INDEPENDENT AUDITORS' REPORT

Board of Trustees
Adams Auto Corp 401(k) Plan
Lee's Summit, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of ADAMS AUTO CORP 401(k) PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of ADAMS AUTO CORP 401(k) PLAN's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note A to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ADAMS AUTO CORP 401(k) PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ADAMS AUTO CORP 401(k) PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ADAMS AUTO CORP 401(k) PLAN's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ADAMS AUTO CORP 401(k) PLAN's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ADAMS AUTO CORP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DESCRIPTION OF PLAN

GENERAL

The Adams Chevrolet-Geo, Inc., NADART Salary Deferral 401(k) Profit Sharing Plan (the "Old Plan") was established on January 1, 1993, to provide retirement benefits for employees of Adams Chevrolet-Geo, Inc. (the "Company").

Effective September 1, 1998, Adams Automotive Group (formerly Adams Chevrolet - Geo, Inc.) adopted The Principal Financial Group Prototype For Savings Plans (a 401(k) profit sharing plan), "New Plan" and discontinued the NADART Salary Deferral 401(k) Profit Sharing Plan, "Old Plan".

Effective January 1, 2003, First Mercantile Trust Company replaced Principal Life Insurance Company as the service provider.

Effective January 1, 2010, the Plan was amended and restated to bring the Plan in compliance with the Economic Growth and Tax Relief Reconciliation Act of 2001 and other legislative and regulatory changes. Effective June 10, 2010, the Plan was amended and restated to change the participating employer name of Ray Adams Chevrolet, Inc. to Adams Kansas City, Inc. d/b/a Adams Kansas City Chrysler Dodge Jeep, Inc.

Effective July 1, 2015, the Plan was readopted with Massachusetts Mutual Life Insurance Company and the name of the Plan was changed to Adams Auto Corp 401(k) Plan (formerly Adams Automotive Group 401(k)).

Effective November 2020, American Trust Company is the service provider of the Plan.

Effective January 1, 2022, the Plan document was restated. Also, effective September 1, 2022, the Plan was amended to document the Participant Loan Policy.

Eligible employees become participants in the Plan following two (2) months of continuous service and are eligible to participate the first day of the month coinciding with or next following the date requirements are met, as defined in the New Plan agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (the "ERISA").

CONTRIBUTIONS

Each year employees may contribute up to the percentage or dollar limit allowable by law of their annual compensation, as defined in the Plan. Participants may make pre-tax, Roth, rollover, and In-Plan Roth rollover contributions to the Plan. Effective July 1, 2022, the Plan adopted an automatic deferral election for new hires. The initial automatic contribution is three percent (3%) of compensation per pay period increasing by one percent (1%) each Plan year up to ten percent (10%) with increases beginning with the first Plan year following the date deferrals were first automatically withheld. The Company may make discretionary matching contributions as well as employer non-elective profit sharing contributions. Total contributions, both participant and employer, including discretionary, are subject to the limits of the Internal Revenue Code (the "IRC") Section 415(c). Participant contributions and employer matching contributions of certain highly compensated participants may also be limited based on contribution nondiscrimination tests described in IRC Sections 401(k) and 401(m).

Employer contributions include discretionary matching contributions and discretionary non-elective profit sharing contributions. Participant contributions consist of participant pre-tax, Roth and rollover contributions.

Employer discretionary contributions are allocated to participants employed on the last day of the plan year with over 1,000 service hours, unless due to death, total and permanent disability, and early or normal retirement, in the same ratio as each participant's eligible compensation bears to the total eligible compensation of all participants. Forfeitures may first be used to pay any Plan administrative expenses or may be used to reduce any employer contributions, including matching and profit sharing. For the years ended December 31, 2022 and 2021, the Company contributed $199,879 and $100,987, respectively, to the Plan as a discretionary non-elective profit sharing contribution, which $199,879 and $100,000, respectively, is reflected as a receivable. During 2022 and 2021, the Plan paid $- and $987, respectively, from forfeitures.

PARTICIPANT ACCOUNTS AND VESTING

All Plan investments are participant directed. Plan participants have the option of having their contributions invested in a variety of common/collective trust funds. Each participant's account is credited with the participant's contribution, the employer's contribution, and an allocation of the Plan's earnings and administrative or loan expenses, if applicable. The Plan's earnings are allocated according to participants' relative account balances.

Participants are immediately vested in their contributions plus actual earnings thereon. That portion of the participants' account attributable to employer contributions is fully vested after completion of six years of service. Participants' accounts become fully vested upon attainment of six years of service and early retirement age of 55, the normal retirement age of 65, or in the event of death or total disability.

Net assets available for plan benefits includes the accounts of active participants, as well as certain separated, vested and retired participants who have elected to receive their benefits in installment payments. These participants share in the earnings of the investments.

PAYMENT OF BENEFITS

Vested amounts credited to an individual participant's account are distributed at termination of employment as a lump sum or in installments. Distributions may be deferred until the participant reaches the IRC's required age for distribution if the value of the distribution is not less than $5,000.

Participants are permitted In-Service distributions if the participant has reached 59.5 years of age. In-Service distributions require Plan consent and are only allowed from vested account balances.

In certain hardship situations, as described in the plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals require Plan consent. Participants' withdrawals are limited to vested account balances.

FORFEITED ACCOUNTS

At December 31, 2022 and 2021, forfeited non-vested accounts totaled $- and $1,010, respectively. These accounts will be used to reduce employer contributions or pay plan expenses.

PLAN TERMINATION

The Company has the right to terminate the Plan subject to the provisions of ERISA at any time. In the event of plan termination, the respective participant interest, net of any termination fees, will become fully vested and will be distributed to each participant within 90 days of the termination.

ADAMS AUTO CORP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

BASIS OF ACCOUNTING

The financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE - PARTICIPANTS

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to fifty percent (50%) of their vested balance or $50,000, whichever is less. Loan terms range from 1-5 years, or no greater than ten (10) years for the purchase of a primary residence. The participant loans are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest rates are the prime interest rate plus one percentage point, which ranged from 4.25% to 6.50%. Related fees are recorded as an administrative expense and expensed when they are incurred. Notes Receivable - Participants are considered collectible because the loans are secured by each respective participant's account balance. No allowance for credit losses have been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

VALUATION OF INVESTMENTS AND INCOME RECOGNITION

Investments are reported at fair value. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note B for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest from investments is recorded on the accrual basis. Capital gains received and reinvested are included in investment income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net appreciation in fair value of investments and interest on participant notes receivable for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American Trust Company (the custodian of the Plan).

All investments are participant directed.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants or distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The amendments in the ASU remove the requirement to categorize within the fair value hierarchy investments whose fair values are measured using the net asset value per share (or its equivalent) as a practical expedient. Further, the new guidance removes certain disclosure requirements for investments measured using the net asset value per share practical expedient. ASU No. 2015-07 is effective for annual reporting periods beginning after December 15, 2015. Management has adopted ASU NO. 2015-07 retrospectively for the year ended December 31, 2018.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Full Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investments

contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU allows a plan with a fiscal year end that doesn't coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Part III is to be applied prospectively. Management has adopted Parts I and II of the ASU as of December 31, 2018. Part III is not applicable to the Plan.

B. FAIR VALUE AND INVESTMENTS

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets or liabilities, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based upon the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology included:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Common/collective trust funds are valued at the quoted market prices for identical or similar assets which represent the net asset value of shares held by the Plan at year end. There are no restrictions on the redemption of these investments.

The following table sets forth by level, within the fair value hierarchy, the net investment assets of the Plan which are presented at fair value, as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Assets at Fair Value:				
Common/Collective Funds	$ -	$ 4,062,215	$ -	$ 4,062,215

The following table sets forth by level, within the fair value hierarchy, the net investment assets of the Plan which are presented at fair value, as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Assets at Fair Value:				
Common/Collective Funds	$ -	$ 4,615,867	$ -	$ 4,615,867

During 2022 and 2021, the Plan's investments in common/collective trusts, including gains and losses on investments bought and sold, as well as held during the year, (depreciated)/appreciated in value by $(876,989) and $666,659, respectively.

C. TAX STATUS

The Plan is designed to be qualified and exempt from income taxes under sections 401(a) and 501(a), respectively, of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

D. ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by the trustee of the Plan. Employee contributions are held and managed by the trustee, which invests cash received, interest and dividend income, makes distributions to participants, and administers the payment of interest and principal on the participant notes receivable.

E. RELATED PARTY TRANSACTIONS

The Company paid $400 and $680, respectively, for administrative fees to American Trust Company as the Plan service provider for the years ended December 31, 2022 and 2021. These administrative fees qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA. The Plan has a number of service providers. The Plan service provider and investment consultant receive indirect compensation for services, and the Company pays for other services, such as the accountant and attorney, when funds are not available from the forfeiture account. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

F. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The COVID-19 pandemic has significantly affected financial markets and the global economy during 2022 and 2021. The resulting unprecedented market volatility impacts the valuation of the Plan's investments. The extent of the economic impact on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

G. CARES ACT

On March 27, 2020, the Coronavirus Aid Relief and Economic Security (CARES) Act was passed by Congress to provide immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act could be made effective and placed in operations immediately, prior to amending the Plan document. The future effects on the Plan's net assets available for benefits and changes in nets assets available for benefits are uncertain.

H. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021.

	2022	2021
Net Assets Available for Plan Benefits per the Financial Statements	$ 4,311,240	$ 4,792,080
Employer's Contributions Receivable	(199,879)	(100,000)
Accounts Payable	-	8,901
Net Assets Available for Plan Benefits per the Form 5500	$ 4,111,361	$ 4,700,981

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statement to the Form 5500 for the year ended December 31, 2022.

	2022
Net (Decrease) in Net Assets Available for Benefits per the Financial Statements	$ (480,840)
Change in Employer's Contributions Receivable	(99,879)
Change in Participants' Contributions Payable	(8,901)
Net (Decrease) in Net Assets Available for Benefits per the Form 5500	$ (589,620)

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

I. SUBSEQUENT EVENTS

Events that occur after the Statement of Net Assets Available for Benefits date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the Statement of Net Assets Available for Benefits date are recognized in the accompanying financial statements. Subsequent events, which provide evidence about conditions that existed after the Statement of Net Assets Available for Benefits date, require disclosure in the accompanying notes. Management evaluated the activity of the Company through September 8, 2023 (the date the financial statements were available to be issued) and concluded that the following subsequent events required recognition in the financial statements and/or disclosure in the notes to the financial statements.

The COVID-19 pandemic continues to impact the financial markets and the global economy. The duration of the COVID-19 pandemic is difficult to access, as is its long-term impact to the Plan and Plan sponsor. The extent of the economic impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.
