INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Plan Participants
Marshall Farms Group, Ltd.
401(k) Profit Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Marshall Farms Group, LTD. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Marshall Farms Group, LTD. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Marshall Farms Group, LTD. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Marshall Farms Group, LTD. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Marshall Farms Group, LTD. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Marshall Farms Group, LTD. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year – December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. MARSHALL FARMS GROUP, LTD. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE A: DESCRIPTION OF THE PLAN

The following description of Marshall Farms Group, Ltd. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Marshall Farms Group, Ltd. (the “Company”) and Marshall Pet Products, Inc. On August 1, 2018, the Plan was amended to include all eligible employees of MBR Waverly LLC. When eligible, participants in the Plan are automatically enrolled at a 2% deferral rate unless they opt out. In November 2020, the Plan was amended to increase the automatic enrollment deferral rate from 2% to 5%, for employees hired on or after January 1, 2021. The only requirement is that an employee must be 18 years of age. There is no service requirement in order to make elective deferrals or to receive the employer match, as defined by the Plan agreement. The Plan includes a discretionary employer contribution. In order to be eligible to receive the discretionary employer contribution, a participant must be over the age of 18, have 1,000 hours of service, and must be employed by the Company on the last day of the plan year. On June 1, 2003, the Marshall Farms Group, Ltd. Employees Money Purchase Pension Plan was merged into the Plan. The transferred net assets have been included in the participant accounts of the Plan as of that date at their balances as previously carried in their accounts in the Money Purchase Plan. At that time, participants became 100% vested in their accounts previously held in the Money Purchase Pension Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute a percentage of their annual wages to the Plan. The Company makes a safe harbor matching contribution of an amount that equals 100% of salary deferrals up to 5% of the employee's eligible compensation. Additional non-elective contributions may be made at the option of the Company's Board of Directors. The amount of the contributions are not to exceed legal limits set by the Internal Revenue Service.

Participant accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution and the Plan's earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the Company's non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Non-elective contributions contributed after January 1, 2007 are 100% vested after six years of credited service.

Payment of benefits

Distributions may be made from vested account balances in excess of \$5,000, with participant consent, under the following conditions: separation from service, upon attainment of age 50 (distributions limited to non-elective contributions), or upon participant's attainment of normal retirement age of 62 as provided for in the Plan and in government regulations. Vested account balances that are less than \$5,000 but greater than \$1,000 upon separation of service will be paid in one lump-sum distribution or directly rolled over to an IRA if no distribution election is made in accordance with the provisions of the Plan. Vested account balances under \$1,000 will be paid in one lump-sum distribution in accordance with the provisions of the Plan.

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2022 AND 2021

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Notes receivable – participant loans

Participants are entitled to borrow from their accounts subject to certain limitations. The loans are payable over terms up to 5 years, with the exception of a loan used to acquire a principal residence by a participant may be repaid over a longer, reasonable period of time, not to exceed fifteen years. The loans bear interest at the prime rate plus 1% on the date of loan origination. Interest rates range from 4.25% to 8%. Principal and interest payments on the loans are redeposited in the participants' accounts based on their current allocation elections. Notes receivable – participant loans are measured and valued at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Forfeitures

Participants who terminate employment prior to the vesting of the employer non-elective contributions to their retirement accounts forfeit their non-vested portion. Such forfeitures are used to reduce future employer contributions. For the years ended December 31, 2022 and 2021, approximately \$15,000 and \$115,000 respectively, of forfeitures were used to reduce employer contributions. The Plan had forfeiture balances of approximately \$32,000 and \$118,000 as of December 31, 2022 and 2021, respectively.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Valuation of investments and income recognition

Certain investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales are made and recorded as needed, when a contribution is made to the Plan, when a distribution is made from the Plan or when a participant changes his or her investment election.

Historical cost is used to determine the net appreciation (depreciation) of investments, as reported by the Plan's custodian. Interest and dividend income is recorded as earned.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

The Plan has entered into a Revenue Credit program whereby, on a periodic basis, the Plan receives credits to an ERISA account. Qualified plan expenses may be paid from the ERISA account. During the years ended December 31, 2022 and 2021, the Plan received approximately \$124,000 and \$123,000, respectively, from the Trustee and has reflected the receipt as a deduction from administrative expenses. At December 31, 2022 and 2021 there was approximately \$18,700 and \$1,100, respectively, remaining in the ERISA account, and is included in the Plan's net assets.

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2022 AND 2021

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Payment of benefits

Benefits are recorded when paid.

Net assets transferred to another plan

During the year ended December 31, 2021 there was a transfer of a participant's account balance to a related party retirement plan. There were no transfers during the year ended December 31, 2022.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through September 8, 2023, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: CERTIFIED INVESTMENTS (UNAUDITED)

NOTE D: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 - Quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Instruments whose significant inputs are unobservable

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are actively traded open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to report their daily net asset value and to transact at that price.

Common/collective trust: Valued at the net asset value reported by the fund as a practical expedient. There are no unfunded commitments and investments can be redeemed on a daily basis without restriction and are not subject to redemption notification provisions except in the case of a plan-level liquidation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statement of net assets available for benefits.

NOTE E: PLAN TERMINATION

MARSHALL FARMS GROUP, LTD. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2022 AND 2021

NOTE F: TAX STATUS

The Plan obtained its latest opinion letter for the Capital Group Retirement Plan Services Non-Standardized Pre-Approved Profit Sharing/Money Purchase / CODA Plan in June 2020, in which the Internal Revenue Service stated that the Non-Standardized Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2019.

NOTE G: TRANSACTIONS WITH PARTIES-IN-INTEREST

Since American Funds and Morgan Stanley perform services for the Plan, investments sponsored by related organizations are considered party-in-interest transactions, which are exempt from prohibited transaction rules.

As described in Note B, the Plan paid certain expenses related to the Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

However, the total change in net assets for the years then ended agreed between the financial statements and Form 5500, other than as noted above.

NOTE I: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
