INDEPENDENT AUDITOR'S REPORT

September 7, 2023

To the Benefits Committee of the
Columbus McKinnon Corporation Thrift 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Columbus McKinnon Corporation Thrift 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Columbus McKinnon Corporation Thrift 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Columbus McKinnon Corporation Thrift 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Columbus McKinnon Corporation Thrift 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Columbus McKinnon Corporation Thrift 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Columbus McKinnon Corporation Thrift 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COLUMBUS MCKINNON CORPORATION THRIFT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Columbus McKinnon Corporation Thrift 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. A summary of the Plan's provisions is as follows.

General

The Plan is a defined contribution plan covering all United States domestic non-union and union employees of Columbus McKinnon Corporation (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 1, 2022 ("2022" Merger date), the Dorner Mfg. Corp. Profit Sharing and Incentive Savings Plan (Dorner) was merged into the Plan. The Company also merged the Garvey Corporation 401(k) Profit Sharing Plan (Garvey) into the Plan effective December 31, 2022. All assets of the Dorner Plan were held by Fidelity Investments and all assets of the Garvey Plan were held by Empower Trust Company, LLC.

Effective June 1, 2021 ("2021" Merger date), the Columbus McKinnon Corporation Hourly 401(k) Plan was merged into the Plan. The Company also merged CM Investment Plan into the Plan effective June 1, 2021. All assets of the Columbus McKinnon Corporation Hourly 401(k) Plan and CM Investment Plan were held by Fidelity Management Trust. Upon the Merger date, certain union employees covered by a collective bargaining agreement were eligible to participate in the Plan.

Eligibility

Prior to the 2021 Merger date of the Columbus McKinnon Corporation Hourly 401(k) Plan, employees were eligible on the first day of the month following 180 calendar days after their hire date. Effective June 1, 2021, certain union employees covered by a collective bargaining agreement with the Company are eligible to participate after 90 days of eligible service, with a plan participation date the first day of each month upon meeting the service requirement. Non-union employees are eligible to participate after 180 days of eligible service, as defined by the Plan, with immediate participation upon meeting the service requirement.

Contributions

Generally, newly eligible employees are automatically enrolled and deemed to make salary reduction contributions of 2% of eligible compensation, which will remain in effect from year to year until an affirmative elective is otherwise made. Certain employees covered by a collective bargaining agreement are exempt from the automatic enrollment feature of the Plan.

Participants in the Plan may elect that their base pay be reduced by a specified full percentage of at least 1% and not more than 100%, subject to certain Internal Revenue Code limitations. Employee contributions include rollover contributions from a participant's previous plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified pension plans. Participants are immediately vested in their contributions plus actual earnings thereon.

1. DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

Beginning April 1, 2012, the discretionary Company contribution was dependent upon the number of vested years for participants and whether the participant was eligible to accrue benefits under a defined benefit plan, as defined. The discretionary Company contribution for participants who were not eligible to accrue benefits under a defined benefit plan was 25%, 50%, and 100% of the first 6% of eligible employee compensation for participants that had vested years of service of 0-2 years, 3-6 years, and 7+ years, respectively. For participants that were eligible to accrue benefits under a defined benefit plan, as defined, the discretionary Company contribution was 50% of the first 6% of eligible employee compensation. Effective January 1, 2018, participants who are employees of the Company on January 1, 2018 were fully vested in these contributions. Employees who were no longer employed by the Company on January 1, 2018 were still subject to the vesting schedule. These contributions are not subject to withdrawal restrictions.

Beginning April 1, 2012, the Company also made a non-elective contribution equal to 2% of Base Pay, as defined, for participants that were not eligible to accrue benefits under a defined benefit plan. Effective January 1, 2018 this was amended to include all eligible participants. Prior to 2018, these contributions vested 20% after one year and 100% after two years of service, as defined in the Plan document. Contributions made on or after January 1, 2018 are vested after two years of service.

Effective April 28, 2020, in response to the COVID pandemic, the Company adopted an amendment to stop making non-elective contributions. Accordingly, no non-elective contribution were made for any participant with respect to eligible compensation. Effective April 1, 2021, the Company adopted an amendment to reinstate the non-elective contribution. Eligible employees are eligible to receive 2% of eligible Plan compensation during the Plan year. Certain participants under a collective bargaining agreement were eligible for a 1% non-elective contribution from the 2021 Merger date until September 20, 2021, with a 2% contribution thereafter.

Effective January 1, 2018, the Company adopted a safe harbor arrangement which includes matching contributions of 100% up to, and not exceeding, the first 4% of eligible employee compensation. These contributions are immediately fully vested and are subject to withdrawal restrictions as defined in the Plan document. For the participants who transferred into the Plan as of the 2021 Merger date, from the Columbus McKinnon Corporation Hourly 401(k) Plan, the Company matching contributions vary by union division in accordance with the associated collective bargaining agreement. In general, they consist of a fixed dollar amount or a percentage of base pay as defined in the Plan document.

Prior to the merger into the Plan, the CM Investment Plan was formed on December 1, 2020 as a qualified replacement plan (pursuant to Code Section 4080(d)(2)) following the termination of the Pension Plan for Bargaining Unit Employees of Columbus McKinnon Corporation (BUE Plan), which was sponsored by Columbus McKinnon Corporation. The assets associated with the termination of the Pension Plan for Bargaining Unit Employees of Columbus McKinnon Corporation (BUE Plan) are to be held in a suspense account and allocated ratably over seven plan years to eligible participants (participant allocations) subsequent to the BUE Plan termination. The Plan allocated \$2,271,438 and \$717,499 from the suspense account to each eligible participant's account for the years ending December 31, 2022 and 2021, respectively. These allocations are credited to the Participant's non-elective contribution account and shall offset, on a dollar per dollar basis, the Company's non-elective contributions during the plan year.

1. DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

Participants may elect to have their employee and employer contributions invested in various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings/(losses) and charged with an allocation of the administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$61,466 and \$22,539, respectively. These accounts will be used to reduce future employer contributions. During 2022 and 2021, accumulated forfeitures of \$5,863 and \$159,060, respectively, were used to reduce Company contributions.

Notes Receivable from Participants

Participants may borrow from their accounts in accordance with the rules as prescribed in the Plan Document. Loans are limited to the lesser of one-half of the value of the participant's vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. A participant may have only one loan outstanding at a time.

Payment of Benefits

Participants may normally elect to withdraw their funds from the Plan upon termination of service, death, disability, attaining age 59½, or earlier in the event of financial hardship. Employees may elect to defer their benefit distributions up to and including age 70½ or past age 70½ until they cease to be an employee. Benefits are recorded when paid.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on assets bought and sold as well as held during the year.

During 2021, the Plan's assets were invested in the Columbus McKinnon Corporation 401(k) Plans Master Trust (the Master Trust) sponsored by Columbus McKinnon Corporation (the Company) and maintained by Fidelity Management Trust Company (Fidelity).

The Master Trust was established for the investment of assets of the Plan and the Columbus McKinnon Corporation Hourly 401(k) Plan. The investments in the Master Trust (see Note 4) were valued at fair value as reported by the trustee based upon quoted market prices. All assets of the Master Trust were held by the Columbus McKinnon Corporation Thrift 401(k) Plan, as further described in Note 1, effective June 2021. The Master Trust was subsequently dissolved after the 2021 Merger date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

3. PARTY-IN-INTEREST TRANSACTIONS

During the years ended December 31, 2022 and 2021, Empower Annuity Insurance Company of America and Empower Trust Company, LLC and Fidelity Management Trust Company were the Trustees of the Plan, therefore any transactions between the Plan and Empower Annuity Insurance Company of America and Empower Trust Company, LLC and Fidelity Management Trust Company, qualify as party-in-interest.

Notes receivable from participants of \$1,702,125 and \$1,633,535 as of December 31, 2022 and 2021, respectively, with interest rates ranging from 4.25% to 8.00% and 4.25% to 7.50% for the years ended December 31, 2022 and 2021 respectively, also qualify as party-in-interest transactions.

4. INVESTMENT IN MASTER TRUST

The Master Trust was maintained by Fidelity and was established for the investment of assets of the Plan and the Columbus McKinnon Corporation Hourly 401(k) Plan. Each participating retirement plan had an undivided interest in the Master Trust. All transfers to, withdrawals from, or other transactions regarding the Master Trust were conducted in such a way that the proportionate interest in the Master Trust for each plan and the fair market value of that interest could be determined at any time. Whenever the assets of more than one plan were commingled in the Master Trust or in any investment option, the undivided interest therein of each such plan were to be debited or credited (as the case may be) (i) for the entire amount of every contribution received on behalf of such plan, every benefit payment, or other expense attributable solely to such plan, and every other transaction relating only to such plan; and (ii) for its proportionate share of every item of collected or accrued income, gain or loss, and general expense, and of any other transactions attributable to the Master Trust or that investment option as a whole. All assets of the Master Trust were held by the Columbus McKinnon Corporation Thrift 401(k) Plan, as further described in Note 1, effective June 2021. The Master Trust was subsequently dissolved after the 2021 Merger date.

The following table presents the net appreciation in fair value of investments and dividend and interest income of the Master Trust for the period January 1, 2021 through June 1, 2021:

	<u>2021</u>
	<u>Master Trust</u>

All investment information disclosed in the financial statements, including investments held, interest and dividends, net investment income and other changes in net assets of the Master Trust, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

5. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2022 and 2021 has been derived from information provided by Empower Annuity Insurance Company of America and Empower Trust Company, LLC and Fidelity Management Trust Company, the trustees of the Plan, and have been certified by them as complete and accurate. The incorporation of this financial information in the financial statements is based solely on their certification and has not been audited by independent accountants.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan have the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

6. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Quoted prices in principal active markets for identical assets as of the valuation date.

Common/Collective Trust: The common/collective trust consists of various investments, which are valued as follows:

- Debt securities, including restricted securities are valued based on evaluated prices received from independent pricing services or from dealers who make markets in such securities. For corporate bonds and U.S. government and government agency obligations, pricing services utilize matrix pricing which considers yield or price of bonds of comparable quality, coupon, maturity and type as well as dealer-supplied prices. For asset backed securities, collateralized mortgage obligations, commercial mortgage securities and U.S. government agency mortgage securities, pricing services utilize matrix pricing which considers prepayment speed assumptions, attributes of the collateral, yield or price of bonds on comparable quality, coupon, maturity and types as well as dealer-supplied prices. When independent prices are unavailable or unreliable, debt securities may be valued utilizing pricing matrices which consider similar factors that would be used by independent pricing services.
- The common/collective trust does not have any unfunded commitments relating to its investments, or any significant restrictions on redemptions other than the following. The portfolio may invest in securities that are subject to legal or contractual restrictions on resale. These securities generally may be resold in transactions exempt from registration or to the public if the securities are registered. Disposal of these securities may involve time-consuming negotiations and expense, and prompt sale at an acceptable price may be difficult. The value of these securities amounts to approximately 1% of net assets available for benefits of the common/collective trust.
- The beneficial interest in the net assets of the portfolio is represented by units. Net asset value per unit is determined each business day. Issues and redemptions of units are recorded, upon receipts of unitholder's instructions in good order, based on the next determined net asset value per unit normally each business day. In unusual market conditions, the common/collective trust's trustee may impose restrictions on issues and redemptions of units. The fund is valued at the net asset value (NAV) of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.
- In the normal course of business, the portfolio may enter into contracts that provide general indemnifications. The portfolio's maximum exposure under these arrangements is unknown as this would be dependent on future claims that may be made against the portfolio. The risk of material loss from such claims is considered remote.

6. FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Assets at Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments				<u>\$ 181,886,919</u>

The following table sets forth, by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2021:

Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments:				
Mutual funds	\$177,224,889	\$ -	\$ -	\$ 177,224,889
Common collective trust, at net asset value (a)				<u>16,047,828</u>
Total investments				<u>\$ 193,272,717</u>

(a) In accordance with the FASB authoritative guidance regarding fair value measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

7. GROUP ANNUITY CONTRACT

The Plan allows participants to direct their contributions into an investment contract with Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America maintains the contributions in a general account. Participant principal and interest are fully guaranteed by the general account assets of Empower Annuity Insurance Company. The group annuity contracts credit interest daily to the group contract holder on a portfolio basis. The credited interest rate may stay the same or change each quarter. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events might limit the ability of the Plans to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

7. GROUP ANNUITY CONTRACT (Continued)

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the fully benefit-responsive investment contract.

Certain events limit the Plan's ability to transact at contract value. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

8. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 1, 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through September 7, 2023, which is the date the financial statements were available to be issued.
