Independent Auditors' Report

To the Committee and Participants of the
Union Square Credit Union 401(k) Plan
Wichita Falls, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Union Square Credit Union 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Union Square Credit Union 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Union Square Credit Union 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Union Square Credit Union 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Union Square Credit Union 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i-Schedule of Assets Held for Investment Purposes as of and for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UNION SQUARE 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The management of Union Square Credit Union (the Company) is responsible for the accuracy and internal consistency of the preparation of the financial statements and notes contained in this annual report.

The Union Square Credit Union 401(k) plan (the Plan) is a defined contribution plan covering employees of Union Square Credit Union. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and as more fully described in the Plan agreement. The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation – An employee is eligible to become a participant in the Plan if the employee is 21 years of age and has completed three consecutive calendar months of service.

Participant Contributions – Participants self-direct their contributions and account balances among the investment options provided by the Plan. Participants may contribute from 1% to 100% of their annual compensation for each plan year (pre-tax contributions), up to the maximum of \$20,500 as permitted by the Internal Revenue Code (IRC). In addition, participants who have attained the age of 50 are eligible to make catch-up contributions up to the maximum of \$6,500 in accordance with IRC 414(v). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants immediately vest in their contributions and the associated investment results, none of which are federally taxable to the Participants as current income.

Company Contributions – The Company may make non-elective contributions or discretionary matching contributions. Allocation of employer non-elective contributions is based upon participant compensation in proportion to the compensation of all participants. There were no non-elective contributions made for the year ended December 31, 2022.

The Company may make matching contributions equal to a discretionary amount or percentage of the participant's 401(k) elective deferrals, to be determined by the employer. For the plan year ended December 31, 2022, the Company made matching contributions of \$496,505.

Distributions – Participants are entitled to receive a lump-sum distribution or annuity payments of their vested accounts upon termination of employment, disability, retirement or death. Distributions are federally taxable to Participants when received and may result in a 10% penalty if distributions are received prior to age 59 ½.

Investment Options – Participants self-direct the investment of their contributions, the Company's non-elective and the Company's discretionary matching contributions.

NOTE 1 – DESCRIPTION OF THE PLAN - CONTINUED

Participants may change their investment options daily and may choose among various individual investment options available through Fidelity Management Trust Company that have varying degrees of risk and potential return. These options include Lincoln Stable Value Account, which is guaranteed as to principal and accumulated earnings, or numerous mutual funds. A detailed listing of investments held by Fidelity Management Trust Company is provided in this report.

Additional information regarding the Plan may be obtained from Union Square Credit Union, 1401 Holliday St, Wichita Falls, TX 76301, (940) 720-8000.

Notes Receivable from Participants – Participant's may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The interest rate for a loan shall be specified at the time of the loan is approved. The interest rate charged on a loan shall be reasonable and commensurate with the current commercial rates charged on similar loans by persons in the business of lending money, including duly licensed insurance companies issuing contracts funding qualified retirement plans.

Participant Accounts – Each Participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, the Company's non-elective contribution, the Plan earnings, and the allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - A participant is always fully vested with respect to his own contributions. The employer's non-elective contributions and discretionary matching contributions vest according to the following schedule. Employees are, however, 100% vested if they are still an employee and suffer a death or disability.

Years of Service	Vesting %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures – Forfeitures of terminated participants' non-vested interest are used to reduce future Company contributions and to pay for plan expenses. During the year ended December 31, 2022, forfeitures used to reduce the Company's contributions totaled \$58,453, and forfeitures used to reduce fees totaled \$0.

As of December 31, 2022, there were forfeited non-vested accounts totaling \$25,396.

NOTE 1 – DESCRIPTION OF THE PLAN – CONTINUED

Plan Termination – Although it has not expressed any intent to do so, the Company may terminate the Plan for any reason at any time. If the Plan were terminated, all participants affected would be fully vested in their benefits as of the date of termination.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Administration – Administrative and record keeping services, including maintaining participant records and allocating the Plan's income and contributions was maintained by Fidelity Management Trust Company. Administrative fees paid to Fidelity Management Trust Company totaled \$61,284 for the year ended December 31, 2022.

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates – The preparation of financial statements in conformity with the accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation – The Plan's investments are reported at fair value, except as explained below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 6 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of fully benefit – responsive investment contracts.

Investment Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Gain and Loss Recognition – Net gains or losses on investments sold represent the difference between proceeds from sales and the fair value of assets at the beginning of the year or historical cost if the investment was acquired during the year. The net appreciation or depreciation of fair value of investment held at year-end is reflected in the statements of changes in net assets available for plan benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Benefit Payments – Benefit payments to participants are recorded upon distribution.

NOTE 3 - INCOME TAXES

The Plan is a prototype plan sponsored by Fidelity Management Trust Company. The Internal Revenue Service has determined and informed Fidelity Management Trust Company by an opinion letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Generally, contributions to a qualified plan are deductible by the Company when made or accrued, earnings of the Plan are tax-exempt, and participants are not taxed on their benefits until withdrawn from the Plan. The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

The Plan applies the provisions of FASB ASC 740-10-50, *Income Taxes* related to the accounting for uncertainty in income taxes (previously known as FIN 48), which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This standard also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. For the year ended December 31, 2022, the Plan does not believe it currently holds any uncertain tax positions, therefore no recognition of uncertain tax positions is reflected in the financial statements.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2019.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

All investment and notes receivable from participants information disclosed in the accompanying financial statements and supplementary information, including investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income for the year ended December 31, 2022, was obtained or derived from information provided to Plan management and certified as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 by Fidelity Management Trust Company, the trustee of the Plan.

UNION SQUARE 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 5 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

On August 1, 2017, the Plan entered into a benefit responsive investment contract with The Lincoln National Life Insurance Company. This contract, the Lincoln Stable Value Account is a fully benefit-responsive guaranteed fixed annuity contract available as an investment option to plan participants.

The account is credited with earnings on the underlying investments and charged for participant withdrawals. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate may not be less than 1%. The crediting interest rate is set at the beginning of each calendar quarter and is based upon the three-year average of the Barclays Capital Intermediate U.S. Government Credit Index plus 35 basis points. The guarantee is based on Lincoln's ability to meet its financial obligations from its general assets

Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to the fixed annuity contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings less participant withdrawals. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value such as: (1) complete or partial plan termination or merger with another plan, (2) plan sponsor events such as bankruptcy, spin-offs, divestitures, layoffs, or retirement incentive programs, (3) the liberalization of Plan withdrawal or transfer rules, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Upon occurrence of any of these events, a market value adjustment may apply. The Company does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 – FAIR VALUE MEASUREMENTS

The Company applies FASB ASC 820, *Fair Value Measurements and Disclosures*, formerly known as SFAS 157, which provides a framework for measuring fair value under generally accepted accounting principles. FASB ASC 820 applies to all financial instruments that are being measured and reported at fair value on a recurring basis.

As defined in FASB ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company uses various methods including market, income, and cost approaches. Based on these approaches, the Company often utilizes certain assumptions about risk and the risk inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Company utilized valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques the Company is required to provide the following information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

UNION SQUARE 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 6 – FAIR VALUE MEASUREMENTS - CONTINUED

Level 1 - Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources from market transactions involving identical assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

		Fair Value Measurements at Reporting Date Using

NOTE 6 – FAIR VALUE MEASUREMENTS – CONTINUED

The fair value of investment securities is the market value based on quoted marked prices, when available or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs to the limited market activity of the instrument. Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methods used at December 31, 2022:

- *Mutual funds* are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions.

Fees paid to Fidelity Management Trust Company by the Plan for the investment management services amounted to \$61,284 for the year ended December 31, 2022.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated the impact of all subsequent events on the Plan through financial statement issuance and has determined that there were no subsequent events, other than disclosed below, requiring recognition or disclosure in the financial statements.
