REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
Carrier Retirement Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Carrier Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all

material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from

the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Carrier Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Carrier Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering certain employees of Carrier Global Corporation ("Company" or "Employer") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan was established April 3, 2020 as a result of the spin-off of the Company from United Technologies Corporation ("UTC"). Special rules apply to employees who were eligible participants of the United Technologies Corporation Employee Savings Plan or the United Technologies Corporation Represented Employee Savings Plan ("UTC Plans") immediately before the spin-off and who were eligible Company employees on April 3, 2020. Employees are generally eligible to participate in the Plan as soon as administratively feasible after completing an hour of service.

Effective January 1, 2022, the Plan was amended to allow participation by employees of Nlyte Software Limited (Nlyte). In addition, the assets for the Nlyte Software, Inc. 401(k) Retirement Plan and the Nlyte Software Americas Limited 401(k) Retirement Plan (the Nlyte Plans) were received by the Plan July 18, 2022. The amount transferred into the Plan related to the Nlyte Plans was approximately \$7,500,000.

Contributions

Each year participants may make pre-tax, Roth, and/or after-tax contributions of their eligible compensation, subject to applicable limits established by law. Under certain circumstances, an eligible participant may make a rollover contribution to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan includes an automatic enrollment and deferral feature, except for collectively bargained employees. Accordingly, the Employer will automatically withhold certain percentages. The automatic contribution rate increases annually, unless the participant chooses a different election percentage.

The Company makes a matching contribution of 60% of participant contributions up to 6% of eligible compensation or as defined in an applicable collective bargaining agreement. The Company also makes a retirement contribution for eligible employees, ranging from 3% to 8% of a participant's eligible compensation, contingent upon the assigned division and union affiliation. The retirement contribution is made irrespective of whether the Company recognizes a profit and whether the participant makes an elective or after-tax contribution. Company matching contributions were approximately \$31.8 million and Company retirement contributions were approximately \$49.7 million for the year ended December 31, 2022.

Participant Accounts

Participant accounts are credited with the participant contributions (elective deferral, after-tax, catch-up, Roth, and rollover) and allocations of the Company's contributions and Plan earnings or losses and charged with the participant's benefit payments and an allocation of administrative expenses. Allocations are based on the earnings and losses of the participant's investments or participant account balances, as defined. Income is allocated daily based on the number of shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The participant investment options include core funds, a stable value fund, separately managed target date retirement funds, and separately managed lifetime income strategy funds. The core fund investment options

Carrier Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

represent different investment classes. The stable value fund seeks to provide a secure rate of return with a low risk to invested principal. The target date retirement funds are premixed, diversified investment strategies that are designed to be a single investment solution with a mix of underlying investments that are generally appropriate for a given retirement date. The lifetime income strategy funds consist of bond portfolio, equity portfolio and secure income portfolio options.

Notes Receivable from Participants

Participants may borrow from their fund accounts from \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, excluding Company retirement contributions, whichever is less. Loan terms range from one to 60 months. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate at the time of the loan, generally 1% above prime. Principal and interest are paid ratably through payroll deductions. Only one loan per participant may be outstanding at a time.

Vesting

Participants' contributions are fully vested upon contribution. Company matching and retirement contributions are generally fully vested upon the completion of two years of service, the participant obtaining a normal retirement age, early retirement, disability date, the participant's death, the participant being laid off, or joining the military, whichever comes first.

Forfeitures

Forfeitures are used to reduce future Company contributions and to pay administrative expenses. The Company utilized forfeitures of approximately \$837,000 to pay administrative expenses during the year ended December 31, 2022. At December 31, 2022 and 2021, the Plan had unallocated forfeitures of approximately \$512,000 and \$466,000, respectively.

Payment of Benefits

Upon separation of employment due to termination of employment, death, disability or retirement, participants may, at their election, withdraw their benefits as a lump sum or partial payment or maintain their vested balance in the Plan. Terminated participants who are at least 55 years of age and who have five years of service may also choose annual, monthly, or quarterly installments for two to 20 years. Participants who invest in the lifetime income strategy investment option and who are at least age 60 and have terminated employment may elect a lifetime income benefit which is calculated as an age 65 single or joint life income benefit.

If the value of a separated participant's vested balance is less than \$1,000, vested portions will be distributed to the participant in a lump sum payment. Participants are permitted withdrawals from their Plan accounts for financial hardships and upon reaching age 59½.

Plan Termination

While the Plan Sponsor has not expressed any intent to discontinue the Plan, the Plan Sponsor reserves the right to amend or terminate the Plan at any time. In the event of a Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") and were prepared using the accrual basis of accounting.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The 2019 novel coronavirus ("COVID-19") has affected, and may continue to affect, economic activity globally, nationally and locally. Following the COVID-19 outbreak, the Plan experienced an increase in volatility in the fair value of the investments within the Plan. These economic and market conditions and other effects of the COVID-19 outbreak may continue to affect the Plan. The extent of the impact of the COVID-19 outbreak on the Plan's investments and funded status cannot be predicted at this time.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and change therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Reasonable expenses of the Plan, including, trustee, attorneys, advisors, actuaries, fiduciaries and service providers are to be paid by the Plan. Certain Plan administrative expenses are paid in whole or in part by the Company either directly or through contributions to the Plan. Expenses fully paid by the Company are

Carrier Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

excluded from the financial statements. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 - CERTIFIED INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank & Trust Company and AllianceBernstein Trust Company have certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in valuation methodologies used at December 31, 2022 and 2021.

Collective Trusts and Pooled Separate Account - Valued at the net asset value ("NAV") of units held, based upon the fair value of the underlying investments less liabilities. The NAV is used as a practical expedient to estimate fair value. There are no unfunded commitments or redemption restrictions for the collective trusts, with the exception of the AllianceBernstein AB Balanced 60/40 Collective Trust, in the amount of approximately \$46.6 million and \$33.5 million as of December 31, 2022 and 2021, respectively, which requires a 180 day notice prior to total withdrawal. The investment objective of the AllianceBernstein AB Balanced 60/40 Collective Trust is long-term growth of capital by investing in underlying collective trusts which represent a variety of asset classes and investment styles. The Voya Stable Value Fund pooled separate account has a 30 day notice requirement prior to terminating the contract.

Self-Directed Brokerage Accounts - Consists of mutual funds valued at the closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2022 and 2021:

NOTE 5 - INCOME TAX STATUS

The Plan obtained a determination letter on December 21, 2021, in which the Internal Revenue Service ("IRS") states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "Code"). Therefore, no provision for income taxes has been included in the Plan's financial statements. Management believes the plan is being operated in accordance with the applicable requirements of the (the "Code").

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

State Street Bank and Trust Company is the directed trustee for the Carrier Retirement Savings Plan. Certain Plan investments are managed by State Street Global Advisors and AllianceBernstein L.P.; therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

NOTE 7 - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2022 financial statements for subsequent events through September 18, 2023, the date the financial statements were available to be issued. The Plan was amended effective January 1, 2023, to harmonize the employer match and retirement contributions, applicable to a specific union population.
