Independent Auditor's Report

To the Administrative Committee of
the Smokin Joes Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Smokin Joes Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Smokin Joes Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Smokin Joes Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Smokin Joes Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Smokin Joes Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Smokin Joes Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SMOKIN JOES RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. **Plan Description**

The following is a brief description of the Smokin Joes Retirement Plan (the "Plan") provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, established on June 1, 1999, as permitted under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is sponsored by Joseph M. Anderson d/b/a Smokin Joes (the "Company") and covers certain related entities. Employees who are 21 years of age and have completed one year of service and have worked a minimum of 1,000 hours, as defined, are eligible to participate in the Plan.

Contributions - Participants may elect to make tax deferred contributions of their annual compensation, subject to limitations imposed by the IRC. Participants who attain the age of 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. Effective August 2021 the Plan allows Roth contributions and Roth rollover contributions. The Company provides a discretionary matching contribution equal to 25% of each participant's elective deferral, up to the first 6% of the participant's eligible wages, as defined.

Additionally, the Company may make a discretionary profit sharing contribution in an amount determined at the end of the Plan year by management. The contribution is allocated to participants based upon their percentage of compensation to the total compensation of all participants. The Company did not make any discretionary profit sharing contributions during the years ended December 31, 2022 and 2021.

Participants direct all contributions into various investment options offered by the Plan. Participants may change their investment allocations on a daily basis.

Participant Accounts - Each participant's account is credited with his or her contributions, the Company's contributions, and actual earnings thereon. Each participant's account is reduced by the actual amount of benefits paid on his or her behalf, investment losses, and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting **-** Participants are fully vested in their contributions and earnings thereon at all times. Vesting in the Company's contributions is based on years of continuous service as follows:

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80 %
6	100 %

Note 1. **Plan Description** *(Continued)*

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 9%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant will be paid in one lump sum in the form of a cash distribution, direct rollover distribution, or a combination of cash and direct roller distribution. Additionally, the Plan allows for hardship withdrawals, in certain circumstances, as defined.

Forfeited Accounts - Forfeited non-vested accounts totaled $798 at December 31, 2022 ($5,589 - 2021). These amounts will be used to first pay administrative expenses under the Plan and then to reduce future employer contributions to the Plan. The Plan used $4,845 of forfeitures to reduce plan expenses during the year ended December 31, 2022 ($2,155 - 2021)

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 2. **Summary of Significant Accounting Policies**

Basis of Accounting - The financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes both realized and unrealized gains and losses incurred during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses have been recorded at December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions payable at December 31, 2022 and 2021.

Benefit Payments - Benefits are recorded when paid.

Note 2. **Summary of Significant Accounting Policies** (Continued)

Administrative Expenses - Certain costs of administering the Plan are paid by the Company and are excluded from the accompanying financial statements. Fees related to the administration of notes receivable are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3. **Fair Value Measurements**

Accounting principles generally accepted in the United States of America establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- *Level 1* - Inputs to the valuation methodology that consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- *Level 2* - Inputs to the valuation methodology that include: (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs to the valuation methodology that are unobservable and are significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for Plan assets measured at fair value.

- *Registered investment companies* - Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

- *Collective trust fund* - Valued at the net asset value as the practical expedient based on the collective trust's underlying investments as determined by the fund's issuer. The objective of the trust is to provide current income in excess of money market and to reduce the risk of principal loss over time. The trust invests in U.S. government securities, corporate bonds, mortgage backed securities, asset backed securities and derivative instruments, including futures and swaps.

Note 3. **Fair Value Measurements** *(Continued)*

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used at December 31, 2022 and 2021. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, 2022 and 2021, with the exception of the collective trust fund which is measured at fair value using the NAV practical expedient. The fair value for the collective trust fund is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Note 4. **Information Prepared and Certified by Trustee**

The following financial information relating to the Plan's assets at December 31, 2022 and 2021, as well as investment income and investment transactions for the years then ended, have been derived from information provided by Fidelity Management Trust Company ("Fidelity"), the Trustee, and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited.

	2022	2021
Investments at fair value:		
Participant directed:		
Registered investment companies	$ 3,109,966	$ 4,336,494
Collective trust funds	$ 313,711	$ 244,936
Notes receivable from participants	$ 135,782	$ 122,139
Transactions for the year ended:		
Interest and dividends	$ 70,840	$ 298,574
Interest income on notes receivable	$ 12,690	$ 8,348
Net appreciation (depreciation) in fair value of investments	$ (1,195,181)	$ 289,907
Schedule of assets (held at end of year)	Refer to supplemental schedule (page 12)	

Note 5. **Party-in-Interest Transactions**

Fidelity was the Plan's Trustee for the years ended December 31, 2022 and 2021. Investments include registered investment companies sponsored by Fidelity; therefore, these transactions qualify as party-in-interest transactions. Interest and dividends and net appreciation (depreciation) in fair value of investments were $(1,064,980) and $556,292 in 2022 and 2021 respectively. The interest earned on notes receivable from participants also qualifies as a party-in-interest transaction and was $12,690 in 2022 ($8,348 - 2021). Additionally, the Plan utilizes a number of service providers, which also qualify as parties-in-interest. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. During the years ended December 31, 2022 and 2021, fees paid to Fidelity for the investment management services amounted to $23,401 and $20,756, respectively.

Note 6. **Income Tax Status**

The Plan and the related trust were established under a prototype plan that received a favorable tax opinion letter, dated June 30, 2020, from the Internal Revenue Service ("IRS") indicating that the features of the Plan, as then designed, were in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter; however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been provided for in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

Note 7. **Subsequent Events**

The Plan has evaluated subsequent events through August 21, 2023, the date the financial statements were available to be issued.

Note 8. **Risks and Uncertainties**

The Plan invests in multiple investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
