Independent Auditor's Report

To the Trustees of
Legend Bank Employee Stock Ownership and 401(K) Plan
Bowie, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Legend Bank Employee Stock Ownership and 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Legend Bank Employee Stock Ownership and 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Legend Bank Employee Stock Ownership and 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Legend Bank Employee Stock Ownership and 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Legend Bank Employee Stock Ownership and 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We have audited the 2021 financial statements, and in our report dated September 12, 2022, we expressed an unmodified opinion on those 2021 financial statements.

LEGEND BANK EMPLOYEE STOCK OWNERSHIP and 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Legend Bank Employee Stock Ownership and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan covering all eligible employees of Legend Bank, N.A. and its affiliated companies (the Company). The Plan is established to comply with Internal Revenue Code Sections 4975(e)(7). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The common stock of Legend Bank, N.A. (the Company) is 100% owned by Legend Bancorp, Inc., therefore, all employer stock under the Plan is common stock of Legend Bancorp, Inc.

Eligibility

A new employee becomes eligible to participate in the compensation deferral portion of the Plan upon attaining 21 years of age and completion of 90 days of service. New employees become eligible to participate in the profit sharing and employee stock ownership plan (ESOP) contributions upon attaining 21 years of age and completion of an eligibility period in which they have been credited with at least 1,000 hours of service.

Entry Date

Entry dates for the Plan are January 1, April 1, July 1, and October 1 following satisfaction of eligibility requirements.

Contributions

Participants can make elective contributions to the 401(k) portion of the Plan through salary deductions, as defined in the Plan, not to exceed the maximum IRS limits. Employees may not elect that salary deductions be used to buy Company stock. The Company match of employee contributions is directed to a money market account that is used to purchase Company stock when appropriate funding levels have been met. The Company makes a safe harbor match equal to 100% of employee contributions up to 6% of employee annual compensation in the form of a 401(k) fund match or in Company stock. An additional discretionary profit sharing Company match may also be contributed. The Company makes additional ESOP contributions to employees at the sole discretion of the Board of Directors. Allocation of contributions are done on a prorata basis on eligible participants' compensation. In 2022 and 2021, the Company did not make an additional discretionary profit sharing match or ESOP contributions. Rollover contributions are allowed if they meet certain requirements of the Plan. Participants can make elective Roth contributions to the 401(k) portion of the Plan through salary deductions, as defined in the Plan, not to exceed the maximum Internal Revenue Service (IRS) limits.

Investment Options and Participant Accounts

Participants are allowed to direct the investment of their contributions and allocations of account balances in available investment options within the 401(k) portion of the Plan. The Employer may elect to invest any Employer Contributions in Legend Bancorp, Inc. common stock without participant direction. The investment in Legend Bancorp Inc., common stock may be limited by availability and

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN – continued

limited to current employees. In addition, once Employer Directed Contributions are invested in Legend Bancorp, Inc. common stock, participants do not have the option to change this investment.

Participants select the direction of their remaining account balance amount among various mutual funds investment options as described in the Plan documents. Participants may change their mutual fund options daily.

Each participant's account is credited with the participant's contribution, the Company's discretionary contributions and allocation of the Plan's earnings and is charged with the allocation of administrative expenses.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the safe-harbor contributions and Company's contribution portion of their accounts is based on years of continuous service. Vesting is based on years of credited service as set forth in the following table:

<u>Years of Service</u>	<u>Vested Percentage</u>	<u>Forfeited Percentage</u>
Less than 3 years	0%	100%
3 or more years	100%	0%

Vesting in the ESOP Contribution – Stock and ESOP Contribution – Cash accounts for participants is based on years of service, as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>	<u>Forfeited Percentage</u>
Less than 2 years	0%	100%
2	20%	80%
3	40%	60%
4	60%	40%
5	80%	20%
6 or more years	100%	0%

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance for specified purposes. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1-5 years, with an exception for up to 20 years for use in securing the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at 1% above prime rate. Principal and interest are paid ratably through payroll deductions. Participants may have no more than two outstanding loans at any one time.

Payment of Benefits

On termination of service, a participant will receive benefits equal to the value of his or her vested account balance. If the vested benefit upon termination of employment in the Plan does not exceed \$5,000, then the balance will be distributed automatically. Otherwise, distributions are made at the participant's election. If a participant's vested balance is at or below \$25,000, the participant will receive payment of benefits in a single lump-sum.

LEGEND BANK EMPLOYEE STOCK OWNERSHIP and 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN – continued

For accounts with a vested balance above \$25,000, the 401(k) portion and stock purchase account are paid in a single sum, with the ESOP portion of the account being paid in a series of up to five annual installments based on the balance of the ESOP account. The ESOP portion over \$25,000 may be paid in one lump-sum based on approval from the Benefit Committee, effective June 25, 2013. The Plan is committed to make payments to terminated participants. Based on the current value of the participants' accounts, as of December 31, 2022, the amount of \$3,890,252 is to be paid over the next four years.

The normal retirement age is the date a participant attains 65 years of age. If a participant has reached normal retirement age, distributions may be made, at the participant's election, from accounts that are 100% vested, without requiring the participant to terminate employment.

Forfeited Accounts

Forfeitures of Company contributions will first be used to pay administrative expenses. Forfeitures of matching contributions will be used to reduce the Company's matching contribution under the Plan. Any remaining forfeitures will be added to discretionary Company contributions. The amount of forfeitures for the years ended December 31, 2022 and 2021 was \$2,724 and \$2,482, respectively. There were no reductions in employer contributions from forfeited non-vested accounts during the year ended December 31, 2022 or 2021.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. If the Trustee does not timely receive voting directions from a participant or beneficiary, the Trustee shall vote the shares on behalf of the collective best interest of the Plan participants and beneficiaries.

Limitation of Investment in Company Stock

The Board of Directors placed a maximum limit on Company stock that the Plan can own. This maximum percentage is to not be greater than 25% of Company stock.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Employer stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In

NOTES TO FINANCIAL STATEMENTS

the sixth year, the percentage changes to 50 percent. Participants who elect to diversify will have funds transferred to other investment options available under the 401(k) provisions of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Governance

The Benefits Committee of Legend Bank, N.A. determines the appropriateness of the Plan's investment offerings, and monitors investment performance and reports to the Plan's Board of Trustees.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit- responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

LEGEND BANK EMPLOYEE STOCK OWNERSHIP and 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES - continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through August 16, 2023, the date the financial statements were available to be issued.

NOTE 3: INVESTMENTS

The Plan's investments consist of investments in Company stock as of December 31, and are as follows:

	<u>2022</u>	<u>2021</u>
Legend Bancorp, Inc. Common Stock		
number of shares held	142,868	142,868
Cost	\$ 11,578,974	\$ 11,578,974
Fair Value	\$ 19,715,782	\$ 19,001,442

During the year ended December 31, 2022 the Plan did not purchase shares. During the year ended December 31, 2021 the Plan purchased 26,188 shares for a total of \$3,142,560.

NOTE 4: CERTIFIED INFORMATION

Other than company stock and the related appreciation in fair value, certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments held at December 31, 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Hand Benefits & Trust Company (the custodian of the plan). Company stock of \$19,715,782 and \$19,001,442 as of December 31, 2022 and 2021, respectively, and appreciation in fair value of \$714,340 for the year ended December 31, 2022 were not certified by the custodian.

NOTE 6: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted process in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 6: FAIR VALUE MEASUREMENTS - continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - Valued at fair value based on the NAV of units held of the collective fund. The NAV is based on the observable market prices of the underlying investments within the fund less liabilities. The NAV for the underlying assets of the fund is a readily determinable measure of their fair value and is the basis used by the fund for current transactions.

Legend Bancorp, Inc. Common Stock- The fair value of the Company common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities.

The valuation process involves Plan management's selection of the independent appraiser. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which Plan management, along with the Plan trustee, reviews in detail, discusses and approves. The results of this process are documented in the minutes of Plan fiduciary.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,383,688	\$ -	\$ -	\$ 7,383,688

Changes in Fair Value of Level 3 Assets

The table below sets forth certain changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2022, and 2021:

<u>Legend Bancorp, Inc. Common Stock</u>	<u>2022</u>	<u>2021</u>

Transfers out	-	-
Purchases	-	3,142,560

NOTE 7: CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive group annuity contract (GAC) with Standard Insurance Company. Standard Insurance Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GAC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The GAC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date without reasonable cause.

Because the GAC is fully benefit-responsive, contract value is the relevant measure for the GAC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2022 and 2021 was \$1,252,189 and \$946,557, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination, merger with another plan or corporate relocation, (2) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (3) retirement incentive programs, (4) the liberalization of the plan withdrawal of transfer rules or (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the participants are probable of occurring.

Standard Insurance Company may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the Plan within a reasonable period of time. Upon termination by Standard Insurance Company, a market value adjustment may apply.

NOTE 8: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments in common collective trust are managed by Benefit Plan Administrative Services, Inc. (BPA), the custodian of the Plan's assets. Certain Plan investments are group annuity contracts managed by Standard Insurance Company. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Dividends of \$952,930 and \$825,394 were paid by Legend Bancorp, Inc. to the Plan during the year ended December 31, 2022, and 2021, respectively. Administrative expense paid by the Plan to BPA or Frost Bank for the years ended December 31, 2022 and 2021 amounted to \$113,239 and \$106,217, respectively. These transactions qualify as exempt party-in-interest transactions under ERISA.

NOTE 9: TAX STATUS

The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of employer securities, mutual funds, common collective trust, and group annuity contract offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks, as well as, valuation assumptions based on earnings and cash flows. Due to the level of risk associated with certain investment securities, including estimations and assumptions process associated with the investment in the common stock, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11: PLAN AMENDMENTS

The Plan had no significant amendments during the years ending December 31, 2022, and 2021.
