INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Specialty Systems 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Specialty Systems 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Specialty Systems 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Specialty Systems 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Specialty Systems 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Specialty Systems 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Specialty Systems 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Specialty Systems 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following brief description of the Specialty Systems 401(k) Plan (the "Plan") is provided for information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective August 1, 1980 and most recently restated May 4, 2021. The Plan is a defined contribution plan covering substantially all employees of Specialty Systems Inc. (the "Company" or "Plan Sponsor"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986 (the "IRC"), as amended.

Eligibility Requirements

Employees of the Company are eligible to participate in the plan following attainment of 21 years of age. Eligible employees may enter into the plan on the first day of the month following satisfaction of eligibility requirements.

Contributions

Participants may elect to have contributions made on a pre-tax basis of not more than 90% of compensation. Participants may also elect to contribute an additional amount on a Roth or after-tax basis. After-tax contributions are limited to 10% of compensation. Participants who have attained age 50 are allowed to make catch-up contributions as defined in the Plan. Total participants' pre-tax, Roth, after-tax, and catch-up contributions, as applicable, may not exceed amounts in accordance with Internal Revenue Service ("IRS") guidelines.

Participants may transfer to the Plan account part or all of an "eligible rollover distribution" received from a prior employer's qualified plan.

The Company is authorized to make discretionary matching employer contributions and nonelective employer contributions, as defined in the Plan. Employees of the Company employed as of the last day of the plan year who have earned at least 501 hours of service during the plan year are eligible for the discretionary matching employer contributions and nonelective employer contributions. While there was no nonelective employer contributions made for the plan year ended December 31, 2022, discretionary matching employer contributions totaled \$375,995.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of Plan earnings. Plan earnings are allocated to participants based on each participant's share balance as a percentage of the Plan's total share balances. Participant accounts are reduced by withdrawals, losses on investments, any forfeitures and allocation of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

Vesting

Personal contributions of the participants and any allocated amounts of interest, dividends, and net capital gains or losses thereon are fully vested. Discretionary matching employer contributions and nonelective employer contributions follow a six-year graded vesting schedule commencing at second year of service. In February 2022, the Plan was amended to recognize the service period that the participants had with the following predecessor employers: Coruvs Consulting LLC, Merrison Technologies LLC, and MFSI Government Group.

Specialty Systems 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Payment of Benefits

In the event of termination of employment, retirement, death, or disability, all of the participant's vested contributions and earnings thereon will be paid at the participant's option (subject to spousal consent) either in a lump-sum distribution or over a specified period in equal cash installments. Participants with vested balances less than \$5,000 will receive an automatic lump sum payment of benefits. The Plan also provides for hardship withdrawals from a participant's deferral contributions sub-account and earnings thereon.

Administrative Expenses

Certain fees and other expenses relating to the administration of the Plan were paid directly by the Plan Sponsor and are not included in the accompanying financial statements. Fees relating to notes receivable from participants are paid by the Plan through participant deductions and are reflected as administrative expenses. Administrative expenses amounted to \$8,921 for the year ended December 31, 2022.

Notes Receivable from Participants

Participants may borrow from their account not to exceed the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate at the time of the note as determined by the Plan administrator. Interest rates ranged from 4.25% to 5.75% as of December 31, 2022.

Forfeited Accounts

Forfeitures are retained in the Plan and used to pay administrative expenses and reduce future employer contributions. During 2022, forfeitures of \$6,982 and \$-0- were used to fund employer contributions and pay for administrative expenses, respectively. At December 31, 2022 and 2021, the balance in the Plan's forfeiture account totaled \$685 and \$7,658, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). Under this method of accounting, contributions and investment income are recorded when earned, and expenses are recorded when incurred.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value and are held by Fidelity Management Trust Company (the "Trustee"), which has been designated as both the trustee and custodian. The Plan invests in the Fidelity Managed Income Portfolio ("MIP") stable value common/collective trust fund. The Plan's interest in the MIP is valued at the net asset value ("NAV") practical expedient of the underlying investments reported by the issuer of the common/collective trust at year-end. The practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported net asset value. The underlying assets owned by the MIP consist primarily of readily marketable fixed income securities. The redemption frequency for the MIP is daily and there are no unfunded commitments as of December 31, 2022 and 2021, respectively.

Specialty Systems 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year. Purchases and sales of securities are recorded as of their trade date. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Participant level transactions can take place daily, but plan level liquidations require notices to the Trustee. Investment transactions are recorded on a trade-date basis. Gains and losses on sales of investments are based on the average cost method. The net depreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the total change in unrealized gains (losses) of investments held at year-end plus realized gains (losses) on investments sold during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued interest. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Trustee has certified the completeness and accuracy of all investments and notes receivable from participants as of December 31, 2022 and 2021 in the accompanying statements of net assets available for benefits and the net depreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2022 in the accompanying statement of changes in net assets available for benefits, as well as the supplemental schedule of assets (held at end of year) as of December 31, 2022. No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule. Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

4. FAIR VALUE ACCOUNTING

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

Specialty Systems 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Common collective trust: The common collective trust is valued at the net asset value as provided by the Trustee which represents a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities.

Registered investment companies and interest-bearing cash: Shares of registered investment companies and interest-bearing cash (money market mutual fund) are valued based on the quoted market prices that are available on an active market. These are priced daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

2022				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 2,495,991	\$ -	\$ -	\$ 2,495,991
Registered investment companies	14,838,249	-	-	14,838,249
Investments measured at net asset value*				483,838
Total investments at fair value	<u>\$ 17,334,240</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,818,078</u>
2021				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 2,416,938	\$ -	\$ -	\$ 2,416,938
Registered investment companies	17,891,772	-	-	17,891,772
Investments measured at net asset value*				379,090
Total investments at fair value	<u>\$ 20,308,710</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,687,800</u>

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Specialty Systems 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021**

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are registered investment companies and common/collective trust managed by Fidelity Management Trust Company which is the Trustee as defined by the Plan. In addition, the Plan paid fees for administrative expenses of \$8,921. These transactions and notes receivable from participants qualify as party-in-interest transactions. Investment fees paid to the Trustee are included in net depreciation in fair value of investments and are not readily determinable.

6. INCOME TAX STATUS

The Plan is qualified under provisions of the IRC and is exempt from federal income taxes. The IRS has determined and informed the Plan Sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

7. RISKS AND UNCERTAINTIES

The Plan provides for investments in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 15, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred which would require disclosure in the financial statements.
