INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Bob Ciasulli Auto Group 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bob Ciasulli Auto Group 401(K) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

FLORIDA | NEW YORK | NEW JERSEY | CALIFORNIA | TEXAS

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE A - DESCRIPTION OF PLAN

The following description of the Bob Ciasulli Auto Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Bob Ciasulli Auto Group, Inc. and Subsidiaries and participating employers that have adopted the plan provisions (the "Company"). The basic plan entry requirements include completion of 6 months of service and an age requirement of at least eighteen years of age. Eligible employees are allowed to enroll in the plan on the first day of the Plan Year or the first day of the following month of the Plan Year after meeting eligibility criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On December 29, 2022, the Secure 2.0 Act of 2022 (SECURE 2.0 Act) was signed into law. The act introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. Each of the provisions have its own effective dates ranging from the date of enactment to 2028 and beyond. The Plan has adopted the required minimum distribution at age 73 effective January 1, 2023, and is in the process of evaluating other voluntary provisions. The Plan will incorporate changes in its plan document to the extent required by the SECURE 2.0 Act.

Contributions

Participants may contribute a percentage of their compensation to the Plan on a pre-tax basis through elective salary deferrals; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code in any calendar year. Participants of qualifying age may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan contains an automatic enrollment feature in which eligible employees are automatically enrolled to defer 3% of pay unless they complete an elective deferral agreement specifically opting out of or electing to defer at a different percentage. Contributions are subject to certain limitations.

The Company may make matching contributions as determined annually by the Company's Board of Directors. The Company may contribute additional discretionary amounts at the option of the Board of Directors. For the year ended December 31, 2022 the Company declared a discretionary matching contribution of \$200,000. The Company applied \$47,189 from the forfeiture account balance as of December 31, 2022. Additionally, the Company booked a receivable of \$152,811 as of December 31, 2022, consisting of a \$150,000 payment and \$2,811 of new forfeitures applied in 2023.

NOTE A - DESCRIPTION OF PLAN (Continued)

Investment Options

The Plan holds various investments made up of a common collective trust and mutual funds. The Plan also has a stable value fund contract choice which seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. All assets in the fixed income account are credited with interest using a declared monthly rate determined by Fidelity Management Trust Company ("Fidelity") and stated in advance.

Participants are permitted to direct the plan administrators as to respective percentages of their account balances to be invested. They are also permitted to change those percentages; and to direct the plan administrators to transfer a percentage of their accounts invested in the various accounts in accordance with guidelines established by the Plan. These balances can come from elective deferral contributions, participant and rollover contributions, and other contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of Plan earnings or losses. The participant accounts are also charged with a portion of the administrative expenses of the Plan. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferred contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after one year of service is completed and an additional 10% for second and third year of service, then 20% each three years thereafter. Participants are fully vested in Company contributions after six years of credited service.

Forfeitures

Any non-vested portion of the Company's matching contribution that a participant has lost the right to is called a forfeiture. These amounts should first be used to pay plan administrative expenses where any excess amounts should then be used to restore previously forfeited account balances of participants who have been rehired and any additional excess amounts after that will be used to reduce Company matching contributions. During 2022, total amount of forfeitures added is \$29,402. There were no forfeitures used during the year. At December 31, 2022 and 2021, the unused forfeiture account balance was \$47,189 and \$12,244, respectively.

NOTE A - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2022, outstanding loans bore interest rates ranging from 4.25% to 8.00%. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

On termination of service due to retirement, attainment of age 59 ½, termination of employment, death, or disability, the participant's account may be distributed to the participant or beneficiary (in the event of the participant's death) through either a lump sum payment or in installments. A participant is entitled to receive a payment in an amount equal to the vested value of his or her account. Also, under certain hardship circumstances, a participant may withdraw a portion of the amounts credited to their account. Benefits are recorded when paid.

Administrative Expenses

The administrative expenses of the Plan are paid for in part by the Plan through charges to the participant accounts and in part by the plan sponsor directly. For the year ended December 31, 2022, plan expenses charged to participant accounts were \$95,663. Net investment related expenses are included in net depreciation in fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts which is 100% of contract value.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts, changes therein and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The investment assets are reported by the custodian at their fair market value and are valued daily using publicly available quoted market prices. The change in market value from year to year are reported as unrealized gains and losses. The Plan does not share in the realized gains of the investments, just in the change in market value. In addition, certain investment assets generate interest and dividend income for the Plan. See Note E for discussion of fair value measurements.

NOTE C - UNAUDITED INFORMATION CERTIFIED BY TRUSTEE

Fidelity holds the Plan's investment assets and has certified that all information pertaining to investments included in the financial statements is complete and accurate. This investment information has not been audited by the independent auditors.

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2022</u>	<u>2021</u>
Investments	\$ 13,674,625	\$ 15,883,487
Net depreciation in fair value of investments	\$ (3,149,815)	
Interest and dividend income	\$ 317,360	

Investment balances and information is included in supplemental Schedule H.

NOTE D - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

**BOB CIASULLI AUTO GROUP 401(K) PLAN

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual Funds

The mutual funds are actively traded with publicly quoted pricing inputs. The Net Asset Values ("NAV") of the funds are available in an observable market and are classified within Level 1 of the valuation hierarchy.

Common Collective Trusts

This investment is a collective investment trust for which the net asset value is based on the market value of its underlying investment. The fund contains synthetic investment contracts comprised of both underlying investments and contractual components. The NAV is classified within Level 1 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2022			Fair Value
	Level 1	Level 2	Level 3

Total investments at fair value	<u>\$ 15,847,496</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,847,496</u>

NOTE F - STABLE VALUE FUND

In 2017, the Plan entered into a traditional fully benefit-responsive stable value fund contract with Fidelity totaling \$272,555 and \$35,991 for 2022 and 2021, respectively. Fidelity maintains the contributions in a general account. The account is credited with a stated interest rate that is provided at least 30 days prior to the effective date each plan year. Administrative fees and recordkeeping fees not paid by the employer may be charged against this fund as expenses. The stable value fund contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.90%. The crediting rate is reviewed on a quarterly basis for resetting. The stable value fund contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**BOB CIASULLI AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE F - STABLE VALUE FUND (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract (3) a material misrepresentation, or (4) a material amendment to the agreements without consent of the issuer.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated June 30, 2020 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan has determined that it does not have any material unrecognized tax benefits or obligations as of December 31, 2022. The 2019, 2020, and 2021 tax years remain subject to examination by major tax jurisdictions.

NOTE J - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in mutual funds and a common collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were \$95,663 for the year ended December 31, 2022.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 18, 2023, the date that the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Bob Ciasulli Auto Group 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bob Ciasulli Auto Group 401(K) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

FLORIDA | NEW YORK | NEW JERSEY | CALIFORNIA | TEXAS

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE A - DESCRIPTION OF PLAN

The following description of the Bob Ciasulli Auto Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Bob Ciasulli Auto Group, Inc. and Subsidiaries and participating employers that have adopted the plan provisions (the "Company"). The basic plan entry requirements include completion of 6 months of service and an age requirement of at least eighteen years of age. Eligible employees are allowed to enroll in the plan on the first day of the Plan Year or the first day of the following month of the Plan Year after meeting eligibility criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On December 29, 2022, the Secure 2.0 Act of 2022 (SECURE 2.0 Act) was signed into law. The act introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. Each of the provisions have its own effective dates ranging from the date of enactment to 2028 and beyond. The Plan has adopted the required minimum distribution at age 73 effective January 1, 2023, and is in the process of evaluating other voluntary provisions. The Plan will incorporate changes in its plan document to the extent required by the SECURE 2.0 Act.

Contributions

Participants may contribute a percentage of their compensation to the Plan on a pre-tax basis through elective salary deferrals; however, annual contributions may not exceed the maximum allowed under the Internal Revenue Code in any calendar year. Participants of qualifying age may make additional "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan contains an automatic enrollment feature in which eligible employees are automatically enrolled to defer 3% of pay unless they complete an elective deferral agreement specifically opting out of or electing to defer at a different percentage. Contributions are subject to certain limitations.

The Company may make matching contributions as determined annually by the Company's Board of Directors. The Company may contribute additional discretionary amounts at the option of the Board of Directors. For the year ended December 31, 2022 the Company declared a discretionary matching contribution of \$200,000. The Company applied \$47,189 from the forfeiture account balance as of December 31, 2022. Additionally, the Company booked a receivable of \$152,811 as of December 31, 2022, consisting of a \$150,000 payment and \$2,811 of new forfeitures applied in 2023.

NOTE A - DESCRIPTION OF PLAN (Continued)

Investment Options

The Plan holds various investments made up of a common collective trust and mutual funds. The Plan also has a stable value fund contract choice which seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year U.S. Treasury bills. All assets in the fixed income account are credited with interest using a declared monthly rate determined by Fidelity Management Trust Company ("Fidelity") and stated in advance.

Participants are permitted to direct the plan administrators as to respective percentages of their account balances to be invested. They are also permitted to change those percentages; and to direct the plan administrators to transfer a percentage of their accounts invested in the various accounts in accordance with guidelines established by the Plan. These balances can come from elective deferral contributions, participant and rollover contributions, and other contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution, and allocations of Plan earnings or losses. The participant accounts are also charged with a portion of the administrative expenses of the Plan. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferred contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after one year of service is completed and an additional 10% for second and third year of service, then 20% each three years thereafter. Participants are fully vested in Company contributions after six years of credited service.

Forfeitures

Any non-vested portion of the Company's matching contribution that a participant has lost the right to is called a forfeiture. These amounts should first be used to pay plan administrative expenses where any excess amounts should then be used to restore previously forfeited account balances of participants who have been rehired and any additional excess amounts after that will be used to reduce Company matching contributions. During 2022, total amount of forfeitures added is \$29,402. There were no forfeitures used during the year. At December 31, 2022 and 2021, the unused forfeiture account balance was \$47,189 and \$12,244, respectively.

NOTE A - DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. At December 31, 2022, outstanding loans bore interest rates ranging from 4.25% to 8.00%. Principal and interest is paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

On termination of service due to retirement, attainment of age 59 ½, termination of employment, death, or disability, the participant's account may be distributed to the participant or beneficiary (in the event of the participant's death) through either a lump sum payment or in installments. A participant is entitled to receive a payment in an amount equal to the vested value of his or her account. Also, under certain hardship circumstances, a participant may withdraw a portion of the amounts credited to their account. Benefits are recorded when paid.

Administrative Expenses

The administrative expenses of the Plan are paid for in part by the Plan through charges to the participant accounts and in part by the plan sponsor directly. For the year ended December 31, 2022, plan expenses charged to participant accounts were \$95,663. Net investment related expenses are included in net depreciation in fair value of investments.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts which is 100% of contract value.

**BOB CIASULLI AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts, changes therein and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The investment assets are reported by the custodian at their fair market value and are valued daily using publicly available quoted market prices. The change in market value from year to year are reported as unrealized gains and losses. The Plan does not share in the realized gains of the investments, just in the change in market value. In addition, certain investment assets generate interest and dividend income for the Plan. See Note E for discussion of fair value measurements.

NOTE C - UNAUDITED INFORMATION CERTIFIED BY TRUSTEE

Fidelity holds the Plan's investment assets and has certified that all information pertaining to investments included in the financial statements is complete and accurate. This investment information has not been audited by the independent auditors.

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2022</u>	<u>2021</u>
Investments	\$ 13,674,625	\$ 15,883,487
Net depreciation in fair value of investments	\$ (3,149,815)	
Interest and dividend income	\$ 317,360	

Investment balances and information is included in supplemental Schedule H.

NOTE D - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

**BOB CIASULLI AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual Funds

The mutual funds are actively traded with publicly quoted pricing inputs. The Net Asset Values ("NAV") of the funds are available in an observable market and are classified within Level 1 of the valuation hierarchy.

Common Collective Trusts

This investment is a collective investment trust for which the net asset value is based on the market value of its underlying investment. The fund contains synthetic investment contracts comprised of both underlying investments and contractual components. The NAV is classified within Level 1 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	December 31, 2022			Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	\$ 13,338,161	\$ -	\$ -	\$ 13,338,161

Total investments at fair value	<u>\$ 13,402,070</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,402,070</u>
	December 31, 2021			Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	\$ 15,810,148	\$ -	\$ -	\$ 15,810,148
Common collective trust	37,348	-	-	37,348
Total investments at fair value	<u>\$ 15,847,496</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 15,847,496</u>

NOTE F - STABLE VALUE FUND

In 2017, the Plan entered into a traditional fully benefit-responsive stable value fund contract with Fidelity totaling \$272,555 and \$35,991 for 2022 and 2021, respectively. Fidelity maintains the contributions in a general account. The account is credited with a stated interest rate that is provided at least 30 days prior to the effective date each plan year. Administrative fees and recordkeeping fees not paid by the employer may be charged against this fund as expenses. The stable value fund contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0.90%. The crediting rate is reviewed on a quarterly basis for resetting. The stable value fund contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

**BOB CIASULLI AUTO GROUP 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE F - STABLE VALUE FUND (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract (3) a material misrepresentation, or (4) a material amendment to the agreements without consent of the issuer.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE H - TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated June 30, 2020 that the prototype plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The Plan has determined that it does not have any material unrecognized tax benefits or obligations as of December 31, 2022. The 2019, 2020, and 2021 tax years remain subject to examination by major tax jurisdictions.

Net loss per Form 5500	<u>\$ (2,162,088)</u>

NOTE J - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in mutual funds and a common collective trust managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were \$95,663 for the year ended December 31, 2022.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 18, 2023, the date that the financial statements were available to be issued.
