INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Prairie Meadows Racetrack & Casino Employee 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Prairie Meadows Racetrack & Casino Employee 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRAIRIE MEADOWS RACETRACK & CASINO EMPLOYEE 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Prairie Meadows Racetrack & Casino Employee 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s information.

General—The Plan is a defined contribution plan covering substantially all employees of Prairie Meadows Racetrack & Casino, Inc. (“Prairie Meadows” or “Plan Administrator”) who have completed one year of at least 1,000 hours of service and are at least 21 years old. Effective October 1, 2022, the Plan was amended to allow employees who are at least 18 years old and have completed one month of service to participate in the Plan through elective deferrals. Participants are eligible for employer contributions after completing one year of at least 1,000 hours of service. In addition, on the effective date of the amendment, all participants who were either not deferring any portion of their salary or deferring less than 4.5%, were automatically increased to the automatic election deferral percentage of 4.5%, unless otherwise elected by the participant.

The management of Prairie Meadows controls and manages the operation and administration of the Plan. Principal Trust Company (“Principal”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions—Contributions to the Plan include (i) salary reduction contributions authorized by participants, (ii) matching contributions made by Prairie Meadows, (iii) discretionary contributions made by Prairie Meadows; and (iv) participant rollovers from another qualified plan. Participants have the option to make Roth elective salary reduction contributions to the Plan.

Participants may elect to contribute up to 70% of their compensation, as defined in the plan document, to the Plan each year. Such contributions are excluded from the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4.5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions; these additional contributions are ineligible for a matching contribution.

Prairie Meadows makes a matching contribution to each participant’s account. Prairie Meadows will make matching contributions up to 4.5% of the participant’s eligible compensation, as defined in the Plan document. Additional amounts may be contributed at the discretion of Prairie Meadows’ Board of Directors. Discretionary contributions were \$2,208,452 and \$1,901,862 for the years ended December 31, 2022 and 2021, respectively. The discretionary contributions are contributed to the Plan in the year subsequent to which they relate.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's and related matching contributions, and an allocation of Plan earnings, and, as applicable, Prairie Meadows' discretionary contributions. These accounts are charged with withdrawals, administrative expenses, and an allocation of Plan losses. Allocations are based on participant earnings and/or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants may direct the investment of both their contributions and employer contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan currently offers investment options for participants including mutual funds, collective trust funds, pooled separate accounts, and investment contracts.

Vesting—Participants are vested immediately in their contributions and actual earnings (losses) thereon. Participants vest in employer contributions and actual earnings (losses) thereon at the rate of 20% after completion of two years of service and 20% for each year of service thereafter. Participants become fully vested after six years of service.

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. The loans are secured by an assignment of a participant's vested interest in the Plan and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from 1 to 5 years. As of December 31, 2022, participant loans have maturities through 2027 at interest rates ranging from 3.25% to 7.50%.

Payment of Benefits—On termination of service with Prairie Meadows (including termination of service due to death, disability, or retirement), a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or the value may be used to purchase an annuity contract. At the participant's option upon the attainment of age 59 1/2 or older, the participant may withdraw all or part of the vested value of his or her account. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

Forfeited Accounts—When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to either reduce future employer contributions or pay plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$211 and \$381, respectively. During the years ended December 31, 2022 and 2021, employer contributions were reduced by \$312,176 and \$364,492, respectively, from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the plan document.

Administrative Expenses—Prairie Meadows has accepted responsibility for substantially all administrative and recordkeeping expenses of the Plan except administrative fees for loans and distributions and the annual administrative fee applied to the monthly balance of active participant accounts.

All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2022 and 2021.

Subsequent Events—Subsequent events were evaluated through September 15, 2023, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the certified financial information regarding the Plan as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Principal, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate.

¹The investment contracts are included in the statements of net assets available for benefits at fair value. Principal certified the investment contracts at contract value. The fair value of the investment contracts of \$290,308 as of December 31, 2022, and the related difference between fair value and contract value of (\$122,673) for the year ended December 31, 2022, are not certified. The difference between fair value and contract value is reflected in net appreciation (depreciation) in the statements of changes in net assets available for benefits. There were no investment contracts held in 2021.

Notes 4 and 5: All investment balances and investment information, excluding the level of investments in Note 4, Fair Value Measurements, and the unfunded commitment, redemption frequency, other redemption restrictions, and redemption notice period in Note 5, Net Asset Value (NAV) Per Share.

Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Investment Contracts—This investment option allows participants to purchase deferred income annuities. These assets can still be transferred in the future to other investment options within the Plan or surrendered and thus are considered unallocated assets from the perspective of the Plan. An annuity is considered an insurance contract under ASC 944, Financial Services – Insurance. Since these annuities cannot be sold, transferred, or assigned externally, there is limited market data to support valuation. The best proxy for fair value for plans are possible transactions involving participants and/or plan sponsors. Most participant and plan sponsor transactions that occur prior to the commencement of guaranteed income payments are realized at the lower of contract value (or return of premium) or an adjusted contract value that takes into account the current rates of interest available in the marketplace as well as mortality factors. As these investments are not fully benefit responsive, they are reported at fair value and are classified as Level 3 investments.

Collective Trust Funds and Pooled Separate Accounts—Valued at the net asset value of units of a bank collective trust or separate account. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust or separate account, the investment advisor reserves the right to temporarily delay withdrawal in order to confirm that securities liquidations will be carried out in an orderly business manner.

Included within the collective trust funds is a stable value fund. The stable value fund is a collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value fund, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021.

Fair Value Measurements at December 31, 2022, Using				
	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

Transfers between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, December 31, 2022 and 2021, there were no transfers between levels.

Changes to Fair Value of Level 3 Assets and Related Gains and Losses—The following table reconciles the beginning and ending balance of the fair value measurements using significant unobservable inputs (Level 3) during the year ended December 31, 2022. The Plan did not hold any investment contracts as of and during the year ended December 31, 2021.

	2022
Beginning balance - January 1	\$ -
Purchases	412,981
Total losses included in changes in net assets	<u>(122,673)</u>
Ending balance - December 31	<u>\$ 290,308</u>

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements—The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

As of December 31, 2022				
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Significant Input Values
Investment contracts	<u>\$ 290,308</u>	Discounted cash flows	Long duration interest rate ¹	5.97%
			Mortality rate ²	N/A

¹ Interest rate is calculated at the 30-year Maturity Treasury Rate, plus 2%.

² This input is based on an industry mortality table and a range does not provide a meaningful presentation.

5. NET ASSET VALUE (NAV) PER SHARE

The following tables set forth a summary of the Plan's investments whose values were estimated using a reported NAV at December 31, 2022 and 2021. There are no unfunded commitments to any of these investments.

Investment	Fair Value Estimated Using Net Asset Value per Share December 31, 2022

¹ Principal Life Insurance Company ("Principal Life"), the issuer, has the ability to apply a contractual limitation that delays the payment of withdrawal requests and provides for payment on a pro rata basis as cash becomes available for distribution, as determined by Principal Life.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including Prairie Meadows. Certain plan investments including the collective trust funds and separate accounts are managed by Principal Life Insurance Company and Principal Global Investors Trust Company, affiliates to Principal Trust Company, the trustee of the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, Prairie Meadows has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth

in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Principal Financial Group. Principal Financial Group received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the year ended December 31, 2022, the following is a reconciliation of certain financial line items per the financial statements to the Form 5500:

Net (depreciation) appreciation in fair value of investments per the financial statements	\$ (13,948,341)
Deduct net depreciation in fair value of investment contracts	<u>(122,673)</u>
Net investment gain (loss) per the Form 5500	<u><u>\$ (13,825,668)</u></u>
 Other expense per the financial statements	 \$ (1,699)
Add net depreciation in fair value of investment contracts	<u>(122,673)</u>
Other income per the Form 5500	<u><u>\$ (124,372)</u></u>
