INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee and Plan Management
Midtex Oil, L.P. 401(k) Profit Sharing Plan
New Braunfels, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Midtex Oil, L.P. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Midtex Oil, L.P. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, VOYA Retirement Insurance and Annuity Company, as of and for the year ended December 31, 2022, and for the period from May 31, 2021 through December 31, 2021, and from John Hancock Life Insurance Company for the period from January 1, 2021 through May 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements - (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MIDTEX OIL, L.P. 401(k) PROFIT SHARING PLAN
Notes to Audited Financial Statements
December 31, 2022 and 2021

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of Midtex Oil, L.P. 401(k) Profit Sharing Plan (the “Plan”) are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds are carried at fair market value (net asset value), as determined by quoted market prices in an active market. Investments in common collective trusts are carried at the fair value (net asset value) of units of the collective trust based on the fair value of the underlying investments. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) are reported in net (depreciation) appreciation in fair value in the statements of changes in net assets available for benefits.

The fixed income account is stated at contract value, which represents net contributions plus interest at the contract rate. The contract is fully benefit-responsive.

Participants’ Notes Receivable: Participants’ notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not considered necessary at December 31, 2022 or 2021. If a participant ceases to make a loan repayment and the Plan Administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Benefit Payments: Benefits are recorded when paid.

Administrative Expenses: Administrative expenses incurred in connection with the general administration are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits. Other Plan expenses, which are generally not significant, may be paid by the Sponsor.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor’s report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Concentration of Credit Risks: The Plan invests in various types of investment securities. The Sponsor minimizes the credit risk through the diversity of the underlying investments.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Forfeitures: The Sponsor uses forfeitures to reduce the Plan expenses or employer contributions as such obligations accrue. Forfeited non-vested accounts totaled \$8,308 at December 31, 2022 and \$8,223 at December 31, 2021.

NOTE B – DESCRIPTION OF PLAN

The following description of the Midtex Oil, L.P. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who have at least nine months of service and are age 20 or older.

Plan Amendments: The Plan has operationally implemented certain changes permitted by the Coronavirus Aid, Relief, Economic Security Act (CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), which laws change the Plan to, among others, allowed certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delayed the commencement date for required distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with the applicable laws and IRS guidance.

Termination: Although it has not expressed intent to do so, the Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Contributions: Participants may contribute up to 100% of eligible compensation, subject to IRS limitations, as defined in the Plan. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also direct the investment of any matching contribution received. The Plan sponsor provides a Safe Harbor match of 100% of participant contributions that are not in excess of 3% of participant compensation, and then 50% of the amount of the participant's contribution that exceeds 3% of participant compensation but does not exceed 5% of participant compensation.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and employer match contributions plus actual earnings thereon.

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions. Upon termination of services participant outstanding loan balances are deemed to be distributions.

Payment of Benefits: Upon termination of service, the participant receives a lump-sum payment equal to the value of their account. Payments can be made to participants or their beneficiaries upon termination of employment, retirement, disability or death. Employee elective deferral contributions may be withdrawn during employment after the employee reaches age 59½ or upon showing immediate and substantial financial hardship.

Notes to Audited Financial Statements
December 31, 2022 and 2021

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, investments at December 31, 2022 and 2021, and the related investment earnings and interest on participants' notes receivable for 2022 and for the period of May 31, 2021 through December 31, 2021 were held and certified by VOYA Retirement Insurance and Annuity Company, the Custodian, and were not audited by the independent auditor. Plan investment earnings and interest on participants' notes receivable for the period of January 1, 2021 through May 31, 2021 were certified and held by The John Hancock Life Insurance Company (John Hancock), and were not audited by the independent auditor.

Participant notes receivable of \$156,220 and \$146,591 at December 31, 2022 and 2021, respectively, were not certified by the Custodian. Non-section 103(a)(3)(C) procedures were performed on these balances.

NOTE D – FIXED INCOME ACCOUNT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive group funding agreement, the VOYA Fixed Income Account, with a balance of \$21,049 at December 31, 2022 and \$15,752 at December 31, 2021. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group funding agreement provides a fixed account which is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

Because the fixed account is fully benefit-responsive, it is stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the Plan. Contract value, as reported to the plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) full or partial plan termination, (2) insolvency of the Plan Sponsor, or (3) aggregate terminations in any contract year exceed 20% of the full contract value as determined on the first day of the contract year. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probably of occurring.

NOTE E – INCOME TAX STATUS

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan sponsored by VOYA Retirement Insurance and Annuity Company. Voya received an opinion letter dated June 30, 2020 that stated that it had received favorable determination that the Plan qualifies under applicable sections of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal income tax returns for the last four years remain subject to examination.

MIDTEX OIL, L.P. 401(k) PROFIT SHARING PLAN
Notes to Audited Financial Statements
December 31, 2022 and 2021

NOTE F – TRANSACTIONS WITH PARTIES – IN – INTEREST

The Plan includes investments managed by VOYA, the Custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE G – FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
 - if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used to estimate fair value, nor transfers between levels. The following is a description of the valuation methodologies used for various types of assets measured at fair value:

Money Market Fund: Valued at the stated principal plus accrued interest.

Mutual Funds: Valued at the net asset value (NAV).

Common Collective Trust: Valued at the net asset value (NAV) of the collective trust based on the fair value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, Plan's investments measured at fair value:

Total investments, at fair value	<u>\$ 4,487,993</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,487,993</u>

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which would impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 or later.

INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee and Plan Management
Midtex Oil, L.P. 401(k) Profit Sharing Plan
New Braunfels, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Midtex Oil, L.P. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Midtex Oil, L.P. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions, VOYA Retirement Insurance and Annuity Company, as of and for the year ended December 31, 2022, and for the period from May 31, 2021 through December 31, 2021, and from John Hancock Life Insurance Company for the period from January 1, 2021 through May 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements - (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MIDTEX OIL, L.P. 401(k) PROFIT SHARING PLAN
Notes to Audited Financial Statements
December 31, 2022 and 2021

NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of Midtex Oil, L.P. 401(k) Profit Sharing Plan (the “Plan”) are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds are carried at fair market value (net asset value), as determined by quoted market prices in an active market. Investments in common collective trusts are carried at the fair value (net asset value) of units of the collective trust based on the fair value of the underlying investments. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) are reported in net (depreciation) appreciation in fair value in the statements of changes in net assets available for benefits.

The fixed income account is stated at contract value, which represents net contributions plus interest at the contract rate. The contract is fully benefit-responsive.

Participants’ Notes Receivable: Participants’ notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not considered necessary at December 31, 2022 or 2021. If a participant ceases to make a loan repayment and the Plan Administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Benefit Payments: Benefits are recorded when paid.

Administrative Expenses: Administrative expenses incurred in connection with the general administration are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits. Other Plan expenses, which are generally not significant, may be paid by the Sponsor.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor’s report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Concentration of Credit Risks: The Plan invests in various types of investment securities. The Sponsor minimizes the credit risk through the diversity of the underlying investments.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Forfeitures: The Sponsor uses forfeitures to reduce the Plan expenses or employer contributions as such obligations accrue. Forfeited non-vested accounts totaled \$8,308 at December 31, 2022 and \$8,223 at December 31, 2021.

NOTE B – DESCRIPTION OF PLAN

The following description of the Midtex Oil, L.P. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of the Plan Sponsor who have at least nine months of service and are age 20 or older.

Plan Amendments: The Plan has operationally implemented certain changes permitted by the Coronavirus Aid, Relief, Economic Security Act (CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), which laws change the Plan to, among others, allowed certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delayed the commencement date for required distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with the applicable laws and IRS guidance.

Termination: Although it has not expressed intent to do so, the Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Contributions: Participants may contribute up to 100% of eligible compensation, subject to IRS limitations, as defined in the Plan. Participants may also contribute amounts representing distributions ("rollovers") from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also direct the investment of any matching contribution received. The Plan sponsor provides a Safe Harbor match of 100% of participant contributions that are not in excess of 3% of participant compensation, and then 50% of the amount of the participant's contribution that exceeds 3% of participant compensation but does not exceed 5% of participant compensation.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and employer match contributions plus actual earnings thereon.

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions. Upon termination of services participant outstanding loan balances are deemed to be distributions.

Payment of Benefits: Upon termination of service, the participant receives a lump-sum payment equal to the value of their account. Payments can be made to participants or their beneficiaries upon termination of employment, retirement, disability or death. Employee elective deferral contributions may be withdrawn during employment after the employee reaches age 59½ or upon showing immediate and substantial financial hardship.

Notes to Audited Financial Statements
December 31, 2022 and 2021

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, investments at December 31, 2022 and 2021, and the related investment earnings and interest on participants' notes receivable for 2022 and for the period of May 31, 2021 through December 31, 2021 were held and certified by VOYA Retirement Insurance and Annuity Company, the Custodian, and were not audited by the independent auditor. Plan investment earnings and interest on participants' notes receivable for the period of January 1, 2021 through May 31, 2021 were certified and held by The John Hancock Life Insurance Company (John Hancock), and were not audited by the independent auditor.

Participant notes receivable of \$156,220 and \$146,591 at December 31, 2022 and 2021, respectively, were not certified by the Custodian. Non-section 103(a)(3)(C) procedures were performed on these balances.

NOTE D – FIXED INCOME ACCOUNT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive group funding agreement, the VOYA Fixed Income Account, with a balance of \$21,049 at December 31, 2022 and \$15,752 at December 31, 2021. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group funding agreement provides a fixed account which is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

Because the fixed account is fully benefit-responsive, it is stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the Plan. Contract value, as reported to the plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) full or partial plan termination, (2) insolvency of the Plan Sponsor, or (3) aggregate terminations in any contract year exceed 20% of the full contract value as determined on the first day of the contract year. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probably of occurring.

NOTE E – INCOME TAX STATUS

The Plan operates under a non-standardized adoption agreement in connection with a prototype retirement plan sponsored by VOYA Retirement Insurance and Annuity Company. Voya received an opinion letter dated June 30, 2020 that stated that it had received favorable determination that the Plan qualifies under applicable sections of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal income tax returns for the last four years remain subject to examination.

MIDTEX OIL, L.P. 401(k) PROFIT SHARING PLAN
Notes to Audited Financial Statements
December 31, 2022 and 2021

NOTE F – TRANSACTIONS WITH PARTIES – IN – INTEREST

The Plan includes investments managed by VOYA, the Custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE G – FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets
 - quoted prices for identical or similar assets or liabilities in inactive markets
 - inputs other than quoted prices that are observable for the asset or liability
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means
 - if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used to estimate fair value, nor transfers between levels. The following is a description of the valuation methodologies used for various types of assets measured at fair value:

Money Market Fund: Valued at the stated principal plus accrued interest.

Mutual Funds: Valued at the net asset value (NAV).

Common Collective Trust: Valued at the net asset value (NAV) of the collective trust based on the fair value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE G – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, Plan's investments measured at fair value:

	Fair Value Measurements Using

Total investments, at fair value	<u>\$ 4,487,993</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,487,993</u>

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which would impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – SUBSEQUENT EVENTS

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 or later.
