AWG RESTATED 401(k) PLAN

FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
DECEMBER 31, 2022 AND 2021

INDEPENDENT AUDITORS' REPORT

The Plan Administrator and Participants of AWG Restated 401(k) Plan
Kansas City, Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of AWG Restated 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair

presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets as of December 31, 2022, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AWG RESTATED 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the AWG Restated 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) established January 1, 1989. The Plan is open to nonunion employees of Associated Wholesale Grocers, Inc. (the “Company”), and certain other employees of their wholly-owned subsidiaries. Bank of America, N.A. is the Plan’s trustee, and Merrill Lynch, Pierce, Fenner & Smith Incorporated, a subsidiary of Bank of America Corporation, is the Plan’s recordkeeper.

Eligibility – All full-time, nonunion employees of the Company and certain employees of its wholly-owned subsidiaries are eligible to participate in the Plan upon completion of 3 months of service, and attainment of the age 21. Once the eligibility conditions have been met, an employee may join the Plan at any time.

Participant Contributions – Participants may elect to contribute up to 30% of their compensation as defined in the Plan Document, subject to certain Internal Revenue Code (“IRC” or “Code”) provisions. New employees are automatically enrolled in the Plan, and contribute 4% of their eligible wages, unless the employee opts out of participation, or chooses a different deferral rate. Each successive year on January 1, the deferral will increase by 1%, to a maximum amount of 10%.

Employer Contributions – The Company may make discretionary matching and/or discretionary fixed dollar contributions. These contributions are determined by the President of the Company based on the Company’s performance for the year. In 2022, the fixed-dollar contributions totaled \$1,000 per participant, and the matching contribution equaled a dollar-for-dollar match on each participant’s contributions, up to 3% of their eligible compensation. A participant is eligible for the matching contribution if they are employed on the last day of the year, and contributed to the Plan. A participant is eligible for the fixed-dollar contribution if they are employed on the last day of the year, and worked 1,000 hours during the year.

Stated Employer Contributions – The Company sponsors a defined benefit plan that was frozen to new participants effective October 31, 2012. As a result, this Plan was amended effective January 1, 2013, to provide for stated employer contributions to eligible employees who are hired on or after November 1, 2012.

These new employees become eligible for the stated match on the first day of January or July coincident or next following the date the employee satisfies all of the following requirements:

- The employee has been credited with one year of service,
- Employee’s original date of employment was at least one year prior to such date, and
- Employee has attained age 21.

In order to receive the stated employer contribution, an employee must have 1,000 hours of service during the Plan year. The stated employer contributions consist of the following:

- A dollar-for-dollar matching contribution up to 4% of elective deferrals.
- A 4% profit sharing contribution based on each employee's eligible compensation.

Employees who are eligible for the stated employer contributions also receive the discretionary matching and fixed-dollar contributions, if declared.

Participant Accounts – Each participant's account is credited with the participant's contribution and Company contributions, and Plan earnings or losses, based on the investment balances of each participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, a participant directs the employee and employer contributions to various investment funds offered by the Plan.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Forfeitures – Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The 2022 employer contribution is offset by \$700,000 in available forfeitures. The balance in forfeitures at December 31, 2022 and 2021, was \$469,854 and \$740,745, respectively.

Payment of Benefits – Upon termination of employment, the participant, or in the case of death, the participant's beneficiary, may elect to receive the participant's account balance in a single lump sum in accordance with the Plan document, or maintain the assets in the Plan until a later date, subject to certain IRC regulations. In the event that a participant terminates employment, and their account balance is less than \$5,000, the balance will automatically be distributed to the participant, in a single lump sum, or rolled over into an IRA.

In-Service Withdrawals – Certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to the Plan participants for reasons as defined in the Plan Document. A participant may also withdrawal money from his or her rollover or transfer account at any time.

Participants who have obtained the age of 59½ may elect to receive a distribution of all or any portion of their vested account balances in a single lump sum payment.

Notes Receivable from Participants – Participants may borrow from their fund accounts, after one year as a participant, the lesser of (a) \$50,000, or (b) 50% of the participant's vested account balance. The minimum that may be borrowed is \$1,000 and a participant may have only one outstanding loan at any time. Loans to participants bear a reasonable interest rate determined by the Plan Administrator. Participant loan fees are paid by individual Plan participants. Each participant initiating a loan from his or her account is charged \$100.

Administrative Expenses – Certain costs and expenses incurred in administering the Plan are paid by the Company. Administrative expenses paid by the Plan totaled \$119,374 for 2022.

Plan Transfers – Participants of the AWG – Nebraska Collective Bargaining Unit 401(k) Plan and the Valu Merchandisers Company 401(k) Plan who become full-time employees of the Company may transfer their account into this Plan. There were transfers of \$939,662 into the Plan from the AWG – Nebraska Collective Bargaining Unit 401(k) Plan and Valu Merchandisers Company 401(k) Plan in 2022. There was also a transfer of \$3,723 from this Plan to the Valu Merchandisers Company 401(k) Plan in 2022.

Termination of the Plan – Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. In the event that the Plan should be terminated, all participants become 100% vested in their account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are valued at fair value, based on published prices of the underlying investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Based on such treatment of delinquent participant loans, no allowance for doubtful accounts is considered necessary.

Contributions – Employer and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Payment of Benefits – Benefit payments are reported in the year paid.

Date of Management's Review – Subsequent events have been evaluated through September 14, 2023, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual Funds and Money Market Funds – Valued at the net asset value (NAV) of shares held by the plan at year end based on published quoted prices.

Common Collective Trust – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimated fair value. The NAV is based on the fair value of the underlying investments held in the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows at December 31, 2022 and 2021:

	Fair Value Measurements Using:			Total
	Level 1	Level 2	Level 3	
December 31, 2022:				
Mutual Funds	\$ 191,103,005			\$ 191,103,005
Money Market Fund	48,672			48,672
Total investments in the fair value hierarchy	<u>\$ 191,151,677</u>	<u>\$ -</u>	<u>\$ -</u>	191,151,677
Investments measured at net asset value (a)				<u>27,092,218</u>
Investments measured at fair value				<u>\$ 218,243,895</u>

	Fair Value Measurements Using:			Total

Investments measured at net asset value (a)				<u>29,100,216</u>
Investments measured at fair value				<u>\$ 275,038,862</u>

(a) Certain investments are measured at fair value based on NAV per share practical expedient at December 31, 2022 and 2021. These investments have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. These investments are valued daily, may be redeemed daily without restrictions, and with no notice requirements. Additionally, there are no unfunded commitments.

4. RISKS AND UNCERTAINTIES

The Plan invests in investment securities, which hold securities including U.S. Government securities, corporate debt instruments, and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

5. INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate with respect to investments of as December 31, 2022 and 2021, and for the year ended December 31, 2022:

- Investments, at fair value
- Net depreciation in fair value of investments
- Interest and dividend income
- Notes receivable from participants and related interest income
- Schedule of Assets (Held at End of Year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service ("IRS"), dated December 5, 2017, indicating that it is qualified under Section 401(a) of the IRC. The Plan has been amended since the date of the determination letter, however, the Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan pays certain fees to Merrill Lynch to administer the Plan. These transactions qualify as party-in-interest. Notes receivable to participants are party-in-interest transactions.

8. SUBSEQUENT EVENT

The Plan was amended effective January 1, 2023, with the eligibility requirements for stated match and stated employer contributions changed as follows:

- The employee is eligible after completing three months of service, and with immediate entry after completing the service requirement, and
- Employee has attained age 21.

The stated employer contributions consist of the following:

- A dollar-for-dollar matching contribution up to 4% of elective deferrals.
- A 4% profit sharing contribution based on each employee's eligible compensation.
