## **Independent Auditor's Report**

To the Plan Participants and the Plan Administrator of the  
Regional Ambulance Services, Inc. 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Regional Ambulance Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Regional Ambulance Services, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Regional Ambulance Services, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Regional Ambulance Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Regional Ambulance Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Regional Ambulance Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter — Supplemental Schedules Required by ERISA**

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**1. Plan Description**

The Regional Ambulance Services, Inc. 401(k) Plan (the Plan), as amended, was originally established on May 7, 1996. The Plan is a type of qualified retirement plan commonly referred to as a 401(k) Plan. The Plan operates on a calendar year basis.

The following describes the provisions of the Plan in effect on December 31, 2022, and is for informational purposes only, and does not bind the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Regional Ambulance Services, Inc. (the Company) who have six months employment and are age eighteen or older. Per diem employees are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Contributions to the Plan are made through participant 401(k) contributions, employer 401(k) matching contributions and employer profit sharing contributions.

*Participant 401(k) Contributions* – Eligible employees may elect to defer eligible compensation on a pre-tax basis, an after-tax (Roth) basis or a combination of both. For all employees, the Internal Revenue Service (IRS) limits participant contributions to a maximum of \$20,500 or \$27,000 for those age 50 and over in 2022 and \$19,500 or \$26,000 for those age 50 and over in 2021.

*Employer 401(k) Matching Contributions* – The Company makes a matching contribution equal to 100% of each participant's salary deferrals that do not exceed 3% of compensation plus 50% of salary deferrals between 3% and 5% of compensation. For 2022 and 2021, the matching contributions totaled \$817,810 and \$677,679, respectively.

*Employer Profit Sharing Contributions* – The Company's Board of Directors determines the Company profit sharing contribution, if any, each year. The profit-sharing contribution is allocated among participants eligible to share in the contribution for the Plan year and is based on participant compensation compared to total compensation of all participants. For the years ended December 31, 2022 and 2021, no such contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. All investments are participant directed.

Vesting

Employees who terminate employment due to retirement, death or total disability are 100% vested in their Plan accounts, regardless of years of service. On termination of employment for reasons other than retirement, death or total disability, the amounts credited to the accounts of participants are vested as follows:

*Participant 401(k) Contributions* – Employee contributions (i.e., salary deferral, catch-up and rollover contributions) are always 100% vested.

**Regional Ambulance Services, Inc. 401(k) Plan**  
Notes to Financial Statements  
December 31, 2022 and 2021

---

*Employer 401(k) Contributions* – All employer safe harbor contributions are 100% vested.

*Employer Profit Sharing Contributions* – Profit sharing contributions for employees vest as follows: 25% for each one year of service completed. After four years of service, all employer profit sharing contributions are immediately 100% vested.

**Forfeitures**

Forfeitures of unvested accounts are used to offset future employer contributions and expenses of the Plan. There were no forfeitures for the years ended December 31, 2022 or 2021.

**Payment of Benefits**

Upon termination of service due to death, disability or retirement, a beneficiary or participant receives a lump-sum distribution equal to the vested value of his or her account. When an active participant reaches age 59 1/2 and continues to work for the Company, the participant is eligible to receive a partial or full distribution of his or her retirement benefits.

The Plan includes provisions for automatic distribution of inactive participant accounts equal to or less than \$5,000. Such distributions are rolled over to an IRA account outside of the Plan if there is not an affirmative election in place to either receive or roll over the distribution.

**Participant Loans**

Participants may borrow from their fund accounts up to the lesser of \$50,000 or one-half of their vested account balance. Loan terms are a maximum of 5 years; however, if the loan is for the purchase of the principal residence, a longer loan term may be approved. The loans are secured by the balance in the participant's account and bear fixed interest determined by the administrator. All participant loans outstanding at December 31, 2022 had interest rates of 3.25% - 7.50%. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Principal and interest are generally paid through payroll deductions. Interest income from participant loans was \$14,120 and \$17,251 for the years ended December 31, 2022 and 2021, respectively.

**Plan Termination**

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all contributions credited to their accounts.

**Tax Status**

The Plan has received tax-exempt status under Section 501(a) of the Internal Revenue Code.

The Plan obtained a determination letter, effective as of its inception date, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the Plan's administrator and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

## **2. Summary of Accounting Policies**

### Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

### Estimates

Preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

### Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds and money market accounts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the financial statements.

### Investment Valuation and Income Recognition

Investments in mutual funds and money market accounts are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The T. Rowe Price Stable Value Fund (the Fund) is reported at contract value. Contract value is the relevant measure for the Fund because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract contains a provision that the issuer will, if required, repay principal at the stated contract value for the purpose of paying benefit payments. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The effective annual interest rate will never be less than 0% per the contract terms. The Fund is presented at contract value on the statements of net assets available for benefits as of December 31, 2022 and 2021, respectively.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive contract is dependent on the contract issuer's ability to meet its financial obligations. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, may limit the Plan's ability to transact at contract value with the issuer. The Plan Administrator does not believe that the occurrence of such events, which would also limit the Plan's ability to transact at contract value with participants, is probable.

**Regional Ambulance Services, Inc. 401(k) Plan**  
Notes to Financial Statements  
December 31, 2022 and 2021

---

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances. Interest on notes receivable from participants is recognized as payments are received. No receivable for interest income was recorded at December 31, 2022 or 2021 as the amounts were determined to be immaterial.

Expenses

All reasonable expenses of administering the Plan are either charged to participants and paid out of the Plan or paid by the Company. Expenses paid by the Company are not included in the Plan's financial statements. Fees related to participant requested transactions are charged to the participant's account.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through September 18, 2023, the date the financial statements were available to be issued.

**3. Information Prepared and Certified by the Trustee**

The following information included in the accompanying financial statements and supplemental schedule of Schedule of Assets (Held at End of Year) was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	<u>2022</u>	<u>2021</u>

Investment (loss) income	<u>\$ (5,111,620)</u>	<u>\$ 3,572,464</u>

**4. Fair Value Measurements**

The Plan discloses its assets that are measured at fair value in its statements of net assets available for benefits by level within the fair value hierarchy as defined by applicable accounting standards:

- Level 1      Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2      Quoted prices in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the asset or liability; and
- Level 3      Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (supported by little or no market activity).

The following tables set forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2022 and 2021.

Mutual funds - Mutual fund investments are valued using quoted market prices listed on nationally recognized securities exchanges.

Investments measured at contract value - The Stable Value Fund is reported at contract value. The investment is fully benefit-responsive and as such is considered to be fairly valued. The Stable Value Fund seeks maximum current income while maintaining stability of principal. This fund is primarily invested in guaranteed investment contracts (GICs), bank investment contracts (BICs), synthetic investment contracts (SICs), and separate account contracts (SACs). GICs, BICs, SICs, and SACs are types of investment contracts that are designed to provide principal stability and a competitive yield. Participant-directed redemptions have no restrictions. The Stable Value Fund requires a reasonable amount of time to liquidate the Plan's share in the fund.

**5. Prohibited Transactions**

There were no prohibited party-in-interest transactions during the years ended December 31, 2022 or 2021.

**6. Other Matter**

The following variances existed between the statements of net assets available for benefits and changes in net assets available for benefits and Form 5500 as filed for the year ended December 31, 2022. The variances are due to a difference in when receivables are recognized in accordance with GAAP versus the requirements of ERISA. Under GAAP, receivables are recognized when a formal commitment or contractual obligation exists. Under ERISA, receivables are recognized on the earliest date that the contributions can be segregated from the employer's general assets.
