INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Cambium Learning Profit Sharing Retirement Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Cambium Learning Profit Sharing Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Cambium Learning Profit Sharing Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Cambium Learning Profit Sharing Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cambium Learning Profit Sharing Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cambium Learning Profit Sharing Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cambium Learning Profit Sharing Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAMBIUM LEARNING PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Cambium Learning Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Effective December 31, 2021, the Plan Committee of Cambium Learning Group, Inc. resolved to accept the merger of the Lexia Learning Systems LLC 401(k) Plan (the "Merging Plan") and have given effect to the merger on December 31, 2021 (the "merger date"), with the Cambium Plan being the continuing plan. As a result of the merger, the assets and liabilities of the Lexia Learning Systems LLC 401(k) Plan, were merged into the Plan and participants of the Merging Plan became participants of the Plan. The amount transferred from the Merging Plan was \$40,047,040 and is recorded in the Plan's financial statements as of December 31, 2021.

General

The Plan is a defined contribution plan covering all full-time and certain part-time employees of Cambium Learning Group, Inc., ("Cambium" or "the Company"). The Plan was established on August 1, 1954, and was most recently restated effective January 1, 2022.

Covered employees are immediately eligible to participate in the Plan and may join or elect deferral percentage or investment election changes on any business day, effective at the next payroll processing date. The Plan is participant directed, and therefore, participants are allowed to select the investment funds into which they wish to contribute. The Plan is designed to qualify under Section 401(a) and the related provisions of the Internal Revenue Code (IRC) and is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, related to participant loans and distributions. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2022.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan to Fidelity Management Trust Company, (the "Trustee") and Massachusetts Mutual Life Insurance Company ("Mass Mutual"), an asset custodian of the Plan.

CAMBIUM LEARNING PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan - (Continued)

Contributions

Participants electing to make contributions to the Plan may contribute not less than 1% and no more than 75% of compensation, as defined by the Plan, on pre-tax or after tax (as Roth contributions) basis, up to a maximum allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of not less than 1% and no more than 100% of compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Contributions are limited in accordance with Internal Revenue Service (IRS) regulations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated investment fund until changed by the participant.

For 2022 the Company contributed up to 3% of eligible participants' annual compensation depending on the level of employee contributions. Additional amounts may be contributed at the option of the Company's board of directors. Company matching contributions are calculated each pay period and deposited into participant accounts with their employee contributions. After the completion of the Plan year, a true-up employer match is calculated and subsequently credited to participant accounts.

The Company contributed \$6,790,667 to the Plan for the year ended December 31, 2022. These contributions were calculated in accordance with the terms of the Plan. The participant contributions and rollovers totaled \$26,489,971 for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions (including rollovers), and an allocation of the Company's contributions, Plan earnings, and charged with any withdrawals or distributions, investment losses and an allocation of administrative expenses. Gains and losses resulting from market appreciation or depreciation, interest, and dividends are allocated on the basis of participants' account balances. Each participant directs the investments of his or her account to any of the investment options available under the Plan.

Vesting

Participants are immediately vested in their contributions and the Company contributions, as well as any investment earnings on these contributions.

Forfeitures

Forfeitures are used to offset future Company contributions. Forfeited balances available to reduce future Company contributions totaled \$74,525 at December 31, 2022 and \$39,966 at December 31, 2021. Forfeitures of \$36,031 were used to reduce Company contributions for the year ended December 31, 2022.

Payment of Benefits

Upon termination of employment with the Company or other specified events, a participant may elect to receive an amount equal to the value of the participant's interest in his or her account in either a lump-sum amount or in installments. Additionally, participants may request partial distribution of their account as allowed by the Plan and subject to IRS regulations, including withdrawals for financial hardships.

CAMBIUM LEARNING PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan - (Continued)

Notes Receivable from Participants

Participants can borrow the lesser of \$50,000 or 50% of their vested account balance, subject to IRS limitations. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%, set on the date the loan was distributed. The interest rates on notes receivable from participants ranged from 4.25% to 7.25% for the year ended December 31, 2022. Principal and interest are generally repaid through payroll deductions. Loan terms range from one to five years or ten years if made to finance the purchase of a primary residence.

Administrative Costs

Investment manager fees are offset against earnings on the related investments and allocated to participants. Participants were charged administrative fees, primarily loan administration and investment advisory fees, of \$133,042 in 2022. The stable value investment incurred administrative fees of \$5,453 in 2022. The Company paid certain other administrative expenses of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual amounts may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for a fully benefit-responsive investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 5). Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts because contract value is the amount Plan participants normally would receive if they were to initiate permitted transactions under the terms of the contract and Plan provisions (Note 6). The Plan determines the valuation policies utilizing information provided by the investment advisors, the Trustee, and Mass Mutual.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company which is the pay date. Company matching contributions are recorded in the year they are earned and to coincide with the year in which the Company records the contributions in its general ledger. The Plan records receivable for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year. Rollovers are recorded when received by the Plan's trust.

CAMBIUM LEARNING PROFIT SHARING RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies - (Continued)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, are paid by participants, and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022, or 2021, as repayments of principal and interest are generally received through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan document.

Payment of Benefits

Benefit distributions are recorded as a deduction of net assets available for plan benefits when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and changes therein.

Note 3 - Tax Status

The IRS has determined and informed FMR LLC, the provider of the Pre-Approved Plan, by letter dated June 30, 2020 that the Pre-Approved Plan which the Company has adopted and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, that the Plan and related trust are tax-exempt.

Note 4 - Information prepared and certified by the Trustee (unaudited)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Trustee, determined to be a qualified institution by the Plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) ("supplemental schedule"). The Trustee has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net depreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022; and,
- Investments and notes receivable from participants reflected on the supplemental schedule as of December 31, 2022.

Note 5 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access as of the measurement date.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 inputs).

Note 5 - Fair Value Measurements – (Continued)

Common/collective trusts

Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>159,293,471</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>159,293,471</u>
Total assets in fair value hierarchy	\$ <u>159,293,471</u>	\$ <u>-</u>	\$ <u>-</u>	159,293,471
Investments measured at NAV practical expedient (a)				<u>15,669,489</u>
Investments, at fair value				\$ <u>174,962,960</u>

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>59,143,074</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>59,143,074</u>
Total assets in fair value hierarchy	\$ <u>59,143,074</u>	\$ <u>-</u>	\$ <u>-</u>	59,143,074
Investments measured at NAV practical expedient (a)				<u>95,985,794</u>
Investments, at fair value				\$ <u>155,128,868</u>

(a) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statements of net assets available for benefits.

Note 6 - Separate Account Guaranteed Interest Contract

In 2012, the Plan entered into a fully benefit-responsive unallocated separate account guaranteed interest contract ("SAGIC") within a group annuity contract with Massachusetts Mutual Life Insurance Company ("MassMutual" or "issuer") as part of a stable value fund that is established and managed solely for the Plan. MassMutual maintains the contributions in a market value separate account with a general investment account guarantee that provides a stated rate of return and insulates participant accounts from daily fluctuations in the market. The separate account is credited with contributions and interest and charged for participant withdrawals and administrative expenses.

The SAGIC group annuity contract is fully benefit-responsive, therefore it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no allowances against contract value for credit risk of the contract issuer or otherwise. The contract value held by the Plan at December 31, 2022 and 2021 was \$11,350,514 and \$9,889,637, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include (1) amendments to the plan documents (including complete or partial Plan termination), (2) changes to the Plan's competing investment options, or (3) Plan sponsor events (for example, divestitures or spin-offs of a subsidiary, layoffs or early retirement programs) that cause a significant withdrawal from the Plan. No events are probable of occurring that might limit the Plan's ability to transact at contract value the contract issuer or with participants.

The SAGIC group annuity contract permits either the insurance company or the Plan to terminate the agreement with advance notice required. The contract does not have a maturity date.

Note 7 - Termination Priorities of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Participants are 100% vested in their accounts, and in the event of Plan termination, the net assets of the Plan would be allocated to participants as prescribed by ERISA and its related regulations.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2022 and 2021, to the net assets per the Form 5500 Schedule H:

	2022	2021
Net assets available for plan benefits per the financial statements	\$ 188,336,590	\$ 209,992,622
Deemed distribution of participant loans	<u>(838)</u>	<u>(803)</u>
Net assets per the Form 5500	\$ <u>188,335,752</u>	\$ <u>209,991,819</u>

The following is a reconciliation of the net decrease in net assets available for plan benefits per the financial statements for the year ended December 31, 2022, to the net loss per the 2022 Form 5500 Schedule H:

Net decrease per the financial statements	\$ (21,656,032)
Post default loan interest on deemed distributions of participant loans	<u>(35)</u>
Net loss per the Form 5500	\$ <u>(21,656,067)</u>

Note 9 - Related Party and Party-in-Interest Transactions

ERISA defines party-in-interest similar to a related party as defined under financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. We did not identify any related parties to the Plan that were not also considered to be party-in-interest. The Plan did not enter into any material related party transactions during the plan year related to compensation, arrangements, expense allowances or similar items.

Certain investments of the Plan were held in investment funds which were managed by the Trustee, and Fidelity Investments, an affiliate of the Trustee, and in a group annuity contract managed by MassMutual. Therefore, these transactions represent exempt party-in-interest transactions which are not prohibited by ERISA. Expenses in the amounts of \$138,495 were paid to MassMutual, Raymond James Financial Services, and Fidelity Investments during the Plan year and qualify as exempt party-in-interest transactions. Further, notes receivable from participants qualify as exempt party-in-interest transactions.

Note 10 - Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through September 13, 2023, which is the date the financial statements were available to be issued.
