INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
The Jones Company Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of The Jones Company Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103 (a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental Schedules H, Line 4a – Schedule of Delinquent Participant Contributions for the years ended December 31, 2022 and 2021, and Schedule H, Line 4i – Schedule of Assets for the year ended December 31, 2022, are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE JONES COMPANY PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1. DESCRIPTION OF THE PLAN

The following description of The Jones Company Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Jones Company (the Company) and its affiliated companies who have completed twelve consecutive months of service, with a minimum of 1,000 hours of service, and are 21 years of age or older. Employees may elect to defer salary on the earlier of the first day of the Plan year or the first day of the seventh month of the Plan year after completion of 12 months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, not to exceed statutory limitations as set by law, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a collective trust as investment options for participants. The Company may also make a discretionary profit-sharing contribution. Contributions are subject to certain limitations. To be eligible for the profit-sharing contributions, employees must be employed on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year. Under the terms of the Plan, the Company makes safe harbor contributions equal to 100% of the matched employee contributions that are not in excess of 3% of compensation, plus 50% of the amount of the matched employee contributions that exceed 3% but that do not exceed 5% of compensation. Participants may modify their deferral elections on the first day of any month.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, an allocation of the Plan's investment earnings, and is charged with an allocation of the Plan's investment and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's non-safe harbor matching and profit-sharing contributions is based on years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, in either a lump-sum amount, or in installments over a designated period of time. Participant accounts with a vested balance of \$5,000 or less will be distributed to the participant as soon as is administratively feasible following the event that entitles the participant to a distribution.

THE JONES COMPANY PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1. DESCRIPTION OF THE PLAN, continued

Allocation Provisions

Earnings from investments are allocated to a participant's account based on the percentage that the participant's account balance bears to the value of all participants' accounts.

Forfeited Accounts

There were forfeitures of \$11,326 and \$0 during the years ended December 31, 2022 and 2021, respectively. Forfeitures are used to pay administrative expenses; any remaining forfeitures are used to reduce any employer contribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification

Certain prior year balances have been reclassified to conform to the current year presentation.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 4 for discussion of fair value measurements.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan and reduce net assets available for benefits unless the Company elects to pay such expenses.

Subsequent Events

Subsequent events have been evaluated for potential recognition and/or disclosure through September 20, 2023. This represents the date the financial statements were available to be issued.

NOTE 3. CERTIFICATION OF ASSETS AND INCOME

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company (U.S.A) (John Hancock), the custodian of the Plan, as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary schedules.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4. FAIR VALUE MEASUREMENTS, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Pooled separate accounts: Valued at Net Asset Value (NAV) of shares held by the Plan at year end. The value of the units held in pooled separate accounts is based on the NAV of the units, determined by the security prices of the underlying investments. While the underlying security prices are quoted prices, the NAV of a separate account is not a publicly quoted price in an active market but is used as a practical expedient to estimate fair value. The investment strategy for the pooled separate accounts typically seeks to provide maximum returns by investing in securities that track performance of various sectors, domestic and international equities, and fixed income indices. These investments range from small to large cap sectors.

Collective trust stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Participant withdrawals may be subject to a delay of up to 7 or 30 additional calendar days if it is determined that such delay is necessary to maintain adequate liquidity for, or to avoid an adverse impact on, the underlying trust or investment vehicle. The fund's declaration of trust provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either a market value adjustment or without a market value adjustment and effected no later than 12 months. Additional restrictions may apply. The investment strategies of the stable value fund is to preserve principal and maintain a stable credit rating that is responsive to changes in interest rates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Assets at Fair Value as of December 31, 2022			
	Level 1,2,3	NAV (a)	Total
Pooled separate accounts	\$ -	\$ 8,911,767	\$ 8,911,767
Collective trust stable value fund	-	774,055	774,055
	<u>\$ -</u>	<u>\$ 9,685,822</u>	<u>\$ 9,685,822</u>
Assets at Fair Value as of December 31, 2021			
	Level 1,2,3	NAV (a)	Total
Pooled separate accounts	\$ -	\$ 10,585,397	\$ 10,585,397
Collective trust stable value fund	-	930,283	930,283
	<u>\$ -</u>	<u>\$ 11,515,680</u>	<u>\$ 11,515,680</u>

(a) These funds were measured at NAV per share in accordance with FASB ASC Subtopic 820-10, as amended by FASB Accounting Standards Update (ASU) 2015-07 and have not been classified in the fair value hierarchy. The fair value amounts presented permit reconciliation of the fair value hierarchy to the line item presented in the statement of net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS, continued

The following table sets forth additional disclosures of the Plan's investments whose fair value is measured using NAV per share (or its equivalent) as of:

Fair Value Estimated Using Net Asset Value Per Share				
December 31, 2022				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 8,911,767	\$ -	Daily	None
Collective trust stable value fund	774,055	-	Daily	None
Total assets at fair value	<u>\$ 9,685,822</u>	<u>\$ -</u>		

Fair Value Estimated Using Net Asset Value Per Share				
December 31, 2021				
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 10,585,397	\$ -	Daily	None
Collective trust stable value fund	930,283	-	Daily	None
Total assets at fair value	<u>\$ 11,515,680</u>	<u>\$ -</u>		

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE 5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in pooled separate accounts are managed by John Hancock. The Plan's collective trust contract with an insurance company is also with John Hancock. John Hancock is the custodian of these investments and, therefore, these transactions qualify as party-in interest.

John Hancock received indirect compensation from the Plan during the year based on various formulas provided by annuity contracts. Direct compensation paid to John Hancock during the year ended December 31, 2022 was \$724. The Plan's third party administrator and record keeper also received direct compensation of \$2,000 during the year, which qualifies as an exempt party-in-interest transaction.

NOTE 6. PLAN TERMINATION AND PARTIAL PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances and the Plan assets would be distributed to participants based on their prorated values at the termination date.

NOTE 7. TAX STATUS

The Company has adopted a Non-standardized Pre-Approved Profit Sharing Plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has since been amended; however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7. TAX STATUS, continued

FASB ASC requires the Plan Administrator to annually evaluate the Plan's tax positions, including accounting and measurement of uncertain tax positions. For the year ended December 31, 2022, the Plan Administrator concluded that no uncertain tax positions had been taken that would require adjustment to or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for years before 2019.

NOTE 8. PROHIBITED TRANSACTIONS AND DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2022 and 2021, the Plan Sponsor inadvertently failed to deposit approximately \$26,081 and \$3,759, respectively, of participant contributions within the required timeframe as stated by DOL regulations. To correct this failure for the Plan year 2022, the Plan Sponsor will deposit lost earnings of \$35 and will pay applicable excise tax of \$5 during 2023. To correct the failure for the Plan year 2021, the Plan Sponsor deposited lost earnings of \$23 and paid applicable excise tax of \$3 during 2022.

NOTE 9. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
