INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Newport Hotel Group, LLC 401k Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Newport Hotel Group, LLC 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NEWPORT HOTEL GROUP, LLC 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of Plan

The following description of the Newport Hotel Group, LLC 401k Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution 401k plan covering all employees of the Newport Hotel Group, LLC and affiliates (First Beach, LLC; Inn on the Square, LLC; West Main Hotel Investors, LLC; Harborview Hotel Investors, LLC; Jondoug LLC; 30 Whalley Ave Associates, LLC; Ocean Mist, LLC; Snake River Lodge Hotel Investors, LLC; BHI, LLC; BROI, LLC and Nantasket NHG, LLC) (the Employer) who have completed nine months of service (1,000 hours within the period) and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). A member of the Employer's management serves as the trustee to the Plan. Empower Annuity Insurance Company of America and Empower Trust Company, LLC (Empower) is the custodian. Empower was formerly known as Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC.

On April 6, 2023, the Employer sold First Beach, LLC.

Contributions

Each year, participants may contribute a percentage of their eligible compensation, not to exceed annual limitations as provided by the Internal Revenue Service (IRS). The limitation was \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively. Participants age 50 and older may make catch-up contributions up to \$6,500 for the years ended December 31, 2022 and 2021. Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan also allows for after-tax Roth contributions to the Plan. The Plan offers an automatic enrollment feature. Participants are automatically enrolled in the Plan after meeting eligibility requirements at a rate of 4% of eligible compensation. This rate is automatically increased by 1% each January, up to a maximum of 10%. Participants may elect out.

The Employer matching contribution is calculated as 10% of the first 4% of eligible compensation that a participant contributes to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's matching contributions, (b) Plan earnings and losses and (c) certain Plan administration costs not covered by the Employer. Allocations are based on individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NEWPORT HOTEL GROUP, LLC 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

Vesting

Participants are immediately vested in their voluntary contributions and actual earnings on those contributions. Participants become vested in the Employer contributions and the actual earnings on those contributions as follows: 20% after 2 years, 40% after 3 years, 60% after 4 years, 80% after 5 years, and 100% after 6 years. In the event of death, disability or attainment of retirement age, the participant shall immediately become 100% vested in his/her account.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are only allowed to have two outstanding loans at a time. Note terms range from 1 to 5 years, or up to a period of 15 years for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at rate of prime plus 2%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) can elect to receive a single lump-sum or partial distribution, a distribution in installments, rollover the balance to a qualified retirement account, or defer receiving payments until age 70½.

Participant vested account balances that are \$5,000 or less upon termination are to be automatically distributed from the Plan. If a participant's vested balance is equal to or less than \$1,000 or the terminated participant has reached age 62, the participant will receive an immediate cash-out of their vested account balance. If a participant's vested balance exceeds \$1,000 and is equal to or less than \$5,000 and is below age 62, the amount will be rolled over to an individual retirement account designated by the Employer unless otherwise directed by the participant.

If a participant has reached age 59½, distributions may be made, at the participant's election, from any accounts which are 100% vested without requiring the participant to terminate employment.

Participants may request a financial hardship withdrawal from their accounts, subject to the limitations imposed by the Internal Revenue Code. The minimum permitted hardship withdrawal is \$500.

On July 22, 2022, the Plan was amended to implement provisions of the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE) Act, which increased the age of the required distributions to begin from 70 1/2 to 72, in addition to other RMD provision changes.

NEWPORT HOTEL GROUP, LLC 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

Forfeitures

When terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are removed from a participant's account upon the earlier of obtaining five consecutive breaks in service or upon taking a distribution from the Plan. A break in service occurs when a participant is credited with less than 501 hours of service in a given year. Forfeitures are available to reduce future Employer contributions or to pay administrative expenses of the Plan. There were \$23,173 and \$17,654 of forfeitures available to reduce future Employer contributions at December 31, 2022 and 2021, respectively. There were no forfeitures used during 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are reported at fair value, except for the group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value represents investments at cost plus accrued interest income, less amounts withdrawn to pay benefits. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company (Note 3 and 4).

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest and are secured by the balance in the respective participant's account. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent notes receivable from participants are reclassified as distributions based on terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

NEWPORT HOTEL GROUP, LLC 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

Excess Contributions Refundable

If applicable, amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributes the excess contributions to the applicable participants in the subsequent year.

Contributions

Employer and participant contributions are recorded weekly when the Employer remits the payroll deductions for investment into the Plan.

Payment of Benefits

Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Expenses

Expenses incurred in the administration of the Plan are paid by the Employer, unless the Employer directs that such expenses shall be paid by the Plan. Expenses that are paid by the Company are excluded from these financial statements. Participant notes receivable set-up and maintenance fees are paid directly by the participants through a reduction in their account and are included in administrative expenses. Investment management and recordkeeping fees, if applicable, are paid by the Plan through revenue sharing as a reduction of investment income (net appreciation or depreciation) from the related investment fund.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Financial Instruments with a Concentration of Credit Risk

The Plan's investments are held by a single custodian. The Plan's exposure to credit risk is associated with the outside entity's non-performance of their fiduciary responsibilities relating to these amounts as specified in the agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

NEWPORT HOTEL GROUP, LLC 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

Subsequent Events

Management has evaluated subsequent event through September 11, 2023, which is the date these financial statements are available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Money Market Fund: The carrying amount of the money market fund is deemed to be valued at deposit amount plus accrued interest, as determined according to stated terms.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NEWPORT HOTEL GROUP, LLC 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

The Plan's level 1 investments at December 31, 2022 and 2021 are reported at fair value in the accompanying Statements of Net Assets Available for Plan Benefits as follows:

	2022	2021
Money market fund	\$ 65,610	\$ 22,937
Mutual funds	4,496,325	5,211,968
Total	<u>\$ 4,561,935</u>	<u>\$ 5,234,905</u>

4. Fully Benefit-responsive Investment Contracts

The Plan's investment in the Empower Guaranteed Portfolio Fund is a fully benefit-responsive investment contract. The crediting interest rate was .93% and .90% as of December 31, 2022 and 2021, respectively. The crediting interest rate is based on a formula agreed upon with the issuer and is reviewed on a quarterly basis for resetting.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. Certain events limit the Plan's ability to transact with Empower. Such events include the following: amendments to the Plan documents, changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Employer or other Employer events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. The synthetic investment contract held by the Plan includes wrapper contracts that provide a guarantee that the credit rate will not fall below 0%. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in each contract that adjusts renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. The contract value of the synthetic investment contract as of December 31, 2022 and 2021 was \$48,512 and \$31,331, respectively.

NEWPORT HOTEL GROUP, LLC 401K PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

5. Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan or contributions thereto, at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants. Any Plan termination would be subject to the provisions of ERISA. In the event of Plan termination, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

6. Income Tax Status

The Plan is an adoption of a non-standardized prototype plan that received an opinion letter dated June 30, 2020 in which the Internal Revenue Service (IRS) determined the Plan was operating in accordance with the applicable sections of the Internal Revenue Code (IRC). The Employer believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Summary of Financial Data Certified by the Custodians

The following is a summary of financial information and data certified by the custodians, Empower and Great-West Life and Annuity Insurance Company and Great-West Trust Company, LLC (Great-West),

Statements of Net Assets Available for Plan Benefits at December 31, 2022 (Empower) and 2021 (Great-West);

Investment income, interest income from participant notes receivable and net depreciation in fair value of investments on the Statements of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2022; and

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2022.

8. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

9. Related Party Transactions and Party-in-Interest Transactions

Plan investments are held and managed by Empower, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payment to Empower for administrative services of approximately \$22,500 for the year ended December 31, 2022. Participant notes receivable also qualify as party-in-interest transactions. A member of the Employer's management serves as the trustee to the Plan.
