INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
World Energy 401(k) Plan:

Scope and Nature of the ERISA Section 103(A)(3)(C) Audit

We have performed an audit of the financial statements of World Energy 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of World Energy 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of World Energy 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about World Energy 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of World Energy 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about World Energy 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters- Supplementary Schedule Required by ERISA

The supplementary schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedule, we evaluated whether the supplementary schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedule, other than the information in the supplementary schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

World Energy 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of World Energy 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering eligible employees of WMG Services, LLC (the "Plan Sponsor") and its affiliated companies (collectively, the "Company"). All covered employees ages 21 or older are eligible to participate in the Plan upon hire date for purposes of salary deferrals and employer matching contributions. All covered employees ages 21 and older are eligible to participate for purposes of profit-sharing contributions after one year of service. The Board of Trustees is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute to the Plan up to a maximum of 100% of their eligible salary, subject to Internal Revenue Code limitations, through salary reduction agreements with the Company. Further, participants who attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions, subject to Internal Revenue Code limitations. The Company may provide a discretionary matching contribution and a discretionary profit-sharing contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, commonly referred to as rollovers. For the year ended December 31, 2022, the employer discretionary matching contribution amounted to \$1,137,321 and there was no discretionary profit-sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of employer contributions and Plan earnings and is charged with allocations of administrative expenses. Allocations are based on participant earnings, accounts balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Participants vest 20% each year after two years of service and become 100% vested in employer matching and profit-sharing contributions plus earnings thereon after six years of service.

Forfeitures

Forfeitures are retained in the Plan and are used to reduce employer contributions. In addition, forfeitures may also be used to pay administrative expenses. As of December 31, 2022 and 2021, forfeited non-vested accounts were \$35,239 and \$6,764, respectively. Forfeitures of \$101,737 were used to fund employer contributions and pay administrative expenses during the year ended December 31, 2022.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. Loans for the purchase of a principal residence may be repaid over twenty-five years. Loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the then prime rate plus 1%. On December 31, 2022, the interest rate on the outstanding loans ranged from 4.25% to 8.5%. Participants may have a maximum of two loans outstanding at any one time. Principal and interest are paid ratably through payroll deductions.

December 31, 2022 and 2021

Payment of Benefits

Upon termination of service or upon death, separation of service, disability or retirement, a participant has the option of receiving either periodic payments, partial payments, or a lump-sum payment amount equal to the vested value of his or her account. Further, in-service withdrawals from the Plan are available for special hardship reasons and after attaining the age of 59½. There have been no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid at December 31, 2022.

Investment Options

Participants direct the investment of their contributions into their choices of investment options offered by the Plan. Company contributions are invested as directed by the participants.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator works with the Plan's investment advisors and custodian to determine the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on sale of investments are based on the average cost method. The net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits includes the total change in unrealized gains (losses) of investments held at year end plus realized gains (losses) on investments sold during the year. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in the net appreciation of fair value of investments. Administrative expenses totaled \$107,043 for the year ended December 31, 2022.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Notes to Financial Statements
December 31, 2022 and 2021

If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The following investment information, for which no auditing procedures were performed, included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian as of December 31, 2022 and 2021, and for the year ended December 31, 2022. In connection with this certification, the Plan administrator instructed the independent qualified public accountants not to perform, and they did not perform, any auditing procedures with respect to certified investments and investment activity, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2022 and 2021.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standard Codification ("ASC") 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgement or estimation. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

World Energy 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following is a description of the valuation methodologies used for Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Registered investment companies - shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Common collective trusts - common collective trusts are valued at the net asset value units of a bank collective trust. The net asset value, as provided by the custodian, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022			
	Level 1	Level 2	Level 3
Registered investment companies	<u>\$ 19,214,444</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*			<u>568,164</u>
Total investments, at fair value			<u>\$ 19,782,608</u>

2021			
	Level 1	Level 2	Level 3
Registered investment companies	<u>\$ 19,911,518</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at net asset value*			<u>484,000</u>
Total investments, at fair value			<u>\$ 20,395,518</u>

*In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

World Energy 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021 respectively.

December 31, 2022				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Funds	\$ 568,164	N/A	Daily	30 days
December 31, 2021				
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trust Funds	\$ 484,000	N/A	Daily	30 days

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of levels 1, 2 or 3.

5. INCOME TAX STATUS

The Plan is qualified under provisions of the Internal Revenue Code ("IRC") and is exempt from federal income taxes.

The Plan has adopted a volume submitter profit sharing plan. The Internal Revenue Service has determined and informed the provider of the volume submitter plan by a letter dated June 30, 2020, that the volume submitter plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the letter was received, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Administrative expenses paid by the Plan amounted to \$107,043 for the year ended December 31, 2022. In addition, certain investment related expenses have been offset with net investment income and are not readily determinable. Notes receivable from participants represent exempt party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Sponsor or its subsidiaries. No such officer or employee receives compensation from the Plan.

Audit fees for the required audit of the Plan's financial statements are paid directly by the Sponsor.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will have a fully vested and non-forfeitable interest in his or her accounts.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

Management has evaluated all other subsequent events through September 1, 2023, the date the financial statements were available to be issued. There are no recognized or non-recognized subsequent events that existed at the statement of net assets available for benefits date which are necessary to disclose to keep the financial statements from being misleading.
