INDEPENDENT AUDITOR'S REPORT

To the Participants and
Plan Administrator of the
NOCO Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements
We have performed audits of the financial statements of the NOCO Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA
The supplemental schedule, schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF PLAN

The following is a brief description of the NOCO Retirement Plan (the Plan). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees of NOCO Energy Corp. (the Company and the Plan Sponsor) and certain other related entities. The Plan is subject to the provisions of ERISA. The assets of the Plan are maintained in investment funds held by Fidelity Management Trust Company (Fidelity). The Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility: Effective April 2, 2021, employees must complete two months of service to be eligible to make salary deferrals and receive employer matching contributions. Employees must complete twelve months of service to be eligible to receive discretionary profit-sharing contributions. Leased employees and employees subject to a collective bargaining agreement are not eligible to participate in the Plan.

Contributions: Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Employees may designate all or a portion of their salary deferrals as Roth contributions. Participants who are age 50 or older before the end of the plan year are allowed to make additional "catch-up" contributions. The "catch-up" contributions are not eligible for employer matching contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions are invested in a designated fund until changed by the participant. Effective April 2, 2021, annual contribution rates automatically increase by 1% up to 15% for participants who meet the requirements.

The Company makes a matching contribution of 50% of the first 6% of a participant's eligible compensation contributed to the Plan. For any participant who (a) has completed 1,000 hours of service during the Plan year and is actively employed by the Company on the last day of the Plan year or (b) during the Plan year, has died, has become disabled or retired on or after normal retirement age, the Company may make a discretionary profit-sharing contribution in an amount determined by the Company's Board of Directors. There were no discretionary contributions made for the years ended December 31, 2022 and 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts: Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis. Each participant's account is credited with the participant's contributions and allocation of (a) the Company's matching contribution, (b) the Company's non-elective discretionary contributions, and (c) plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their salary deferral contribution and rollover accounts plus actual earnings thereon. Vesting in the Company's matching contributions and earnings thereon is based on years of service. A participant is fully vested in their employer contribution accounts after five years of vesting service, as defined in the Plan Document.

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years but may exceed five years for the purchase of a primary residence. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits: Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's termination of service due to retirement, death, or disability. The normal retirement date is the date upon which a participant reaches age 65. Participants may also receive in-service distributions at age 59 ½, and hardship distributions under certain circumstances, as defined. Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or elect to keep his or her vested balance in excess of $5,000 in the Plan. Vested account balances less than $5,000 and up to the dollar amount specified in Code Section 411(a)(11)(A) will be rolled over to an individual retirement plan designated by the Plan Sponsor without the participant's consent.

Forfeitures: Forfeitures of nonvested separated participants are applied toward future employer contributions or administrative expenses, as defined. Forfeited accounts totaled $664 at December 31, 2022 ($3,834 - 2021). Forfeitures used to reduce Company contributions amounted to $69,680 during the year ended December 31, 2022 ($26,399 - 2021).

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan prepares its financial statements on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements,* established a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: These investments are valued at the net asset value (NAV) of shares held by the registered investment companies at year-end. The investments are measured at fair value using quoted prices for identical assets, which are readily available Level 1 inputs.

Common collective trust fund: This investment is composed of a fully benefit-responsive investment contract that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money market fund: A money market fund is a public investment vehicle valued using $1 for the NAV.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 32,456,254	$ -	$ -	$ 32,456,254
Common collective trust fund (a)	-	-	-	2,177,895
Money market fund	526	-	-	526
Total investments at fair value	$ 32,456,780	$ -	$ -	$ 34,634,675

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 37,034,533	$ -	$ -	$ 37,034,533
Common collective trust fund (a)	-	-	-	1,852,424
Money market fund	3,730	-	-	3,730
Total investments at fair value	$ 37,038,263	$ -	$ -	$ 38,890,687

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share at December 31, 2022 and 2021:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	$ 2,177,895	n/a	Daily	12 Months

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	$ 1,852,424	n/a	Daily	12 Months

NOTE 4. FINANCIAL CERTIFICATION

The following unaudited financial information as of December 31, 2022 and 2021, as well as income and transactions for the years then ended, has been furnished by the Plan Administrator and was derived from information provided by Fidelity, the trustee of the plan, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

	2022	2021
Investments, at fair value:		
Mutual funds	**$ 32,456,254**	$ 37,034,533
Common collective trust fund	**$ 2,177,895**	$ 1,852,424
Money market fund	**$ 526**	$ 3,730
Notes receivable from participants	**$ 407,770**	$ 426,345
Transactions for the years ended:		
Interest and dividend income	**$ 1,542,597**	$ 1,817,988
Net (depreciation) appreciation in fair value of investments	**$ (7,572,377)**	$ 3,239,804
Interest income on notes receivable from participants	**$ 14,924**	$ 12,094

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2022 and 2021, Fidelity was the trustee of the Plan, therefore any transactions with Fidelity qualify as party-in-interest.

Fees paid by the Plan for administrative services amounted to $69,104 for the year ended December 31, 2022 ($96,566 - 2021).

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become fully vested in their account balances.

NOTE 7. TAX STATUS

The Plan adopted a non-standardized form of a prototype plan sponsored by Fidelity. The IRS has determined and informed Fidelity by a letter dated June 30, 2020, that the prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Form 5500:

	2022	2021
Net assets available for benefits presented in the financial statements	**$ 35,045,445**	$ 39,317,032
Differences in:		
Investments	**407,770**	426,345
