INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator,
CoWorx Staffing Services 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of CoWorx Staffing Services 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of CoWorx Staffing Services 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CoWorx Staffing Services 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CoWorx Staffing Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CoWorx Staffing Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplementary Schedules Required by ERISA

The supplementary schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2021 and schedule H, part IV, line 4a - schedule of delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of CoWorx Staffing Services 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

CoWorx Staffing Services 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the CoWorx Staffing Services 401(k) Plan (the "Plan") set forth herein is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of CoWorx Staffing Services LLC and its participating affiliated companies (collectively, the "Company") who satisfy the Plan's age 21 requirement and service conditions. Highly compensated employees as defined under the Internal Revenue Code ("IRC") are not eligible to participate. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During the year 2021, the Plan had two separate trustees. As of December 31, 2020 the Plan's trustee was Lincoln Financial Group Trust Company ("Lincoln"). Lincoln maintained the Plan's assets during the year 2021 from January 1, 2021 to November 15, 2021. As of November 16, 2021 the Plan transferred assets directly to Principal Trust Company ("Principal"), in which Principal maintained the Plan's assets for the remainder of the year ended December 31, 2021.

Contributions

The Plan provides for participants to defer up to 90% of their salary, as defined in the Plan. Participants may also make rollover contributions from other qualified plans. Contributions to the Plan are limited to the maximum amount allowable by law. Participants who have attained age 50 are eligible to make a catch-up contribution, subject to annual limitation. The Plan provides for an automatic deferral contribution of 3% of compensation for certain participants (as defined in the Plan) if the participant does not make a specific election.

Participants direct their contributions into various investment options offered by the Plan.

The Company may contribute employer matching contributions (as defined) or profit sharing contributions (as defined). The amounts of such contributions are determined by the Company each year. The Plan provides for matching contributions to certain participants of 1% of participant compensation, provided the participant contributes at least 3% of compensation. No profit sharing contributions were contributed in 2021 or 2020.

Participant Accounts

Each participant's account is credited with the participant's and employer's contributions and an allocation of Plan investment earnings and losses as well as reduction for withdrawals and administrative expenses. Investment earnings and losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions and Company match and profit sharing contributions, plus actual earnings thereon, if they began service with the Company prior to July 1, 2016. Participants that begin service with the Company July 1, 2016 or later are subject to the following vesting provisions, based on years of service, as defined in the Plan document. For Company profit sharing contributions, a participant becomes 20% vested after 2 years of service, 40% vested after 3 years of service, 60% vested after 4 years of service, 80% vested after 5 years of service, and 100% vested after 6 years of service. For Company matching contributions, a participant becomes 33 1/3% vested after 1 year of service, 66 2/3% vested after 2 years of service, and 100% vested after 3 years of service.

CoWorx Staffing Services 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Notes Receivable from Participants

Participants may borrow up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with market rates for similar loans at the inception of the note. Loans are due within 5 years, unless it is for the purchase of a primary residence, for which the Plan administrator may permit a longer repayment period. For the years ended December 31, 2021 and 2020, interest rates on outstanding loans ranged from 4.25% to 6.50%.

Payment of Benefits

Upon termination of employment, death, or retirement, a participant (or beneficiary, if applicable) may receive a lump-sum (or rollover) amount equal to the value of the participant's vested interest in his or her account. Account balances between \$1,000 and \$5,000 will be automatically rolled over into an Individual Retirement Arrangement ("IRA") account and balances of \$1,000 or less will be automatically paid to the participant (or beneficiary, if applicable) if an affirmative election to receive a distribution or rollover is not made.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document and loan policy.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses (which includes professional fees) of the Plan are paid by the Company ("Plan Sponsor") and/or the Plan. Some or all investment advisory, record keeping, and management fees are deducted directly from the Plan's investment funds and are not readily determinable.

CoWorx Staffing Services 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Risks and Uncertainties

The Plan provides for various investment options in registered investment companies and an insurance company contract. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments and their level of uncertainty related to the changes in their values, it is at least reasonably possible that changes in values in the near term could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2021, the Plan's investments were sponsored and managed by both custodians, Lincoln Financial Group Trust Company, Inc., and Principal Trust Company. As the Plan's custodians, transactions qualify as exempt party-in-interest transactions. Certain administrative expenses of the Plan are paid by the Company. Personnel and facilities of the Plan Sponsor have been used to perform administrative functions for the Plan at no charge to the Plan. These functions are also exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

4. TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by determination letters dated August 12, 2013 and August 28, 2013, after an amended and restated Plan document stated as effective January 31, 2013 was submitted, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has since been amended, the Plan administrator believes that the Plan and its underlying trust are currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

5. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

No auditing procedures were performed by the independent public accountants as permitted by ERISA Section 103(a)(3)(c) with respect to information certified as complete and accurate by Principal, except for comparing such information to the related information included in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2021 and 2020.

CoWorx Staffing Services 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

- Investments and notes receivable from participants, as shown in the statement of net assets available for benefits as of December 31, 2021 and 2020
- Investment income and interest on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2021
- Schedule H, part IV, item 4i - schedule of assets (held at end of year) as of December 31, 2021

6. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards board established a framework for measuring fair value. In determining fair value, various valuation techniques are utilized, and observable inputs are prioritized. The availability of observable inputs varies from instrument to instrument and depends on a variety of factors including the type of instrument, whether the instrument is actively traded, and other characteristics particular to the transaction. For many financial instruments, pricing inputs are readily observable in the market, the valuation methodology used is widely accepted by market participants, and the valuation does not require significant management discretion. For other financial instruments, pricing inputs are less observable in the marketplace and may require management judgment.

The inputs used to measure fair value are assessed using a three-tier hierarchy based on the extent to which inputs used in measuring fair value are observable in the market. Level 1 inputs include quoted prices in active markets for identical instruments and are the most observable. Level 2 inputs include quoted prices for similar assets and inputs such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are not observable in the market and include management's judgments about the assumptions market participants would use in pricing the asset. In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered Investment Companies: Shares of registered investment companies held by the Plan are valued at year-end quoted market prices.

Common Collective Trust: Contract value of the Common Collective Trust ("CCT") represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. Investments I wrapper contracts are reported at fair value as determined using a discounted cash flow model, which considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities. Net asset value of the underlying funds is reported by the investment advisor using the audited financial statements of the collective trust at year-end.

The investment in CCT is valued as a practical expedient utilizing the net asset valuation ("NAV"). The use of NAV is deemed appropriate as the CCT do not have a finite life, unfunded commitments relating to the types of investment, or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable the the Plan will set a portion of the investment at an amount different from the NAV.

CoWorx Staffing Services 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2021 and 2020 are reported in net appreciation in fair value of investments.

Investments, at fair value, comprise registered investment companies at December 31, 2021 and 2020 and are valued using Level 1 inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	2021			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 9,226,480	\$ -	\$ -	\$ 9,226,480
Investments, at fair value (a)				\$ 9,226,480

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	2020			Total
	Level 1	Level 2	Level 3	
Registered investment companies	\$ 8,209,891	\$ -	\$ -	\$ 8,209,891
Investments, at fair value (a)				\$ 8,209,891

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

7. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a benefit-responsive guaranteed investment contract with Lincoln. The Lincoln Stable Value account was a fixed annuity contract issued by Lincoln that guaranteed a fixed rate of interest. The credited interest rate may be based on an index rate specified in the contract or a declared rate, either of which may be changed quarterly and will never be below the minimum guaranteed rate of 1.00% a year. Upon the custodian transfer to Principal that occurred during the year ended December 31, 2021, the Plan entered into a guaranteed general-account backed annuity contract issued by Principal Life Insurance Company. The crediting rate contractually guaranteed by Principal Life Insurance Company is credited to participant account balances. As of December 31, 2021, the crediting rate of the Principal Guaranteed Option was 1.65% and as of December 31, 2020, the crediting rate of the Lincoln Stable Value account was 1.75%.

CoWorx Staffing Services 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) Premature terminations of contracts by the Plan, (2) layoffs, (3) Plan terminations, (4) bankruptcies, (5) mergers, and (6) early retirement incentives. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The following table summarizes the investments measured at contract value per share as of December 31, 2021:

	<u>Contract Value at December 31,</u>		<u>Unfunded</u>	<u>Redemption</u>	<u>Redemption</u>
	<u>2021</u>	<u>2020</u>			<u>Notice</u>
			<u>Commitment</u>	<u>Frequency</u>	<u>Period</u>
					<u>(Plan Level)</u>
Common/Collective Trust					
Principal Guaranteed Option	\$ 4,897,250	\$ 4,557,894	\$ -	30 days for non- competing option	12 months

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, affected participants will become 100% vested in their account balances.

9. DELAYED DEPOSITS OF EMPLOYEE CONTRIBUTIONS

U.S Department of Labor regulations require that salary deferrals to a defined contribution plan that are withheld from employees' paychecks must be deposited into the Plan as soon as they can be reasonably segregated from the employer's general assets, but in no event later than the fifteenth business day of the month immediately following the month in which the contribution is either withheld or received by the employer. For the year ended December 31, 2021, the Plan delayed making certain deposits of employee withholding. Such delayed deposits totaled \$1,502 and \$5,322 for the years ended December 31, 2021 and 2020, respectively. The lost interest was restored to the Plan during the year ended December 31, 2021.

10. FORFEITURES

Forfeitures result from non-vested Company contributions remaining in the Plan from terminated employees. The forfeiture reserve of \$6,011 and \$1,428 at December 31, 2021 and 2020, is available to offset Company cash contributions or pay Plan expenses, which would be otherwise payable by the Company, in accordance with the Plan document. During 2021, forfeitures of \$3,960 were used to offset Company cash contributions.
