INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Allegiance Crane & Equipment, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Allegiance Crane & Equipment, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Member of PKF International Limited,
a network of legally independent firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022

Note 1 - Description of the PlanGeneral

The Allegiance Crane & Equipment, LLC 401(k) Plan (the "Plan"), established on January 1, 2013, with its latest restatement effective August 19, 2022, is a defined contribution plan covering substantially all employees of Allegiance Crane & Equipment, LLC (the "Company"). Employees of any age are eligible to participate in the Plan the first day of the quarter following 6 months of service.

Transamerica Life Insurance Company was the Plan custodian until August 6, 2021 and then Reliance Trust Company ("Reliance") became the custodian of the Plan (the "Custodians"). Transamerica Retirement Solutions ("Transamerica"), a service provider to Reliance serves as the recordkeeper as an agent for the third-party plan administrator, Nova 401(k) Associates ("TPA"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The following description of the Plan is provided for general information purposes only. Participants should refer to the *Plan Document* for more information, which is available from the Plan administrator.

Contributions

Participants may make pre-tax and after-tax contributions to the Plan up to the maximum amount permitted by Internal Revenue Code ("IRC") Section 402. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC. The Company elected to adopt the Safe Harbor provisions under ERISA and match 100% of the first 3% of each participant's contribution and an additional 50% up to the next 2% of each participant's contribution for all employees. The Company may also make an additional discretionary matching or profit-sharing contribution. The Company did not make a discretionary matching or profit-sharing contribution during 2022. The participants may elect to invest all contributions in any combination of investment choices offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution, the Company's Safe Harbor, matching, and discretionary contributions, an allocation of Plan earnings/losses, and administrative fees. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding note balance during the prior twelve-month period. Note terms are not to exceed five years, unless the note is used to acquire a principal residence, in which case, the administrator may permit a longer repayment term not to exceed fifteen years. Only one note can be outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at the prime interest rate plus 2%.

Note 1 - Description of the Plan (Continued)Participant withdrawals

Participants are eligible for distributions of their vested account balances upon the event of death, disability, retirement, termination of employment, upon the attainment of age 59 ½, or for financial hardship, as allowed by the IRC for certain circumstances.

Distributions may be made in lump-sum payments or installments. If the vested balance of a terminated participant's account is less than \$1,000, the payment will be made in cash in a single lump-sum. If the terminated participant's account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid by the Recordkeeper directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Vesting

Participants are immediately vested in their contributions, the Company's Safe Harbor, matching and profit-sharing contributions, and the actual earnings thereon.

Forfeitures

The Plan provides that non-vested portions of Company contributions that are forfeited by terminated participants may be first used to pay administrative fees of the Plan or used to reduce the Company's employer contributions. Forfeitures used to reduce employer contributions were \$1,275 for 2022. Forfeitures used to pay administrative fees were \$1,339 for 2022. There was an unused forfeiture balance of \$1,900 as of December 31, 2022.

Administrative fees

All administrative fees, unless paid by the Company, are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Note 2 - Summary of Significant Accounting Policies (Continued)Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates that may affect the amounts reported in the financial statements and accompanying notes and schedules. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value or contract value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements and Note 4 for discussion of contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any investment losses.

Participant withdrawals

Participant withdrawals are recorded upon distribution.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon the terms of the *Plan Document*, upon liquidation of their account balance.

Note 3 - Fair Value Measurements

The Plan uses a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued daily using quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	\$ 7,898,918	\$ -	\$ -	\$ 7,898,918
Investments at fair value	\$ 7,898,918	\$ -	\$ -	\$ 7,898,918
Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy	\$ 8,502,467	\$ -	\$ -	\$ 8,502,467

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fixed Income Account

The fixed income account holds a benefit-responsive investment contract (the "Contract") with Transamerica Life Insurance Company ("TLIC"). TLIC maintains the contributions in a general account. The account is credited with earnings and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Contract. Contract value, as reported to the Plan by TLIC, represents contributions made under the Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

Note 5 - Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule at December 31, 2022 and 2021, and net depreciation in fair value of investments for the year ended December 31, 2022, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Reliance Trust Company and Transamerica Life Insurance Company.

Note 6 - Income Tax Status

The volume submitter profit sharing plan adopted by the Company received its latest favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended and restated since receiving the opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are shares of investments managed by Transamerica, therefore, these transactions qualify as party-in-interest transactions.

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to net loss per Form 5500 for the year ended December 31, 2022:

Net decrease in net assets available for benefits per the financial statements	\$ (384,974)
Change in participant contributions receivable	(28,964)
Change in employer contributions receivable	(15,321)
Change in deemed distributions	<u>19,001</u>
Net loss per Form 5500	<u>\$ (410,258)</u>

Note 9 - Subsequent Events

During 2022, a merger of the LSE Crane and Transportation 401(k) Plan ("LSE Plan") into the Plan was approved. In February 2023, net assets transferred into the Plan totaled \$4,082,042.

Management has evaluated subsequent events through July 28, 2023, which was the date that the financial statements were available to be issued and has determined that there are no other subsequent events to be reported.
