INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
The Plug Connection Retirement Savings Plan
Vista, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Plug Connection Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Plug Connection Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Plug Connection Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Plug Connection Retirement Savings Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Plug Connection Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Plug Connection Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Part IV, Line 4(a) for the year ended December 31, 2022 and Schedule H, Part IV, Line 4(i) as of December 31, 2022), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented fairly, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE PLUG CONNECTION RETIREMENT SAVINGS PLAN

Notes to Financial Statements

For the Year Ended December 31, 2022

NOTE 1. DESCRIPTION OF PLAN

The following description of The Plug Connection Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code ("IRC"). The Plan is a defined contribution plan covering all eligible employees of Plug Connection, LLC and Ultimate Herbs, LLC (together, the "Company").

Eligibility

Employees who are not independent contractors are eligible to participate in the Plan. Employees become eligible to participate in the Plan and receive employer contributions on the semi-yearly enrollment date next following their completion of six months of service, as defined.

Participant Contributions

Each payroll period, participants may contribute from 1% to 100% of their eligible compensation, as defined in the Plan, subject to limitations imposed by the IRC. Participants who are age 50 or older are eligible to defer additional amounts (called "catch-up contributions") to the Plan up to the maximum allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified sources.

Employer Contributions

The Company may make discretionary matching contributions each pay period to active participants, as defined. For 2022, the Company authorized matching contributions of 100% of eligible participants' elective deferrals up to 2% of their eligible compensation. The Company may also make other employer discretionary contributions each Plan year. No other employer discretionary contributions were made for the 2022 Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, any Company contributions, and allocations of Plan earnings or losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct the allocation of their accounts to any or all of the Plan's investment options. Subsequently, participants may change their allocation and transfer account balances between the investment options in accordance with the Plan. Contributions will be automatically directed to the Plan's qualified default investment alternative if no investment option has been selected. Certain fees may be charged to the Plan's investments.

THE PLUG CONNECTION RETIREMENT SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

NOTE 1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. All participants are fully vested in their employer contributions in the event of their death, total and permanent disability, retirement, or attaining early retirement age (55). A participant who terminates employment other than due to death, total and permanent disability, or retirement vests in employer contributions as follows:

<u>Years of Credited Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

A year of credited service under the Plan is determined under the elapsed time method.

Forfeitures

Upon distribution of benefits following termination of employment, that portion of a participant's account that is not vested is forfeited. Amounts forfeited are generally used to reduce employer contributions or pay Plan expenses. During the year ended December 31, 2022, \$6,632 was added to the forfeiture account and \$3,904 was deducted from forfeitures, including \$3,894 which was used to reduce 2022 employer matching contributions and investment losses totaling \$10. At December 31, 2022 and 2021, the forfeitures balance was \$2,728 and \$0, respectively.

Payment of Benefits

Upon termination, retirement, and/or attaining age 59½, participants may elect to receive a distribution of their account in a single lump-sum cash distribution, or defer the distribution if their account exceeds \$5,000. Normal retirement age is 65, but early retirement provisions apply at age 55 for active participants. Twice a year, participants who are age 59½ or older may withdraw all or part of their vested account balance. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

Any vested benefits will be paid to a participant's beneficiary upon death of a participant. In addition, the Plan allows for hardship distributions from the participant's contribution and employer match account balance.

THE PLUG CONNECTION RETIREMENT SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

In February 2018, Congress passed the Bipartisan Budget Act (the "Act"). Among other things, the Act provides relief on hardship withdrawal requirements including the following: (1) a participant will not be required to obtain a plan loan before requesting a hardship withdrawal, (2) a participant's deferral contributions will not be suspended after receipt of a hardship withdrawal, and (3) earnings on elective deferral contributions in a participant's account will be eligible for hardship withdrawal purposes. The provisions of the Act are effective for Plan years beginning January 1, 2019 and may be effective prior to formally amending the Plan document. Effective January 1, 2019, the Plan adopted the provisions of the Act with respect to hardship withdrawal requirements. Effective January 1, 2020, the Company adopted further provisions clarifying the sources allowed for hardship distributions.

Upon a participant's employment termination, the Plan may roll over a participant's vested account balance greater than \$1,000 and less than \$5,000 into an individual retirement account ("IRA") managed and maintained by the trustee/custodian of the Plan, if the participant has not elected to receive a lump sum cash distribution or have the balance rolled over into an IRA of his/her choosing. Also at its discretion, the Plan may elect to distribute vested account balances of less than \$1,000.

In April 2020, the Plan operationally implemented the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") (Note 10). As permitted by the CARES Act, the Plan implemented the following provisions for CARES Act related distributions: (i) participants may withdraw up to \$100,000 without a 10% early distribution penalty, (ii) such distributions can be repaid within three years of the date of distribution, and (iii) required minimum distributions were temporarily suspended for 2020.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to participant contributions, including realized or unrealized gains or losses on investments. The Plan distributed the 2021 accrued excess contributions to the applicable participants in 2022.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

THE PLUG CONNECTION RETIREMENT SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net realized and unrealized appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Fees related to the processing of distributions are charged directly to the account of the transacting participants and are included in administrative expenses. Investment-related expenses are included in the net realized and unrealized appreciation or depreciation in the fair value of investments and administrative expenses.

Subsequent Events

The Plan has evaluated events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their accounts.

NOTE 4. TAX STATUS

The Plan, through its adoption of a non-standardized pre-approved profit-sharing plan from Principal Life Insurance Company, has obtained an opinion letter from the IRS dated June 30, 2020 stating that in the IRS' opinion, the pre-approved plan is qualified under Section 401(a) of the IRC and that any employer adopting this plan will be considered to have a plan qualified under the IRC. Once qualified, the plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and believes that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

THE PLUG CONNECTION RETIREMENT SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

NOTE 5. INFORMATION CERTIFIED BY THE TRUSTEE/CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments held at December 31, 2022 and 2021, and net appreciation or depreciation in fair value of investments and interest income for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company, the trustee/custodian of the Plan.

NOTE 6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company provides administrative services for the Plan at no cost to the Plan. Certain Plan operating expenses are paid by the Company. Certain investments are managed by the trustee/custodian of the Plan. These transactions qualify as exempt party-in-interest transactions.

NOTE 7. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

THE PLUG CONNECTION RETIREMENT SAVINGS PLAN

Notes to Financial Statements For the Year Ended December 31, 2022

NOTE 7. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Collective investment trusts: Valued at net asset value ("NAV") using the fair value of underlying funds of the respective collective investment trust ("CIT"). The fair value of funds held are used in determining the NAV of the CIT, which is not publicly quoted but is available to current investors. The NAV is the basis for current transactions and the CIT can be redeemed at NAV as of the measurement date. Therefore, it is believed that these investments have a readily determinable fair value. The NAV is calculated in a manner consistent with U.S. GAAP for investment companies. Because they are valued similarly to mutual funds, it is believed CITs should be a Level 1 asset to allow for consistent disclosure. Unfunded commitments typically are found in private equity funds and therefore are not applicable to CITs.

Pooled separate accounts: Valued at the NAV of the respective pooled separate accounts ("PSA"), the daily price of which is not publicly quoted but is available to current investors. The NAV is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. Therefore, it is believed that these investments have a readily determinable fair value. The NAV is calculated in a manner consistent with U.S. GAAP for investment companies. Because they are valued similarly to mutual funds, it is believed PSAs should be a Level 1 asset to allow for consistent disclosure. Participant transactions (purchases and sales) may occur daily.

Guaranteed investment contract: Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The investment contracts provide information about redemption frequency and notice periods if applicable. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During 2022, the Plan purchased \$15,278 and sold \$3,755 of its Level 3 investments. There were no transfers in or out of Level 3 investments during 2022.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

NOTE 9. DELINQUENT REMITTANCES

The Company identified two instances in 2020 where amounts withheld from employees totaling \$5,359 and \$5,360, respectively, were not forwarded to the trustee/custodian within the reasonableness timeframe established by the DOL. The Company additionally identified one instance in 2022 where amounts withheld from employees totaling \$6,235, were not forwarded to the trustee/custodian within the reasonableness timeframe established by the DOL. The Company remitted the lost earnings for all delinquent remittances in the amount of \$81 during 2022.

Based on such actions, Plan management and the Company believe the delinquent remittances will not cause the Plan to be disqualified by the IRS and that the self-corrective actions will allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Notes to Financial Statements For the Year Ended December 31, 2022

NOTE 10. CARES ACT

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the CARES Act. The CARES Act provides temporary relief for retirement plan sponsors and participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be effective prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act as disclosed in the preceding notes to the financial statements. Plan management expects to formally amend the Plan by December 31, 2025.

NOTE 11. SECURE 2.0 ACT

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "SECURE Act 2.0") became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement saving. The provisions of the SECURE Act 2.0 include the following:

- Beginning in 2023, the age for required minimum distributions will increase from age 72 to 73. Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.
- Beginning in 2026, catch-up contributions will be made on a Roth basis, unless the participant earns \$145,000 or less.
- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of \$10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

Additionally, Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2025.
