Workers' Compensation Insurance Rating
Bureau of California 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Workers' Compensation Insurance Rating Bureau of California 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor’s Report on the 2021 Financial Statements

The financial statements of the Plan as of December 31, 2021, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 7, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

To the Retirement Committee of
Workers' Compensation Insurance Rating
Bureau of California 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Workers' Compensation Insurance Rating Bureau of California 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor’s Report on the 2021 Financial Statements

The financial statements of the Plan as of December 31, 2021, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 7, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Workers' Compensation Insurance Rating Bureau of California 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on July 1, 1988, and restated on January 1, 2018, to provide retirement benefits for employees of Workers' Compensation Insurance Rating Bureau of California, the Plan Sponsor (the "WCIRB"). The Plan is a defined contribution plan available to substantially all employees of the WCIRB who have attained eighteen years of age. There is no eligibility service requirement and employees are eligible to join the Plan upon meeting the age requirement. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 ("ERISA"), as amended, and certain provisions of the Internal Revenue Code ("IRC"). The Retirement Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the WCIRB's Governing Committee.

The Plan will be amended for the provisions implemented under the CARES Act and SECURE Act by the time prescribed.

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions

Participants may elect to contribute on a pre-tax basis or post-tax basis, either a percentage or set dollar amount of annual eligible compensation, as defined by the Plan agreement. Participants may elect to contribute up to 75% of their annual eligible compensation, subject to annual limits specified by the Internal Revenue Code ("IRC"). For the year ended December 31, 2022, the annual limitation was \$20,500. Participants who reached at least 50 years of age by the end of the calendar year are permitted to make additional catch-up contributions limited to \$6,500 for the year ended December 31, 2022. Participants are also allowed to rollover contributions from other qualified retirement plans.

The Plan provides for an auto-enrollment provision whereby all newly hired employees will be automatically enrolled at a contribution rate of 6% of eligible compensation on the date of hire unless the employee expressly elects not to make any salary contribution. All automatically enrolled employees may subsequently elect to stop or change the automatic contribution percentage.

The Plan also includes automatic escalation provisions for eligible employees to defer at least 1% of eligible compensation on a pre-tax basis which will be increased by 1% each plan year until the amount withheld reaches 12% of eligible compensation, unless contrary election is made by the participant. Effective November 1, 2021, the Plan was amended to change the contribution accelerator increase date from December 31st to January 31st of each plan year for new and existing participants.

Employer Contributions

Under the safe harbor contribution rules, the WCIRB makes mandatory matching contributions equal to 100% of salary deferrals (including catch-up contributions) that do not exceed 5% of eligible compensation, as defined in the Plan.

Notes to Financial Statements
December 31, 2022 and 2021

Participant Accounts

The Plan maintains an account for each participant which is credited with the participant's contributions, rollover contributions, the WCIRB's matching contributions, and allocations of Plan investment earnings or losses and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions and employer contributions, plus actual earnings thereon.

Participants who terminated prior to January 1, 2018 and who may have an unvested balance in the Plan vest in the WCIRB's contributions according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2	25%
3	50%
4	75%
5	100%

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their account balances among the funds available through the Plan.

Notes Receivable From Participants

Eligible participants may borrow from their vested account balance at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear fixed interest at the prime rate as established by the trustee. Principal and interest are paid ratably through regular payroll deductions. Pursuant to the CARES Act enacted in March 2020, eligible participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was reamortized and included any interest accrued during the period of delay. Any outstanding loan will become due and payable immediately upon death or reported for tax purposes to the deceased account. Participants who are terminated may continue to repay their loans or pay off their loans directly to the Plan trustee.

Payment of Benefits

Participants are eligible to receive distributions from the Plan upon reaching normal or early retirement age, termination of service, death or disability as a lump-sum distribution, a direct rollover distribution, or a combination of cash and direct rollover distribution equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum cash distribution. Participants may withdraw their entire vested account balance upon attaining the age of 59 ½. Participant accounts are payable at age 62 or upon disability, death, or termination of employment with the WCIRB. Benefit payments to the participant generally must begin by the later of the year after the participant attains age 72 or the year in which the participant terminates employment. A terminated participant, who has a vested account balance of less than \$1,000 will be distributed directly to the participant as a lump-sum payment.

Workers' Compensation Insurance Rating Bureau of California 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Forfeited Accounts

Any portion of a terminated employee's account that is not vested is forfeited subject to the possibility of reinstatement. Forfeitures may be used to pay any Plan administrative expenses or reduce future employer contributions to the Plan. There was no forfeited nonvested account balance at December 31, 2022 or December 31, 2021. During the year ended December 31, 2022, forfeitures were used to pay for the WCIRB's contributions of \$10,894.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants represent loans that are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the WCIRB and are excluded from these financial statements. Expenses paid from the Plan's assets are proportionately allocated to the accounts of all participants in the Plan. Such expenses include fees for recordkeeping services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Workers' Compensation Insurance Rating Bureau of California 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Risks and Uncertainties

The Plan provides for various investment options in any combination among the funds sponsored by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuation, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment values in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits as of December 31, 2022 and statement of changes in net assets available for benefits for the year ended December 31, 2022.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this standard are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the Plan's valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued at NAV of accumulation units held at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends, and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. The pooled separate account does not have unfunded commitments and is currently not subject to withdrawal limitations. If the Plan administrator initiates a full redemption of the pooled separate account, the issuer reserves the right to delay the disbursement for a period of up to thirty days in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy				
Mutual funds	\$ 32,233,245	\$ -	\$ -	\$ 32,233,245
Investments measured at net asset value				
Pooled separate accounts				9,206,664
Investments at fair value				<u>\$ 41,439,909</u>
2021				
	Level 1	Level 2	Level 3	Total
Total assets in the fair value hierarchy				
Mutual funds	\$ 42,094,032	\$ -	\$ -	\$ 42,094,032
Investments measured at net asset value				
Pooled separate accounts				13,410,874
Investments at fair value				<u>\$ 55,504,906</u>

As of December 31, 2022 and 2021, approximately 35% of the Plan's investment assets, were from two investment funds for each of the years then ended.

The following table sets forth additional disclosure of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

4. INFORMATION CERTIFIED BY THE TRUSTEE AND INSURANCE COMPANY OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company, Empower, formerly Prudential Retirement Insurance and Annuity Company ("Empower"), the insurance company, has certified the completeness and accuracy of all investments, fully benefit-responsive investment contract and notes receivable from participants presented in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022, and the related investment income and interest income earned on the notes receivable from participants presented in the accompanying statement of changes in assets available for benefits for the year ended December 31, 2022.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive guaranteed income fund contract with the insurance company. The insurance company maintains the contributions in a general account. The account is credited with earnings at guaranteed crediting rates and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Generally, there are no circumstances that could limit the ability of the Plan to transact at contract value or which would result in benefits to be paid out over an extended period of time. There are not any events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle an amount different than contract value paid either within 90 days or over time.

The Plan has determined that the contract value of this fund represents its fair value because there are not any specific securities in the general account that back the liabilities of this annuity contract and it would be inappropriate to look to the market value of the securities within the insurer's general account to determine a fair value. Also, because the Plan has the right to receive interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract, there are not any known cash flows that could be discounted. As a result, the contract value represents the fair value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

6. TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan adopted the Prudential Insurance Company of America Defined Contribution Prototype Plan and Trust that has received an opinion letter dated April 29, 2014, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in accordance with the applicable requirements of the IRC.

Notes to Financial Statements
December 31, 2022 and 2021

Effective January 1, 2022, the Plan was restated. In connection with the restatement, the Plan adopted the Prudential Insurance Company of America's Non-Standardized Pre-Approved Profit Sharing Plan which received a favorable opinion letter from the IRS dated December 4, 2020, in which the IRS stated that the Plan, as then designed, was in accordance with the applicable requirements of the IRC. The Plan has not received a determination letter; however, the plan administrator believes that the Plan is intended to be designed and is currently being operated in compliance with the applicable requirements of the IRC, and; therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Annuity Insurance Company, formerly, Prudential Retirement Insurance and Annuity Company, and the pooled separate accounts and fully benefit responsive investment contract are managed by Empower and affiliates. Empower is the insurance company, custodian and recordkeeper of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Empower provides certain administrative and recordkeeping services to the Plan pursuant to a services agreement. Empower receives revenue sharing from investment fund service providers for services it provides to the funds. These amounts may only be used to pay advisory, recordkeeping or third-party administration costs. If the revenue received by Empower from such investment fund service providers exceeds the amount owed under the services agreement, Empower remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses. Fees incurred and paid directly by the Plan to Empower for recordkeeping and administrative services are recorded as administrative expenses. The Plan also pays directly any other administrative expenses related to the Plan's operations if not paid by the WCIRB or through revenue sharing. The Plan paid approximately \$75,000 to Empower for administrative services provided for the year ended December 31, 2022, which is reported in the accompanying statement of changes in net assets available for benefits. Additionally, notes receivable from participants are considered to be party in interest transactions.

8. PLAN TERMINATION

The WCIRB has established the Plan with the expressed intention and expectation that it will continue the Plan. However, the WCIRB also reserves the right to terminate the Plan at any time, for any reason, subject to the provisions of ERISA. In the event of termination, no further contributions will be made to the Plan and all participants will be 100% vested in their accounts.

9. SUBSEQUENT EVENTS

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2022 for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through August 25, 2023, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure in these financial statements.
