Independent Auditor's Report

To the Plan Administrator of the
Data-Mail 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Data-Mail 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements December 31, 2022

Note 1 - Description of the Plan

The following description of the Data-Mail 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement, and amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective October 1, 1990, and most recently amended on April 1, 2022. Employees of Data-Mail, Inc., Compu-Data Limited Liability Company, Data Graphics, Inc., Direct Mail Systems, Inc., Intelisent, LLC and Legends Sourcing, LLC (collectively referred to as the "Company") are eligible to participate and receive matching contributions on the first day of the month following the completion of three months of service and attaining the age of 21. The Plan is subject to the provisions of ERISA. The Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan sponsor.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan agreement, up to the maximum allowable under the Internal Revenue Code (the "IRC"). Effective April 1, 2022, the Plan was amended to allow participants to make Roth 401(k) contributions into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the maximum allowable under the IRC. Participants may also contribute pretax amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective April 1, 2022, the Plan will accept rollovers of designated Roth contributions from participants.

The Company makes annual discretionary matching contributions, as determined by the Company. Effective January 1, 2022, the Company contributed an amount equal to 40% of elective deferrals up to a maximum of 6% of a participant's eligible compensation for the year ended December 31, 2022. In order to receive the discretionary matching contributions, participants need to be employed as of the end of the Plan year, except if they die, become disabled or retire within the Plan year. The Company made \$654,954 (\$659,442 in employer contributions and \$4,488 used from forfeitures) in discretionary matching contributions for the year ended December 31, 2022. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings. Company discretionary matching contributions are recorded annually. Participants direct the investment of their contributions and discretionary matching contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts is based on years of service, as defined in the Plan agreement. A participant becomes 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service and 100% vested after six years of service. However, if an active participant dies prior to the normal retirement age or becomes totally and permanently disabled prior to the normal retirement age, the participant's account becomes 100% vested.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have one loan outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is commensurate with market rates for similar loans with approval by the Plan administrator. Principal and interest are paid ratably through weekly automatic payroll deductions.

Payment of benefits

On termination of employment, retirement, the attainment of age 59½, death or permanent and total disability, a participant with a vested account balance less than \$1,000 may choose to receive a lump-sum amount equal to the value of the vested portion of his or her account. A terminated participant with a vested account balance of \$5,000 or less will have his or her funds rolled over by the Plan administrator into an individual retirement account designated by the Plan administrator. Participants with a vested balance of more than \$5,000 may defer payment of benefits until a later date. Participants may also take hardship distributions from employee deferral amounts. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeited accounts

Forfeitures result from nonvested discretionary matching contributions remaining in the Plan from terminated employees. Any amounts forfeited by reason of failure to vest are available to reduce future employer contributions or to pay future Plan administrative expenses. At December 31, 2022 and 2021, the forfeiture reserve balance was \$4,488 and \$7,844, respectively. Forfeited nonvested amounts totaling \$7,844 were used to reduce the annual discretionary match contribution in 2022.

Note 2 - Summary of accounting policies

Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements December 31, 2022

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's interest in the common/collective trust is valued based on information reported by Putnam Investments using the audited financial statements of the common/collective trust at year-end. The trustee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 14, 2023, the date the financial statements were available to be issued. See Note 9 - Subsequent events.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2022 that are disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan.

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 40,816,309	\$ -	\$ -	\$ 40,816,309
Total assets in the fair value hierarchy	40,816,309	-	-	40,816,309
Investments valued at NAV (a)				2,917,249
Total assets at fair value	\$ 40,816,309	\$ -	\$ -	\$ 43,733,558

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 48,851,346	\$ -	\$ -	\$ 48,851,346
Total assets in the fair value hierarchy	48,851,346	-	-	48,851,346
Investments valued at NAV (a)				2,722,254
Total assets at fair value	\$ 48,851,346	\$ -	\$ -	\$ 51,573,600

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common/collective trust fund - Putnam Stable Value Fund	\$ 2,917,249	n/a	Daily	30 days

December 31, 2021	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common/collective trust fund - Putnam Stable Value Fund	\$ 2,722,254	n/a	Daily	30 days

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 5 - Related party transactions and party-in-interest transactions

FMTC is the trustee as defined by the Plan and is considered a party-in-interest. FMTC provides certain administrative services to the Plan and receives revenue from mutual funds and a common/collective trust fund for services provided to these funds. This revenue is used to offset certain amounts owed to FMTC for its administrative services to the Plan.

If the revenue received by FMTC from such mutual funds or common/collective trust fund exceeds the amount owed, FMTC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, there were no excess amounts. The Plan or Plan sponsor may make a payment to FMTC for administrative expenses not covered by revenue sharing.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the discretionary matching contribution portion of their accounts.

Note 7 - Tax status

The pre-approved plan document designed by Fidelity Management and Research Company, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not yet filed for an individual determination letter. Although the Plan has been amended since receiving the opinion letter, management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent events

Effective January 1, 2023, the Company's annual discretionary matching contribution was increased to 50% of elective deferrals, up to a maximum of 6% of a participant's eligible compensation.

On September 8, 2023, Intelisent, LLC was sold. Participation in the Plan by Intelisent, LLC employees and participant salary deferrals to the Plan were frozen on this date. Company discretionary matching contributions for the period January 1, 2023 through September 8, 2023 shall be made during the first quarter of 2024 in accordance with the terms of the Plan, however, the Plan requirement that a participant be employed on the last day of the calendar year in order to receive Company discretionary matching contribution shall be waived for any active Intelisent participant who was employed by the Company on the date of sale. All Company employees became 100% vested in their accounts as of this date.

Independent Auditor's Report

To the Plan Administrator of the
Data-Mail 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Data-Mail 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 1 - Description of the Plan

The following description of the Data-Mail 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement, and amendments thereto, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective October 1, 1990, and most recently amended on April 1, 2022. Employees of Data-Mail, Inc., Compu-Data Limited Liability Company, Data Graphics, Inc., Direct Mail Systems, Inc., Intelisent, LLC and Legends Sourcing, LLC (collectively referred to as the "Company") are eligible to participate and receive matching contributions on the first day of the month following the completion of three months of service and attaining the age of 21. The Plan is subject to the provisions of ERISA. The Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan sponsor.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan agreement, up to the maximum allowable under the Internal Revenue Code (the "IRC"). Effective April 1, 2022, the Plan was amended to allow participants to make Roth 401(k) contributions into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the maximum allowable under the IRC. Participants may also contribute pretax amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Effective April 1, 2022, the Plan will accept rollovers of designated Roth contributions from participants.

The Company makes annual discretionary matching contributions, as determined by the Company. Effective January 1, 2022, the Company contributed an amount equal to 40% of elective deferrals up to a maximum of 6% of a participant's eligible compensation for the year ended December 31, 2022. In order to receive the discretionary matching contributions, participants need to be employed as of the end of the Plan year, except if they die, become disabled or retire within the Plan year. The Company made \$654,954 (\$659,442 in employer contributions and \$4,488 used from forfeitures) in discretionary matching contributions for the year ended December 31, 2022. Participant contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings. Company discretionary matching contributions are recorded annually. Participants direct the investment of their contributions and discretionary matching contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts is based on years of service, as defined in the Plan agreement. A participant becomes 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service, 80% vested after five years of service and 100% vested after six years of service. However, if an active participant dies prior to the normal retirement age or becomes totally and permanently disabled prior to the normal retirement age, the participant's account becomes 100% vested.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have one loan outstanding at any time. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is commensurate with market rates for similar loans with approval by the Plan administrator. Principal and interest are paid ratably through weekly automatic payroll deductions.

Payment of benefits

On termination of employment, retirement, the attainment of age 59½, death or permanent and total disability, a participant with a vested account balance less than \$1,000 may choose to receive a lump-sum amount equal to the value of the vested portion of his or her account. A terminated participant with a vested account balance of \$5,000 or less will have his or her funds rolled over by the Plan administrator into an individual retirement account designated by the Plan administrator. Participants with a vested balance of more than \$5,000 may defer payment of benefits until a later date. Participants may also take hardship distributions from employee deferral amounts. Distributions are subject to the applicable provisions of the Plan agreement.

Forfeited accounts

Forfeitures result from nonvested discretionary matching contributions remaining in the Plan from terminated employees. Any amounts forfeited by reason of failure to vest are available to reduce future employer contributions or to pay future Plan administrative expenses. At December 31, 2022 and 2021, the forfeiture reserve balance was \$4,488 and \$7,844, respectively. Forfeited nonvested amounts totaling \$7,844 were used to reduce the annual discretionary match contribution in 2022.

Note 2 - Summary of accounting policies

Basis of accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's interest in the common/collective trust is valued based on information reported by Putnam Investments using the audited financial statements of the common/collective trust at year-end. The trustee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 14, 2023, the date the financial statements were available to be issued. See Note 9 - Subsequent events.

Note 3 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2022 that are disclosed in the accompanying financial statements and supplemental schedule were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("FMTC"), the trustee of the Plan.

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 40,816,309	\$ -	\$ -	\$ 40,816,309
Total assets in the fair value hierarchy	40,816,309	-	-	40,816,309
Investments valued at NAV (a)				2,917,249
Total assets at fair value	\$ 40,816,309	\$ -	\$ -	\$ 43,733,558

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 48,851,346	\$ -	\$ -	\$ 48,851,346
Total assets in the fair value hierarchy	48,851,346	-	-	48,851,346
Investments valued at NAV (a)				2,722,254
Total assets at fair value	\$ 48,851,346	\$ -	\$ -	\$ 51,573,600

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common/collective trust fund - Putnam Stable Value Fund	\$ 2,917,249	n/a	Daily	30 days

December 31, 2021	Fair value	Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
Common/collective trust fund - Putnam Stable Value Fund	\$ 2,722,254	n/a	Daily	30 days

Data-Mail 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 5 - Related party transactions and party-in-interest transactions

FMTC is the trustee as defined by the Plan and is considered a party-in-interest. FMTC provides certain administrative services to the Plan and receives revenue from mutual funds and a common/collective trust fund for services provided to these funds. This revenue is used to offset certain amounts owed to FMTC for its administrative services to the Plan.

If the revenue received by FMTC from such mutual funds or common/collective trust fund exceeds the amount owed, FMTC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, there were no excess amounts. The Plan or Plan sponsor may make a payment to FMTC for administrative expenses not covered by revenue sharing.

Note 6 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the discretionary matching contribution portion of their accounts.

Note 7 - Tax status

The pre-approved plan document designed by Fidelity Management and Research Company, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not yet filed for an individual determination letter. Although the Plan has been amended since receiving the opinion letter, management believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent events

Effective January 1, 2023, the Company's annual discretionary matching contribution was increased to 50% of elective deferrals, up to a maximum of 6% of a participant's eligible compensation.

On September 8, 2023, Intelisent, LLC was sold. Participation in the Plan by Intelisent, LLC employees and participant salary deferrals to the Plan were frozen on this date. Company discretionary matching contributions for the period January 1, 2023 through September 8, 2023 shall be made during the first quarter of 2024 in accordance with the terms of the Plan, however, the Plan requirement that a participant be employed on the last day of the calendar year in order to receive Company discretionary matching contribution shall be waived for any active Intelisent participant who was employed by the Company on the date of sale. All Company employees became 100% vested in their accounts as of this date.
