trust. The synthetic GIC contract includes underlying assets which are held in trust owned by the Master Trust and utilizes a benefit-responsive wrapper contract. The contract provides that participants execute Plan transactions at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The interest rates are reset quarterly based on market rates of other similar investments, the current yield of the underlying investments and the spread between the market value and contract value.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Insurance Company, represents contributions made under the contract, plus earnings, and less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The synthetic GIC contract was terminated during the year ended December 31, 2022.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 PLAN TAX STATUS

The IRS has determined and informed the Plan Sponsor by a letter dated March 1, 2012, that the Plan and related trust are designed in accordance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

FOR COLLECTIVE BARGAINING PHARMACISTS
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 8 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

On July 13, 2022, the Plan administrator received a letter from the Department of Labor (DOL) related to the Rite Aid Master Retirement Savings Trust. The Plan administrator responded to the request on October 31, 2022 and May 2, 2023. No response from the DOL has been received by the Plan administrator as of September 8, 2023.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Master Trust investments are managed by the trustee of the Plan; therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred for the investment management services are included in net depreciation in fair value of the investment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 8, 2023, the date the financial statements were available to be issued.
