Independent Auditors' Report

Retirement Plan Committee
Unity Healthcare 401(k) Profit Sharing Plan
Lafayette, Indiana

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Unity Healthcare 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNITY HEALTHCARE 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 And 2021

1. Description Of The Plan

The following description of Unity Healthcare 401(k) Profit Sharing Plan (the Plan), is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution profit sharing plan with a 401(k) provision established on January 1, 1996, and most recently amended and restated effective January 1, 2022. The Plan covers substantially all employees of Unity Healthcare LLC (the Company or the Plan Sponsor) who have completed 12 months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan uses Matrix Trust Company as trustee and Milliman, Inc., as recordkeeper.

Contributions

Participants may defer salary up to 100% of eligible compensation, as defined by the Plan, not to exceed the maximum amount allowed by law. Roth contributions are also permitted under the Plan. Additionally, participants age 50 and over may make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan provides for Company safe harbor matching contributions equal to 100% of a participant's salary deferrals, up to 3% of eligible compensation plus 50% of salary deferrals between 3% and 5% of eligible compensation. Safe harbor contributions to the Plan totaled \$995,510 and \$1,118,821 in 2022 and 2021, respectively. In addition, the Plan also provides for Company discretionary profit sharing contributions. The Company made discretionary profit sharing contributions of \$2,240,949 and \$2,622,124 in 2022 and 2021, respectively, which are reported net of forfeitures utilized.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover contributions, the Company's safe harbor matching contributions, and an allocation of Company profit sharing contributions and Plan's earnings (losses) and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

UNITY HEALTHCARE 401(k) PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

Vesting

Participants are 100% vested in their deferral contributions, rollover contributions, and Company safe harbor matching contributions plus actual earnings thereon. Participants do not become vested in the Company discretionary profit sharing contributions until completing three years of service. Nonvested amounts are forfeited if an employee terminates prior to fully vesting. Participants automatically become vested in their accounts upon reaching normal retirement age of 65, or upon death or disability.

Unallocated Accounts

Forfeitures of the nonvested portions of a participant's Company discretionary profit sharing contribution may be used to reduce the Company's profit sharing contributions to the Plan. Forfeitures used to reduce the Company's profit sharing contributions totaled \$39,225 and \$37,445 in 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited nonvested account balances available for future use totaled \$7,757 and \$6,649, respectively.

The Plan maintained an ERISA expense account used to pay Plan expenses. The expense account was funded through revenue sharing. The expense account had an available balance of \$15,894 and \$15,989 as of December 31, 2022 and 2021, respectively. There were no expenses paid from this account during the years ended December 31, 2022 or 2021.

Payment Of Benefits

Upon termination of service, death, disability, or attainment of normal retirement age, a participant may elect distribution of his or her account. The normal form of distribution for a participant with Employer Pension (as defined in the Plan Document) balances is a joint and survivor 50% annuity for a married participant and a single life annuity for unmarried participants. For all other participants, the normal form of distribution is a lump-sum distribution. Partial withdrawals or installment payments are only permitted for required minimum distributions under the Internal Revenue Code (IRC).

In-Service Withdrawals

The Plan allows in-service withdrawals by active participants who attain age 59-1/2 as defined by the Plan. These withdrawals are subject to certain Plan and IRC restrictions.

UNITY HEALTHCARE 401(k) PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

Participant Hardship Withdrawals

Active participants who experience a qualifying financial hardship may withdraw part of their vested funds as detailed in the Plan Document. The Plan Sponsor will approve hardship withdrawals only if they conform to Plan provisions and established IRC safe harbor hardship withdrawal provisions.

Administrative Expenses

Fees related to the administration of notes receivable from participants, distributions, investment management, and other operational expenses are charged directly to the participants' account and are included in administrative expenses. All other administrative expenses of the Plan are paid by the Plan Sponsor.

Investment Options

Participants may direct the investment of their account in various registered investment companies or in individually directed brokerage accounts.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance as of the date of the loan. Participants may only have one loan outstanding at any given time. Loans are secured by the participant's vested account balance. Interest charged to participants is at the prime rate, as published in the Wall Street Journal, as of the day preceding the loan plus one percent. Loan terms must not exceed five years. Principal and interest are paid ratably through payroll deductions, except for owners, whose loans are paid on a monthly basis from their partnership account.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, except for benefit payments, which are recorded when paid.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

UNITY HEALTHCARE 401(k) PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable are recorded as a distribution based on the terms of the Plan Document. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Management evaluates subsequent events through the date financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified by Matrix Trust Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Matrix Trust Company that the information provided to the Plan Administrator related to the following information is complete and accurate.

UNITY HEALTHCARE 401(k) PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	2022	2021
Cash - noninterest bearing	\$ 6,828	\$ 19,070
Registered investment companies	54,121,055	66,860,995
Individually directed brokerage accounts	47,965,892	57,816,360
Notes receivable from participants	551,410	509,623

Matrix Trust Company also certified to the completeness and accuracy related to the following investment income (loss) and interest income on notes receivable from participants for years ended December 31:

	2022	2021
Interest and dividends	\$ 4,289,496	\$ 5,951,325
Net change in fair value of investments	(24,020,934)	10,087,035
Interest income on notes receivable from participants	26,595	31,248

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets; |

UNITY HEALTHCARE 401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies

Registered investment companies consist of mutual funds and an exchange traded fund. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange traded funds are valued at the closing price reported on the active market on which the individual securities are traded.

Individually Directed Brokerage Accounts

Individually directed brokerage accounts are comprised of mutual funds, common stocks, exchange traded funds, publically traded limited partnerships, corporate and municipal bonds, treasury notes, annuity contracts, and money market funds.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

UNITY HEALTHCARE 401(k) PROFIT SHARING PLAN

Notes To Financial Statements *(Continued)*

Annuity contracts, corporate and municipal bonds, treasury notes, and publically traded limited partnerships are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Money market funds are valued in the same manner as the mutual funds described above.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 54,121,055	\$ —	\$ —	\$ 54,121,055
Individually directed brokerage accounts	43,953,130	4,012,762	—	47,965,892
Total investments at fair value	\$ 98,074,185	\$ 4,012,762	\$ —	\$ 102,086,947

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 66,860,995	\$ —	\$ —	\$ 66,860,995
Individually directed brokerage accounts	55,187,081	2,629,279	—	57,816,360
Total investments at fair value	\$ 122,048,076	\$ 2,629,279	\$ —	\$ 124,677,355

There have been no changes in the valuation methodologies used at December 31, 2022 or 2021.

5. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their account balances.

7. Income Tax Status

The Company adopted the Milliman, Inc. pre-approved plan document. The document sponsor has received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, in which the IRS stated that the pre-approved plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of the opinion letter. The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party In Interest Transactions

The Plan incurred fees for administrative functions through service agreements from various service providers. In addition, certain participants have outstanding loans with the Plan as of December 31, 2022 and 2021. These transactions qualify as allowable party in interest transactions.
