Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements (modified cash basis) and the supplementary schedules of Florida Heart Associates Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Plan Benefits (modified cash basis) as of December 31, 2022 and 2021, and the related Statements of Changes in Net Assets Available for Plan Benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Florida Heart Associates Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by Principal Life Insurance Company that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets held are prepared and certified by Principal Life Insurance Company in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Principal Life Insurance Company as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note A to the financial statements, is complete and accurate.

INTEGRITY SERVICE EXPERIENCE

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Florida Heart Associates Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As described in NOTE B, these financial statements and the supplementary schedules were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Management's Responsibilities for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in these circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Florida Heart Associates Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence made by management, as well as evaluate the overall presentation of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Florida Heart Associates Retirement Plan's internal controls. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Florida Heart Associates Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Schedules Required by ERISA

The supplementary Schedules of Reportable Transactions and Assets Held for Investment Purposes (modified cash basis) are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FLORIDA HEART ASSOCIATES RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

Page 8 of 23

NOTE A - DESCRIPTION OF PLAN

The following description of Florida Heart Associates (the "Company") (Sponsor) Retirement Plan (the "Plan") Plan 001 provides only general information. Participants should refer to the Summary Plan Description or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a self-directed 401(k) defined contribution retirement plan covering substantially all eligible employees of the Florida Heart Associates, P.L. and affiliated entities collectively (the Company) except those employees that are part of bargaining units or leased employees. The Plan was originally adopted on December 1, 1997 and is intended to provide participants with future retirement benefit opportunities. The Plan was restated and effective as of February 18, 2022 to permit participant loans and comply with federal requirements. The Plan includes vesting service for employee service with Heart Associates, Cardiology Associates, Associates in Cardiac Diseases and Cardiac Consultants. The Plan is subject to the provisions of IRS Code Section 401(k), which allows for employer and employee contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration/parties-in-interest

For the years ended December 31, 2022 and 2021, the trustee/custodian of the Plan was Principal Life Insurance Company (Third Party Administrator and servicing agent). Employer and participant contributions as well as all Plan assets are held and managed by the trustee/custodian, which invests cash received, interest, and dividend income in accordance with participant direction, and makes distributions to participants. The Plan Third Party Administrator (trustee/custodian) - Principal Life Insurance Company and the Company are considered parties-in-interest. The Plan also contracts with Leading Edge Retirement Plan Advisors ("Leading Edge") as the designated investment manager. Leading Edge is also considered a party-in-interest.

Contributions

Participants are automatically enrolled to defer 4% the date they are eligible in the Plan, up to the maximum specified by the IRS by completing a salary elective deferral agreement. An eligible participant's annual salary reduction (deductible) contributions may not exceed the lesser of 100 percent of the participant's compensation of \$20,500 in calendar year 2022 and \$19,500 for 2021. Deferral

Contributions, continued

contributions may include after-tax Roth contributions and pre-tax deferrals. Certain participants age 50 or older may contribute more by taking advantage of "catch up" provisions of \$6,500 authorized by federal law for the years ended December 31, 2022 and 2021. The Plan provides for two types of employer contributions. The Company may contribute a "matching" discretionary contribution amount. The Company may also contribute a "discretionary" contribution. The match amount and discretionary contributions made will be annually determined by the Company. The participant does not have to make 401(k) contributions to be eligible for employer discretionary contributions. The Plan accepts rollover contributions.

During the year ended December 31, 2010, the Plan was amended to allow for eligible participants to designate all or any portion of their future elective deferral contributions as Roth elective deferral contributions.

Vesting

Upon attainment of normal retirement age (age 65), or early retirement age (age 60), and five (5) years of service, if employment terminates prior to attainment of retirement age due to death or disability, the participant is 100% vested. However, upon termination of employment for any other reason, a participant is entitled to a portion of their account (excluding salary deferred amounts and any related income earned thereon which is immediately 100% vested) in accordance with the following five year vesting schedule:

<u>Years of Service*</u>	<u>Employer Match</u>	<u>Employer Discretionary Contribution</u>
One (1)	20%	20%
Two (2)	40%	40%
Three (3)	60%	60%
Four (4)	80%	80%
Five (5) or more	100%	100%

*Vesting in the employer match and discretionary contributions in the participant accounts is based on participant's years of continuous service. The employee is immediately vested in the employee's respective contributions.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Payment of benefits

Payments are made upon termination of service due to retirement, early retirement, death, disability, in-service, or financial hardship. Financial hardship distributions are permitted as described by Federal Rules. If a participant experiences a situation of extreme financial hardship where a request for withdrawal, as defined by the Internal Revenue Code, is requested and approval is granted by the Plan's trustees, the participant may withdraw all or any part of the vested account resulting from elective deferral contributions, not including investment earnings. At termination, retirement or death, vested account balances less than \$5,000 will be paid in a single lump sum payment. Vested account balances greater than \$5,000 are distributed in the manner elected by the participant, payable monthly as a life annuity providing income that continues for the life of the participant or spouse, monthly payments over a fixed period of time or single sum payment. Upon death of participant, remaining balance is paid to beneficiary. Benefits due terminated employees, either through retirement or otherwise, are recorded when paid.

Forfeitures

Forfeitures resulting from termination of Plan participation of non-vested employees may be used to pay Plan expenses or offset the first employer contribution made after the forfeiture is determined.

For the years ended December 31, 2022 and 2021, approximately \$9,476 and \$19,363 had been forfeited and fully used to reduce administrative costs of the Plan and/or employer contributions.

Participant accounts

Each participant's account is credited with the participant's contribution and the allocation of the Company's contribution and the participant's pro rata share of the Plan earnings as determined and allocated under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination employees can elect to leave their account balance in the Plan if the balance is greater than \$5,000. As of December 31, 2022 and 2021, the amount held in the Plan for terminated vested participants is \$375,785 and \$427,972, respectively.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Participant accounts, continued

Participants may select from a broad array of investment account options to invest their respective participant account. See Note E for a listing of investment options available as of December 31, 2022 and 2021.

Loans

Loans were not available to participants under the Plan prior to January 3, 2022.

Effective January 3, 2022, notes receivable (loans) are available to participants, including hardship, under the Plan. The minimum loan amount is \$1,000. Maximum loan amount is the lesser of \$50,000 or 50% of the vested interest of the participant in the Plan. Maximum loan term is five (5) years. Loans are secured by the vested balances in the participant's account and bear interest at a fixed rate between 4.25% and 7.25%, at the date of the loan. Maximum number of loans outstanding per participant is one (1). One (1) loan per 12 months is permitted.

Interest on notes receivable from participants is recorded when accrued.

Expenses

All administrative expenses incurred by the Trustee/Custodian, the Servicing Agent and/or Third Party Administrator are paid for by the Plan with Plan assets.

Hardship/in-service withdrawals

Participants age 59 1/2 may withdraw in-service or hardship withdrawals amounts limited to deferral amounts, within the respective participant's account. Two (2) in-service withdrawals are allowed in a twelve (12) month period.

Plan eligibility

Employees qualify for participation in the elective deferral portion and employer contribution portion of the Plan upon completion of one year of service (of at least 1,000 hours) and attainment of age 21. The Plan offers monthly entry dates after meeting eligibility criteria.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies used in the preparation of these financial statements:

Basis of accounting

Florida Heart Associates Retirement Plan prepares its financial statements using the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this comprehensive basis of accounting, no provision has been made to record items which have been incurred but not paid or earned but not received. This includes items such as interest receivable. Accordingly, the accompanying financial statements are not intended to present financial position or results of operations in conformity with accounting principles generally accepted in the United States of America.

Income recognition

Transactions are accounted for using the transaction date. Realized gains or losses are determined on the basis of actual cost. In accordance with the policy of stating investments at fair market value, any change in unrealized appreciation or depreciation for the year is separately stated as are the realized gains and losses in the statements of changes in net assets available for Plan benefits.

Income tax status

The Plan adopted a Prototype Non-Standardized Profit Sharing Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan's management and counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan is qualified and related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Income tax status, continued

The modified cash basis of accounting requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

The Plan's annual return Form 5500 for the prior three (3) fiscal years remain open for examination.

Parties-in-interest transactions

Certain Plan investments are managed by Principal Life Insurance Co., which is the trustee/custodian as defined by the Plan and is considered a party-in-interest. Principal also performs certain Plan administrative functions. Certain administrative functions are performed by officers and employees of the Company. The Company is considered a party-in-interest. No such officer or employee receives compensation from the Plan. Leading Edge, the investment advisor, is also considered a party-in-interest.

Plan termination

Although the Company has not expressed any intent to do so, the Plan may be terminated at any time subject to the provisions of ERISA. Upon termination, all assets are to be distributed to vested Plan participants or their beneficiaries. In the event of such termination, participants would become 100% vested in their individual accounts.

Use of estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the statement of net assets available for Plan benefits and the changes during the reporting period. Accordingly, actual results could differ from these estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Fair value of financial instruments

FASB ASC 825-10-50-21 (formerly Financial Accounting Standards Board Statement No. 107), "Disclosures About Fair Value of Financial Instruments," requires disclosure of fair value information about financial instruments for which it is practicable to estimate that value. The carrying amounts of cash and money market accounts approximate fair value due to the short maturity of those instruments.

Subsequent events

Subsequent events have been evaluated through August 7, 2023, which is the date the financial statements were available to be issued.

NOTE C - MARKET RISK

The Plan invests in various investment securities and in various companies within various markets. All of the Plan's investments are recorded at fair market value in accordance with the reporting requirements governing the Plan. Net changes in asset value is reflected as net appreciation (depreciation) in fair value of investments. All such investments are subject to various market and economic risk factors as well as the national and global economies and it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balances and amounts reported in the Plan's financial statements and supplementary schedules. Investments may lose principal and/or value.

NOTE D - FAIR VALUE MEASUREMENTS

Fair value measurements

FASB ASC 820-10-50-1 (formerly Financial Accounting Standards Board Statement No. 157), "Fair Value Measurements," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure fair value of certain financial instruments could result in a different fair value at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS, CONTINUED

Level (1) fair value measurements

Mutual funds and pooled separate accounts are considered Level (1) inputs. Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level (2) fair value measurements

Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

There were no level 2 inputs held at December 31, 2022 or 2021.

Level (3) fair value measurements

Fair values are based on at least one significant unobservable input for the asset.

There are no level 3 inputs held at December 31, 2021.

The value of notes receivable - participant loans are equal to the unpaid principal balance because the loans are collateralized by each respective participant's account balance.

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. It is considered fully benefit-responsive. Thus, the fair value of the guaranteed investment contract is determined based on the contract value adjusted to reflect market rates to the extent that market rates exceed crediting rates or NAV as a practical expedient. This investment is redeemable upon participant request. Surrender charges will apply if terminated prior to maturity other than death, disability or retirement. Therefore, it is not subject to leveling.

Fair value vs. contract values are as follows at December 31:

	<u>2022</u>	<u>2021</u>
Guaranteed Interest Account:

NOTE E - INVESTMENTS, CONTINUED

Information certified by Trustee

The Plan administrator has elected a method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life, the trustee/custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Plan Benefits as of December 31, 2022 and 2021, and the Schedule of Assets (Held at End of Year), and the related investment activity reflected in the Statements of Changes in Net Assets Available for Plan Benefits for the years ended December 31, 2022 and 2021.

NOTE F - PLAN TRUSTEE/CUSTODIAN'S REPORT

The Trustee/Custodian reports the Plan net rate of return is -17.67% and 15.95% for the years ended December 31, 2022 and 2021, respectively.

NOTE G - COVID-19

The Cares Act of March 27, 2020 provides that a participant may withdraw up to \$100,000, before December 31, 2020, from the Plan if the participant was diagnosed with Covid 19 as well as the spouse or dependent or experienced adverse financial consequences from the pandemic. The Act waives the early withdrawal penalty. The withdrawal is taxable over 1 -3 years and can be repaid within three (3) years. Alternatively, a similarly impacted individual may take a hardship loan from the Plan equal to the lesser of the participant's vested loan balance or \$100,000. Certain loan repayment provisions were also extended.

NOTE H - NOTES RECEIVABLE FROM PARTICIPANTS

The Plan began offering participant loans (notes receivable) effective January 3, 2022. Notes receivable consist of loans to Plan participants of \$27,130 and \$0 as of December 31, 2022 and 2021, respectively. Participants may borrow from their individual fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of 50% of vested account or \$50,000, reduced by any outstanding loan balance. The loans are collateralized by the participant's account balance and bear interest at prime plus 1%. At December 31, 2022, all loans had interest rates of between 4.25% and 7.25%. Interest income is recognized when accrued by the Plan.
