Independent Auditors' Report

To the Plan Participants and Plan Administrator
The Pew Charitable Trusts Savings Plan:

Opinion

We have audited the financial statements of The Pew Charitable Trusts Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

The 2021 financial statements of the Plan were audited by predecessor auditors whose report dated July 22, 2022, expressed an unmodified opinion on those financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of The Pew Charitable Trusts Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of the Plan document are available from the Plan administrator.

1. General

The Plan is a defined contribution plan covering all eligible employees of The Pew Charitable Trusts (Plan Sponsor) and the Pew Research Center (the Center), collectively (Pew). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Eligible employees are all employees of Pew except for: (i) foreign nationals who do not reside in the United States (unless they are specifically deemed eligible by The Pew Charitable Trusts' Compensation Committee (Committee) or its designee); and (ii) temporary employees who have not received credit for 1,000 hours of service and are employed by Pew for fewer than 12 consecutive months.

2. Contributions

Participants may contribute pretax annual compensation, as defined in the Plan, up to Internal Revenue Service (IRS) limitations. Each January 1, following a notice period of 30 days, eligible employees who are deferring less than 6% shall be deemed to have elected to have deferral contributions made to the Plan in an amount equal to 6% of their compensation unless they have made an affirmative election to contribute at a different percentage or have elected not to be a participant for the period after January 1.

Participants may roll over amounts from other qualified defined benefit or defined contribution plans to the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions subject to annual IRS limits.

Pew made a matching contribution to each participant, subject to annual IRS limits, of 100% of the pretax contributions authorized by each participant of up to 6% of the participant's base compensation for the payroll period for the years ended December 31, 2022 and 2021. In addition, Pew made an automatic contribution to each participant, subject to annual IRS limits, of up to 6% of base compensation for the payroll period for the years ended December 31, 2022 and 2021. Pew's employer matching contributions totaled \$6,747,946 and \$6,776,324 and Pew's automatic contributions totaled \$7,065,451 and \$7,144,643 for the Plan years ended December 31, 2022 and 2021, respectively. Employer contributions are net of forfeitures applied.

3. Participant Accounts

Participants' accounts are credited with their contributions, and allocations of (a) employer matching contributions, (b) employer automatic contributions, (c) interest income on notes receivable, and (d) investment earnings including related interest and dividend income. Participants' accounts are charged with withdrawals, investment losses and certain administrative expenses.

4. Vesting

Participants are fully vested at all times in their deferral contributions, rollover amounts, and earnings thereon. Employer matching and automatic contributions, and earnings thereon, are fully vested after an employee is credited with 1,000 hours within one Plan year.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

5. Participant loans

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or one-half of the vested account balance of the participant. Participants are not permitted to have more than one loan outstanding at a time. Loan terms are determined by mutual agreement between the benefits unit of the Plan Sponsor, as delegated by the Committee, and the participant, but such period in no event shall exceed five years, or ten years for the purchase of the participant's principal residence.

Loans are secured by the balance in the participant's account and bear interest at a rate established by the Committee. In determining the interest rate, the Committee considers the interest rates currently charged by banks for similarly secured personal loans. Interest rates on loans ranged from 4.25% to 8.00% for the years ended December 31, 2022 and 2021. Principal and interest are paid ratably through semi-monthly payroll deductions.

Participants with an outstanding loan may increase the amount of the loan or change the interest rate of the loan up to three times during the loan term to allow them to take advantage of current market interest rates.

Participant loans are measured at their unpaid principal balance plus accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when incurred. No allowance for credit losses on loans has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the loan balance is reduced and a benefit payment is recorded.

6. Payment of Benefits

Upon termination of service, participants may receive the value of the vested interest in their account as a lump-sum distribution, except for transfer accounts originating from a prior Pew Charitable Trusts 401(k) plan sponsored by The Glenmede Trust Company, N.A., which are paid out as an annuity. Participants may elect in-service withdrawals after reaching age 59-1/2. Participants are permitted to make hardship withdrawals in certain cases of immediate financial need. Per IRS regulations, participants who have reached age 72 by December 31, 2022 must take their first required minimum distributions (RMD) by April 1, 2023. Benefit distributions are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

3. Administrative Fees and Revenue Sharing Credits

Administrative fees paid to the trustee of the Plan, Fidelity Management Trust Company (Trustee), are deducted from participant accounts quarterly.

Investment related administrative fees, except for fees associated with certain participant directed transactions, are a component of their respective expense ratios and are included in net appreciation in fair value of investments.

Expenses incurred to purchase investments in self-directed brokerage accounts are included in their cost and expenses incurred to sell investments reduce the proceeds received.

Certain investment options include a revenue sharing credit as part of their expense ratio, which is rebated quarterly to the accounts of participants holding such investments.

NOTE C - INVESTMENTS AND FAIR VALUE MEASUREMENTS

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Plan's investments, except for the guaranteed investment contract, are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan has categorized its investments into a three-level fair value hierarchy based on the priority of the inputs to the valuation methodologies. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in accessible active markets.
- Level 2 Inputs to the valuation methodology include one or more of the following:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in non-active markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Total investments	<u>\$ 336,810,447</u>			

Self-directed brokerage accounts hold cash, mutual funds, exchange traded funds, and common stock.

The Plan's investments in BlackRock MSCI ACWI ex-U.S. IMI Index Fund R is a common collective trust (CCT) and direct filing entity. It allows for daily liquidity with advance written notice of five business days required for redemptions exceeding \$1,000,000. The Plan had no unfunded commitments related to this investment. For the year ended December 31, 2021, the CCT was measured at the NAV per share as a practical expedient and was not classified in the fair value hierarchy. The Trustee publishes a daily valuation for CCTs held by the Plan and for the year ended December 31, 2022, an accounting policy was adopted to consider the Plan's CCTs as having a readily determinable fair value.

NOTE D - GUARANTEED INVESTMENT CONTRACT

On May 30, 2010, the Plan entered into a fully benefit-responsive guaranteed investment contract with an insurance company (the Issuer) as the Plan's stable value option. The Issuer maintains the Plan's investment in a fund selected by the Plan, which is currently the Aggregate Bond Index Fund Separate Account No. 378 managed by the Issuer. The Issuer guarantees the value of the account, regardless of the investment performance of the fund and is contractually obligated to repay the principal and a specified interest rate.

Because the guaranteed investment contract is fully benefit-responsive, it is presented on the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals, transfers and administrative fees. Participants may direct the withdrawal or transfer of all or a portion of their investments at contract value. Unrealized gains and losses from the guaranteed investment contract are not included in the statements of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

There are no reserves against contract value for the credit risk of the Issuer or otherwise. The crediting interest rate is reset quarterly, and is based on a formula agreed upon with the Issuer, but it may not be less than zero percent. The Issuer resets the rate by amortizing the difference between the market value

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

of the portfolio and the guaranteed value over the weighted average duration of the account's investments. Participants will receive the principal and accrued earnings credited to their accounts upon withdrawal.

Certain events may limit the ability of the Plan to transact at contract value with the Issuer. Such events include the following: (1) Plan amendment or change in administrative practices which the Issuer determines could adversely affect the contract's financial experience; (2) changes are made to the Plan's prohibition on competing investment options; or (3) another savings program, pension or profit sharing plan is established to which Plan participants are eligible to contribute by payroll deduction. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Plan or the Issuer may terminate the contract at any time by giving the other at least 30 days' notice. The Issuer may terminate the contract immediately if the Plan requests a withdrawal other than for participant-initiated withdrawals and transfers or if the Plan terminates or ceases to meet the conditions of the contract. If contract termination were to occur, the Plan may request either the guaranteed value or the market value of the Plan's investment in the underlying fund.

For the years ended December 31, 2022 and 2021, the interest rate credited to participants was 2.17% and 1.79%, respectively.

NOTE E - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan held investments managed by an affiliate of the Trustee during the years ended December 31, 2022 and 2021. The Plan invests in a contract with the Issuer (Note D). The Plan also allows loans to participants. These transactions qualify as exempt party in interest transactions.

Certain administrative functions of the Plan are performed by employees of Pew. No employees receive compensation from the Plan for these services.

NOTE F - PLAN TERMINATION

Although Pew has not expressed an intent to do so, Pew has the right under the Plan, by action of the Board of Directors or its delegate, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G - INCOME TAX STATUS

The Plan has received a determination letter from the IRS dated May 5, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code and, therefore, believes that the Plan is qualified and the related trust and custodial accounts are tax-exempt.

The Plan is subject to routine audits by taxing jurisdictions. No audits of the Plan for any tax periods are in progress.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE H - RISKS AND UNCERTAINTIES

Plan investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 25, 2023, which represents the date the financial statements were available for issuance. There were no subsequent events which require recognition or disclosure.
