Report of Independent Auditors

The Trustees of
HPM Occupational Health Services Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of HPM Occupational Health Services Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, the statements of accumulated plan benefits as of December 31, 2022 and 2021, and the related statement of changes in accumulated plan benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the HPM Occupational Health Services Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of HPM Occupational Health Services Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about HPM Occupational Health Services Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of HPM Occupational Health Services Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about HPM Occupational Health Services Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of the Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2022, and the Schedule H, line 4(j) – schedule of reportable transactions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HPM Occupational Health Services Retirement Plan Notes to Financial Statements

Note 1 – Description of Plan

The following brief description of the HPM Occupational Health Services Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined benefit pension plan that provides for retirement and death benefits. It was formerly known as the Retirement Plan for Employees of Hanford Environmental Health Foundation, which was originally effective as of August 1, 1965, and sponsored by the Hanford Environmental Health Foundation. Then on June 5, 2004, Computer Sciences Corporation took over the sponsorship when it was awarded a contract for the Department of Energy's Hanford site, at which time the plan was known as the CSC Occupational Health Services Retirement Plan.

Effective that date, the benefits for nonunion participants were frozen under the terms of the Plan. Those nonunion employees who terminated prior to June 5, 2004, were granted 100% vesting.

The Plan was last restated effective January 1, 2012, at which time only participants who were subject to specified collective bargaining agreements accrued benefits.

Then on October 1, 2012, HPM Corporation (the Company) took over the sponsorship when it was awarded the contract for the Department of Energy's Hanford site.

Effective August 13, 2015, only medical assistants hired on or before November 30, 2005, and who were previously represented by the United Food and Commercial Workers union, Local 1439, accrued benefits under this Plan until the freeze in 2012.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the HPM Corporation Advisory Committee (Advisory Committee). The Committee has overall responsibility for the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and monitoring of investment performance.

Employee contributions – The Plan is a noncontributory plan as of January 1, 1984. Employee contributions made prior to January 1, 1984, earn 5% interest per annum, compounded annually for the plan years before 1988, and 120% of the federal mid-term rate as in effect under the Internal Revenue Code Section 1274 for the first month of each plan year beginning January 1, 1988.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of service.

Funding policy – The Company's funding policy is to make quarterly contributions to the Plan in amounts that meet the minimum funding requirements of ERISA, as determined by an independent actuary. Contributions by participants are not required nor permitted by the Plan. There were no Company contributions in 2022.

HPM Occupational Health Services Retirement Plan

Notes to Financial Statements

Pension benefits – Under the Plan, vested employees are entitled to monthly pension benefits beginning at the normal retirement age of 65 (reduced benefits are available for early retirement after age 55 with 10 years of service or age 60 without regard to years of service). Annual benefits payable to vested retirees are computed based on the sum of benefit credits earned prior and subsequent to January 1, 1984.

Annual benefit credits prior to January 1, 1984, are calculated as 1% of the first \$6,600 of 1982 earnings plus 2% of 1982 earnings in excess of \$6,600 multiplied by the number of years of service from August 1, 1965 to January 1, 1984. Annual benefit credits on and after January 1, 1984, are calculated as 2% of the earnings from each year of service. The vested retiree receives a monthly payment equal to one-twelfth of the annual benefit. A participant will receive benefits from the Plan administrator in accordance with the form of benefit payment designated by the participant.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The Plan's financial statements are prepared on the accrual basis of accounting.

Use of estimates – The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition – The investments are stated at fair value. The Plan's custodian, Matrix Trust Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Advisory Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits – Benefit payments to participants are recorded upon distribution.

Administrative expenses – As provided by the Plan document, investment expenses are paid by the Plan, but actuary and audit fees are paid by the Company.

HPM Occupational Health Services Retirement Plan

Notes to Financial Statements

Subsequent events – Subsequent events are events or transactions that occur after the date of the statements of net assets available for benefits, but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the financial statements, including estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the financial statements but arose after the date of the financial statements and before the statements were available to be issued.

The Plan has evaluated subsequent events through September 15, 2023, the date on which the financial statements were available to be issued.

Note 3 – Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated Plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service, rendered to the valuation date.

Significant assumptions used in the actuarial valuations are as follows:

Investment return on actuarial present value of accumulated Plan benefits	6.25% for 2022 and 2021
Mortality	For 2022 and 2021 Post-retirement: PRI-2012/MP-2021 Retiree Male/Female Pre-retirement: PRI-2012/ MP-2021 Employee Male/Female
Average retirement age	65 for 2022 and 2021

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2023 and 2022. Had the valuation been performed as of December 31, there would be no material differences.

Note 4 – Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical asset or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

The following table sets forth the fair value hierarchy of the Plan's assets by level as of December 31:

	Fair Value Measurements at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,013,152	\$ -	\$ -	\$ 13,013,152
Money market fund	347,734	-	-	347,734
Total assets in the fair value hierarchy	\$ 13,360,886	\$ -	\$ -	\$ 13,360,886
	Fair Value Measurements at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,632,488	\$ -	\$ -	\$ 17,632,488
Money market fund	112,428	-	-	112,428
Total assets in the fair value hierarchy	\$ 17,744,916	\$ -	\$ -	\$ 17,744,916

Note 5 – Related-Party and Party-in-Interest Transactions

The Plan paid certain expenses related to the investment advisory to Cornerstone Wealth Management and custodial services to Matrix Trust Company. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules under ERISA.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, employees will become 100% vested in their accrued benefits and assets will be distributed as required by the contract between the Company and the Department of Energy.

The Plan is exempt from Pension Benefit Guaranty Corporation (PBGC) coverage due to the correlation with the Department of Energy. Thus, whether all participants receive their benefits should the Plan be terminated at some future time will depend on sufficiency, at that time, of the Plan's net assets to provide those benefits and the priority of those benefits to be paid. Some benefits may be fully or partially provided for by the then-existing assets, while other benefits may not be provided for at all.

HPM Occupational Health Services Retirement Plan

Notes to Financial Statements

Note 7 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of the following:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the schedule of assets (held at end of year) as of December 31, 2022.

Note 8 – Tax Status

The Plan obtained its latest determination letter on May 31, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years outside of the statute of limitations for each taxing authority.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. Plan contributions are made, and the actuarial present value of accumulated Plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Note 10 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits, per the financial statements	\$ 13,360,886	\$ 17,744,916
Amounts allocated to withdrawing participants	<u>(31,384)</u>	<u>(19,821)</u>
Net assets per the Form 5500	<u>\$ 13,329,502</u>	<u>\$ 17,725,095</u>

The following is a reconciliation of the net change in assets available for benefits per the financial statements for the year ended December 31, 2022, to Form 5500:

Change in net assets available for benefits, per the financial statements	\$ (4,384,030)
Change in distributions allocated to withdrawing participants	<u>(11,563)</u>
Net income per the Form 5500	<u>\$ (4,395,593)</u>

In addition, there are differences in classification between the financial statements and Form 5500 that do not impact net assets available for benefits.
