NDBT 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of NDBT 401(k) Plan, the "Plan", an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NDBT 401(K) PLAN
Notes to the Financial Statements
December 31, 2022 and 2021

Note 1 – Description of the Plan

The following description of the NDBT 401(k) Plan, (the “Plan”) (formerly the North Dallas Bank & Trust Co. Thrift and Savings Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was originally established on January 1, 1979, to provide financial benefits for eligible employees of North Dallas Bank & Trust Co. (the “Company”). The Plan is a defined contribution plan qualified under Section 401(k) of the U.S. Internal Revenue Code (“IRC”) covering all employees of Company. Effective January 1, 2016, the Plan was amended and restated, and most recently amended effective May 20, 2019. There were no substantial changes in Plan provisions as a result of the restatement. The Company’s Thrift and Savings Committee (the “Committee”) is responsible for oversight of the Plan.

Employees who have completed six months of service are eligible to participate in the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Amendment

The Company may amend the Plan at any time provided that no amendment will divert any part of the Plan’s assets to any purpose other than for the exclusive benefit of the participants in the Plan or eliminate an optional form of distribution.

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of termination, all amounts credited to participants’ accounts will be fully vested and will be paid to the participants.

Effective January 1, 2022, the Plan was amended and restated to change the name of the Plan and comply with the requirements of the hardship distribution and SECURE, CARES, and CAA final regulations. Effective January 1, 2023, the Plan was amended to change the eligibility service requirement from six months of service to three months of service.

Contributions

Participant’s contributions are subject to a maximum dollar limit as determined under IRC regulations. Participants may also contribute amounts representing distributions from other qualified plans.

Employer contributions include the greater of a Safe Harbor Matching or an employer matching and an employer discretionary profit-sharing contribution. The Safe Harbor Matching contribution equals one hundred percent (100%) of the employee’s salary deferral up to three percent (3%) of their annual compensation, and fifty percent (50%) of the employee’s salary deferrals that exceed three percent (3%), but not five percent (5%) of their annual compensation. The employer matching contribution equals up to the first six percent (6%) of the participants’ pre-tax compensation if defined profit levels are met based on the following schedule:

<u>Participant’s Years of Service</u>	<u>Employer Contribution as a Percentage of a Participant’s Contribution</u>
Less than 5	50.0%
5 – 10	87.5%
10 – 15	125.0%
15 – 19	162.5%
20 or more	200.0%

NDBT 401(K) PLAN
Notes to the Financial Statements
December 31, 2022 and 2021

Note 1 – Description of the Plan (continued)

For the year ended December 31, 2022, the Company made matching contributions in accordance with the Plan. The Company's matching contributions amounted to \$409,613 and safe harbor contributions amounted to \$511,129 for the year ended December 31, 2022.

The Company may also make additional discretionary contributions. For the year ended December 31, 2022, the Company made no discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions and Plan earnings. Each participant's contributions are invested separately according to the participant's investment direction so that each participant's account realizes appreciation and depreciation based on related investment performance. Plan earnings are calculated and credited to participant's account on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Administration

The Plan is administered by the Plan Administrator who is appointed by management of the Company. The Plan's custodian, Empower Trust Company, LLC, a subsidiary of Empower Annuity Insurance Company of America, (formerly Great-West Trust Company, LLC, a subsidiary of Great-West Life & Annuity Company) is responsible for the custody and management of the Plan's assets.

Vesting

Participants are immediately vested in their voluntary and rollover contributions as well as the Safe Harbor Matching contributions plus actual earnings thereon. Employer matching contributions and employer discretionary profit-sharing contributions vest 100% after three years of employment.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow a minimum of \$1,000 and the maximum of the lesser of one-half of the vested account balance or \$50,000. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence (but in no case more than 10 years). The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Participant loans outstanding as of December 31, 2022 had interest rates ranging from 4.25% to 8%, and maturity dates ranging from October 2022 to January 2028. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, participants may receive the value of the participant's vested balance in his or her account. Participants may elect to defer distributions until retirement except for balances less than \$5,000.

NDBT 401(K) PLAN
Notes to the Financial Statements
December 31, 2022 and 2021

Note 1 – Description of the Plan (continued)

Forfeitures

When certain terminations of participants in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are allocated to participants in the same manner as employer matching contributions. No forfeitures were allocated to participants during the year ended December 31, 2022. Unallocated forfeitures at December 31, 2022, amounted to \$2,123.

Expenses

Certain costs of administering the Plan are paid by the Company and are therefore not reflected in the Plan's financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as determined by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Note 3 – Information Prepared and Certified by the Custodian of the Plan

The following information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivables from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022 was obtained by management and agreed to or derived from information certified to as complete and accurate by the Empower Trust Company, LLC.

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 25,485,278	\$ 30,020,484
Notes receivable from participants	44,831	53,972
Net depreciation in fair value of investments	(3,618,415)	

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived primarily from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 – Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value				
As of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$25,485,278	\$ -	\$ -	\$ 25,485,278
Investments at fair value	\$25,485,278	\$ -	\$ -	\$ 25,485,278

Assets at Fair Value				
As of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$30,020,484	\$ -	\$ -	\$ 30,020,484
Investments at fair value	\$30,020,484	\$ -	\$ -	\$ 30,020,484

Note 5 – Related Party and Party in Interest Transactions

Officers or employees of the Company perform certain administrative functions. No such officer or employee receives compensation from the plan. Certain administrative fees related to the administration of the plan were paid by the plan or by the Company. Administrative fees paid directly by the Company amounted to \$70,966 during year ended December 31, 2022.

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These transactions qualify as party in interest transactions.

Note 6 – Tax Status

The Internal Revenue Service has issued a letter dated June 30, 2020, stating that the Plan is acceptable under Section 401 of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS.

Notes 7 – Risks and Uncertainties

The Plan invests in various mutual funds. Investments in mutual funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain mutual funds, it is at least reasonably possible that changes in the values of mutual funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Notes to the Financial Statements
December 31, 2022 and 2021

Note 8 – Subsequent Events

The Plan has evaluated all subsequent events and transactions through September 12, 2023, the date the financial statements were issued. The Plan has determined that there are no subsequent events that require recognition or disclosure in the financial statements, except for the Plan amendment indicated in Note 1.
