Plan Administrator
Houston Plating & Coatings 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Houston Plating & Coatings 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

July 25, 2023
Houston Plating & Coatings 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 1 - Plan Description

The following brief description of the Houston Plating & Coatings 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Houston Plating & Coatings, LLC (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Company on January 1, 2007 and has since been amended and restated.

Houston Plating & Coatings, LLC serves as the plan administrator. An officer of the Company is the named trustee. John Hancock Life Insurance Company (U.S.A.) serves as the Plan's asset custodian and recordkeeper of the Plan.

Eligibility

The Plan is provided for all eligible employees of the Company, as defined. Participation is available for all employees who have completed six consecutive months of service or 1,000 hours of service, whichever comes earlier. The Plan includes a savings feature designed to permit the employee and the Company to contribute to the Plan, at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Participants may contribute employee pre-tax contributions of up to 90% of their annual compensation and 100% of any bonus received. Participants may designate all or a portion of their contribution as Roth contributions, as defined, subject to the maximum limit allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain other qualified sources as defined in the plan document.

The Company makes safe harbor matching contributions equal to the sum of 100% of the participant's elective deferrals that do not exceed 3% of the participant's compensation plus 50% of the participant's elective deferrals that exceed 3% of the participant's compensation but in total do not exceed 5% of the participant's compensation. Each year, the Company may make profit-sharing contributions based on a discretionary formula. For the year ended December 31, 2022, no profit-sharing contributions were made.

HOUSTON PLATING & COATINGS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022 and 2021

Participant Accounts

Participants direct the investment of their accounts into various investment options offered by the Plan. Earnings and losses are allocated to the participants' accounts daily according to an allocation formula provided in the plan document.

Vesting and Forfeitures

Participants are immediately vested in their contributions, their safe harbor matching contributions plus earnings thereon. Vesting in Company profit-sharing contributions is based on years of service. Employees begin vesting at 20% after one year of service and receive an additional 20% after each additional year of service until they are 100% vested after five years of service. Regardless of the vesting schedule, participants become automatically vested in their employee and employer contributions upon death, disability, normal retirement age, or termination of the Plan. There were \$27 of forfeitures available for use at December 31, 2022 and December 31, 2021. Forfeitures are used to reduce employer contributions or to pay administrative expenses of the Plan. No forfeitures were utilized to reduce employer contributions or to pay administrative expenses during 2022.

Benefit Payments

Distributions may be made to participants upon termination of employment, death, disability, or retirement. Withdrawals may be made by active participants upon attainment of age 59½. Upon termination of employment, participants with an account balance of \$1,000 or less shall receive an automatic lump sum distribution from the Plan. For participants with an account balance greater than \$1,000 but less than \$5,000, the plan administrator shall make a direct rollover into an individual retirement account. Prior to age 59½ and subject to guidelines set forth in the IRC, a participant may request a hardship withdrawal. Withdrawals from the Plan may be subject to federal income tax on contributions and income earned.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of their vested interest in the Plan. The minimum loan is \$1,000. Loans to participants are secured by their respective participant account balance as allowed by the Plan and bear interest at rates that are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are repaid through payroll deductions. Loans are to be repaid within five years unless the purpose of the loan is to acquire a principal residence, in which case the term can be extended at the discretion of the plan administrator.

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). Accounting principles followed by the Plan and the methods of applying those principles are summarized below:

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in the fair value of the investments includes realized gains and losses on investments bought and sold during the year, as well as unrealized appreciation or depreciation of the investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. In general, notes receivable from participants are considered in default in the calendar quarter following the quarter in which an expected payment is not made. Defaulted loans are accounted for as distributions based upon the terms of the plan document when a distributable event has occurred.

Benefit Payments

Benefit payments to participants or beneficiaries are recorded when paid.

Administrative Expenses

Administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of participant loans or benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation or depreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

See independent auditor's report.

HOUSTON PLATING & COATINGS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022 and 2021

Risks and Uncertainties

The Plan provides for investments in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The plan administrator evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 25, 2023, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Plan's Asset Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from John Hancock Life Insurance Company (U.S.A.) as of December 31, 2022 and 2021, and for the year ended December 2022, that all the information provided is complete and accurate. Information included in the accompanying financial statements, the notes to the financial statements and the supplemental schedule regarding investments, notes receivable from participants, net depreciation in fair value of investments and interest income on notes receivable from participants is presented solely in reliance upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements, and the supplemental schedule.

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

HOUSTON PLATING & COATINGS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022 and 2021

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Pooled Separate Accounts: These funds are valued at their net asset value (NAV) as determined by the issuer based on quoted market prices of the underlying investments, when available. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than reported NAV.

The pooled separate accounts that are measured using NAV as a practical expedient have been excluded from the fair value hierarchy in accordance with GAAP. The following table provides additional information for the pooled separate accounts as of December 31, 2022 and 2021. There were no plan or participant redemption restrictions for the investments.

- (a) The strategy of these investments is to achieve as high a total return on an annual basis as is considered consistent with prudent investment risk and the preservation of capital by investing in a combination of mutual funds and money market funds, using an asset allocation strategy designed for investors expecting to retire around a specific target date.
- (b) The strategy of this investment is to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.
- (c) The strategy of these investments is to achieve the approximate aggregate total return of a U.S. domestic equity market index.
- (d) The strategy of these investments is to seek long-term growth of capital by investing primarily in common stock.
- (e) The strategy of these investments is to seek long-term capital appreciation by investing in companies with a favorable industry structure and strong market position.
- (f) The strategy of these investments is to seek maximum real return consistent with preservation of real capital and prudent investment management.

Note 5 - Federal Income Tax

Effective January 1, 2021, the Plan was amended and restated through its adoption of a pre-approved plan. The pre-approved plan received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the pre-approved plan was in compliance with the applicable requirements of the IRC. The pre-approved plan has since been amended; however, the plan administrator, through its adoption of the pre-approved plan, believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

See independent auditor's report.

HOUSTON PLATING & COATINGS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2021 and 2020

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Party-in-Interest Transactions

The Plan engages in investment transactions with funds issued by John Hancock Life Insurance Company (U.S.A.), the Plan's asset custodian. These transactions qualify as party-in-interest transactions and are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.
