Independent Auditor's Report

Participants, Quartz 401(k) Fiduciary Committee and Finance & Audit Committee
Quartz Health Solutions, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed audits of the financial statements of Quartz Health Solutions, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Quartz Health Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Quartz Health Solutions, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is intended to meet the requirements of Section 401(a) of the Internal Revenue Code (IRC) and qualify as a salary reduction plan. It is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA). It was established to provide retirement benefits to eligible employees of Quartz Health Solutions, Inc. (the Employer). The assets of the Plan are held for the exclusive benefit of the participating employees. The Human Resources Committee is responsible for oversight of the Plan. The Quartz 401(k) Fiduciary Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors of Quartz Health Solutions, Inc.

Participant contributions and eligibility: The Plan provides for pre-tax elective salary deferral contributions in amounts as a whole percentage of a participant's eligible compensation as defined in the Plan. Participants may contribute up to 80% of eligible compensation subject to certain IRC limitations. Participants may also make Roth (after-tax) elective deferrals in the same manner as the pre-tax elective deferrals. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan provides for certain automatic employee deferral provisions. An automatic deferral election equal to 6% of eligible compensation applies to all eligible participants unless otherwise elected by the participant. An automatic deferral rate increase equal to 1% of eligible compensation applies to all eligible participants deferring less than 10% of eligible compensation, unless otherwise elected by the participant. Such automatic 1% deferral rate increase will be applied to all affected participants on an annual basis each April 1 until such time as each participant's deferral election is equal to 10% or until the participant elects to opt out of the automatic increase provision.

An eligible employee is defined as any part-time or full-time employee who has been employed for 60 days or more, and attained age 18, or any temporary or limited-term employee who has attained age 18 and completed at least 1,000 hours of service in a 12-month period.

Employer contributions and eligibility: Each year, the Employer may make a discretionary matching contribution to the Plan, as determined by the Employer's Board of Directors. For the year ended December 31, 2022, the matching contribution was \$3,163,800. Effective January 1, 2023, the Board of Directors approved a change in the discretionary matching rate to be 100 percent on the first 4 percent of participant compensation contributed by the participant. The Employer may also make a discretionary profit sharing contribution to the Plan, as determined by the Employer's Board of Directors. Participants must complete at least 1,000 hours of service and must be employed on the last day of the Plan year to be eligible for any profit sharing contribution. For the year ended December 31, 2022, there was no profit-sharing contribution made. Contributions are subject to certain limitations.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Employer's matching contribution and allocations of the Employer profit sharing contributions and Plan earnings, and charged with withdrawals and allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Investment options: Participants direct the investment of all employee and Employer contributions into various investment options offered by the Plan. Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. Participants may change their investment options any time throughout the year.

Vesting: Participants are immediately vested in all pre-tax elective deferral contributions, Roth elective deferral contributions and rollover contributions, and the earnings thereon. Employer matching and profit sharing contributions, and the earnings thereon, become fully vested and non-forfeitable upon normal retirement, disability or death. A participant who terminates for any reason, other than the above, shall have a non-forfeitable right to a percentage of the accrued benefit derived from Employer contributions in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 3	0%
3 or more	100%

Forfeitures: Forfeited amounts arise from terminating participants who are not fully vested, plus any earnings or losses thereon, and shall be used to reduce future Employer matching contributions to the Plan. At December 31, 2022 and 2021, forfeited non-vested accounts remaining to offset future contributions were approximately \$310,900 and \$249,700, respectively. For the year ended December 31, 2022, Employer contributions were reduced by approximately \$74,400 from forfeited non-vested accounts.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to \$50,000, or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined quarterly by the Plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one loan outstanding at any given time. All loans must be repaid within five years unless the loan is used for the purchase of a primary residence, in which case, the loan must be repaid within 10 years.

Payment of benefits: On termination of service due to retirement, death, disability or termination of employment, a participant may elect to receive the value of the vested interest in his or her account in a lump sum amount. Periodic installment payments are permitted only to participants subject to required minimum distribution payments. In addition, hardship or in-service distributions of vested benefits may be received in accordance with the Plan's provisions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Quartz Health Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Quartz 401(k) Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis, and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits paid to participants are recognized when paid.

Administrative expenses: The Employer paid for administrative expenses covering services rendered by the trustee, record-keeper and other service providers through early 2022, and then were paid by the Plan. All other administrative fees are paid for by the Plan.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 15, 2023, the date on which the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Trustee of the Plan

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that were prepared by or derived from information provided by Empower Trust Company LLC and Great-West Trust Company, LLC, respectively, the trustee, and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from Empower Trust Company LLC as of December 31, 2022, and Great-West Trust Company, LLC as of December 31, 2021, that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2022	2021
Investments:		
Mutual funds, at fair value	\$ 33,996,577	\$ 45,297,651
Collective trust funds	57,298,765	66,745,769
Notes receivable from participants	511,203	498,132

Quartz Health Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified and Provided by the Trustee of the Plan (Continued)

Empower Trust Company LLC also certified to the completeness and accuracy of \$21,832,618 of net depreciation in fair value of investments, \$1,649,220 of interest and dividends and \$23,561 of interest on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical asset or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted priced for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived, principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Collective trust funds are composed primarily of fully benefit-responsive investment contracts and are valued based on the NAV of the units of the collective trust funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 33,996,577	\$ -	\$ -	\$ 33,996,577
Investments measured at NAV (a)				57,298,765
Investments at fair value				<u>\$ 91,295,342</u>

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 45,297,651	\$ -	\$ -	\$ 45,297,651
Investments measured at NAV (a)				66,745,769
Investments at fair value				<u>\$ 112,043,420</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net assets value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments measured using the NAV per share practical expedient: The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

	2022			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust funds:				
Small Cap Growth	\$ 2,281,925	\$ -	30 days	None
Target date funds	50,173,900	-	Immediate	30 days
Putnam Stable Value Fund	4,842,940	-	Up to 12 months	60 days
	<u>\$ 57,298,765</u>	<u>\$ -</u>		

	2021			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust funds:				
Small Cap Growth	\$ 3,293,912	\$ -	30 days	None
Target date funds	59,459,442	-	Immediate	30 days
Putnam Stable Value Fund	3,992,415	-	Up to 12 months	60 days
	<u>\$ 66,745,769</u>	<u>\$ -</u>		

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Quartz Health Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Plan management has evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

Note 5. Parties-In-Interest and Related-Party Transactions

Empower Retirement, LLC, an affiliated entity with Empower Trust Company LLC, provides recordkeeping and administrative services to the Plan. Empower Trust Company LLC is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid were approximately \$115,700 for the year ended December 31, 2022.

The Plan allows Plan participants to take out loans, classified as notes receivable from participants, which are considered party-in-interest transactions.

Certain accounting and administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. In addition, the Employer pays outside administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Employer adopted the Defined Contribution Prototype Plan and Trust of Great-West Trust Company, LLC. Great-West Trust Company, LLC has legally changed their name to Empower Trust Company LLC during 2022, but did not refile for an updated Internal Revenue Service (IRS) opinion letter for the name change. Therefore, the existing opinion letter for Great-West Trust Company, LLC is to be relied upon for the prototype plan adopted by the Plan. The Great-West Defined Contribution Prototype Plan has received an opinion letter from the IRS as to the Prototype Plan's qualified status. The Prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since the prototype plan received the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
