INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
New WinCup Holdings, Inc. 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the New WinCup Holdings, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the New WinCup Holdings, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of New WinCup Holdings, Inc. and its subsidiaries (Sponsor or Company) excluding employees covered by a collective bargaining agreement, certain nonresident aliens, or leased employees. Employees are eligible to participate in the Plan following the completion of two months of service. Employees are automatically enrolled in the Plan at 6% of their eligible compensation upon meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective April 27, 2021.

Contributions

Each participant may make pre-tax and/or Roth contributions of up to 80% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$20,500 in 2022. Eligible employees who have attained age 50 before the end of the Plan year are allowed to make catch-up contributions of up to \$6,500 in 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company may make contributions at the discretion of the Board of Directors. The discretionary employer contributions are allocated to active participants' accounts based on eligible compensation deferred into the Plan. For 2022, the Plan Sponsor made discretionary employer contributions equal to 50% of the first 3% of a participant's eligible compensation deferred into the Plan.

The Plan document also allows for discretionary non-elective contributions to be made at the discretion of the Board of Directors. No discretionary non-elective contributions were made for 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, and earnings on the investments in their account. Each participant's account is charged with withdrawals, losses on the investments in their account, and certain

New WinCup Holdings, Inc. 401(k) Retirement Savings Plan

participant transaction fees. Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their participant contributions plus earnings thereon. Participants become fully vested in their discretionary employer contributions after one year of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. The terms of the notes receivable may not exceed 5 years, or 10 years if used for purchase of a residence. Participants may only have one outstanding note receivable at a time. The notes receivable are secured by the balance in the participant's account and must bear a reasonable rate of interest, as defined in the Plan document. Interest rates were 4.25% to 7.25% for notes receivable outstanding as of December 31, 2022. Payments are made bi-weekly through payroll deductions.

Payment of Benefits

At the time of retirement, death, disability, or termination of employment, a participant or their beneficiary may receive the payment of the vested interest in their account in a lump-sum distribution or installments. If the account balance is \$1,000 or less, the Plan may, upon termination of service, pay the benefits owed in a lump sum. Upon termination of service, participants' account balances between \$1,000 and \$5,000 will be automatically rolled over to an individual retirement account, unless the participant elects otherwise. In-service withdrawals are also permitted for participants who have attained age 59½. Participants are eligible to receive hardship withdrawals when certain conditions are met.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$11,934 and \$12,933, respectively. These accounts may be used to pay administrative expenses or to reduce employer contributions. During 2022, the Plan used \$18,056 to reduce employer contributions and \$823 to pay administrative expenses.

New WinCup Holdings, Inc. 401(k) Retirement Savings Plan

Transaction fees related to specific participant activities are charged directly to the specific participant account. Investment related expenses are included in net change in fair value of investments. Expenses paid to service providers of the Plan qualify as party-in-interest transactions.

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The discretionary employer contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. Discretionary non-elective employer contributions are payable to the plan after approval by the Board of Directors.

Excess Contributions Payable

Contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with the corresponding reduction to contributions in the year in which the contributions were made.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value, including the common/collective trust (CCT), which is stated at net asset value used as a practical expedient to measure the fair value of the CCT. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses, and fees charged for investment management and administrative services on those investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received by the Plan. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make notes receivable repayments and the plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment is recorded. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 12, 2023, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information regarding investments and notes receivable, including investments held and notes receivable from participants at December 31, 2022 and 2021, and the Plan's net change in fair value of investments and interest income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Plan's qualified institution, Fidelity Management Trust Company (Fidelity).

4. Investments and Fair Value Measurements

Certain Plan investments are shares of mutual funds and units of a common/collective trust managed by Fidelity. Fidelity is a service provider for the Plan and therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net change in fair value of the investment, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to several risks, such as market, interest rate, currency, and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cybersecurity attacks, or other similar events. It is at least reasonably possible that changes in their fair values will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Investments in mutual funds are stated at quoted market prices for the identical security in an active market (Level 1).

Notes to Financial Statements December 31, 2022 and 2021

The Plan invests in a stable value fund, which is a CCT. The fair value of the CCT is determined by prices published daily by the trust manager, which is net asset value (NAV). NAV is based on the fair value of the underlying investments held by the stable value fund, generally fixed-income securities, bond funds, and wrap contracts, less its liabilities. NAV is used as a practical expedient to measure the fair value of the CCT and the CCT is therefore not classified in the fair value hierarchy. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Participant transactions (purchases and sales) may occur daily. The CCT has redemption restrictions that limit the timing of withdrawals. Participant directed withdrawals may be made on any business day, provided that the exchange is not directed into a competing fund. Transferred amounts must be held in a non-competing investment option for 90 days before funds may be transferred to a competing fund. Redemptions directed by the Plan Sponsor must be preceded by twelve months written notice to Fidelity. No unfunded commitment existed with respect to the CCT at December 31, 2022 and 2021.

The following table summarizes the Plan's investments as of December 31, 2022 and 2021:

	2022	
	Level 1	Total
Mutual funds	\$ 20,124,902	\$ 20,124,902
Common/collective trust measured at net asset value	-	2,337,935
Total investments	\$ 20,124,902	\$ 22,462,837

	2021	
	Level 1	Total
Mutual funds	\$ 24,705,896	\$ 24,705,896
Common/collective trust measured at net asset value	-	1,838,412
Total investments	\$ 24,705,896	\$ 26,544,308

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.

6. Income Tax Status

In April 2021, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. (FMRC) moved to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's income tax returns for the past three years are subject to examination by taxing authorities and may change upon examination.

7. Reconciliation of Financial Statements to Form 5500

New WinCup Holdings, Inc. 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022 and 2021

The following is a reconciliation of the net decrease in net assets available for benefits reported in the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease per the Form 5500	\$ (4,231,266)

The CCT is recorded at net asset value on the financial statements but is recorded at fair value on the Form 5500. Excess contributions payable is recorded when incurred on the financial statements and when paid on the Form 5500. Notes receivable are recorded as distributions when deemed defaulted on the Form 5500 but recorded as distributions on the financial statements when the related participant account is reduced.
