INDEPENDENT AUDITOR'S REPORT

Susan Williams, Human Resources Director
The Retirement and Benefits Committee
Williams, Kastner & Gibbs PLLC Retirement Plan
Seattle, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Williams, Kastner & Gibbs PLLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WILLIAMS, KASTNER & GIBBS PLLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2022

NOTE 1. Description of the Plan

The following description of the Williams, Kastner & Gibbs PLLC Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

General:

The Plan is a contributory defined contribution plan covering all eligible staff and equity members of Williams, Kastner & Gibbs PLLC, the Plan Sponsor, and provides for salary deferrals. The Plan also provides for matching and profit sharing contributions to all eligible staff and equity members except non-resident alien employees, leased employees, temporary employees and those covered by collective bargaining agreements. Employees are immediately eligible to participate in the Plan on the first day of the month coinciding with or immediately following their date of hire. Participants must complete at least one year of service, defined as 1,000 hours during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive employer matching contributions. Participants must complete at least two years of service and be employed as of the last day of the Plan year, to be eligible to receive employer profit sharing contributions.

Effective January 1, 2022, the Plan document was amended and restated to bring the Plan into compliance with legislative and regulatory changes.

On December 29, 2022, the SECURE 2.0 Act of 2022 was signed into law, which provides both required and optional future enhancements to tax qualified retirement plans and their participants. The provisions of the SECURE 2.0 Act may be effective and operationalized prior to formally amending the Plan document. The Plan has until the last day of the first plan year beginning on or after January 1, 2025 to formally amend the Plan documents. Plan management is currently evaluating the impact of SECURE 2.0 to the Plan.

Contributions:

Upon meeting eligibility requirements, participants are automatically enrolled in the Plan with salary deferrals at 4 percent of eligible compensation unless the participant makes a contrary election. Each year participants may contribute up to a maximum of 75 percent of eligible compensation. Participant contributions may be made as pre-tax or Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers).

WILLIAMS, KASTNER & GIBBS PLLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2022

NOTE 1. (Continued)

The Plan Sponsor contributes a non-safe harbor matching contribution equal to 25 percent of participant salary deferrals, up to 4 percent of eligible compensation. For the year ended December 31, 2022, the Plan Sponsor made a matching contribution of \$69,878.

The Plan Sponsor may make a discretionary profit sharing contribution to the Plan. For the year ended December 31, 2022, the Plan Sponsor contributed \$957,464, which was calculated based on a percent of a participant's eligible compensation. The Plan Sponsor may also make an additional contribution to meet IRS non-discrimination requirements. For the year ended December 31, 2022, the Plan Sponsor made a top heavy contribution of \$36,590.

Participant Accounts and Investment Options:

Contributions to participant accounts are deposited into participant-directed funds and self-directed brokerage accounts at Charles Schwab Trust Bank. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor periodically reviews the investment fund options available to participants and drops or adds investment funds as warranted.

Each participant's account is credited with the participant's contribution and allocation of the Sponsor's contribution and Plan earnings. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer between investment funds and the Participant Loan Fund. Loan terms range from one to five years, or more if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear an interest determined by the Plan administrator. Interest rates range from 5.25 to 9.50 percent at December 31, 2022. Principal and interest is paid ratably through payroll deductions.

Vesting:

Participants are 100 percent vested in all salary deferral contributions, rollovers, employer contributions and the related earnings at all times.

WILLIAMS, KASTNER & GIBBS PLLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2022

NOTE 1. (Continued)

Payment of Benefits:

Upon termination of service, disability, death or retirement, a participant whose vested account exceeds \$5,000 may elect to receive either a lump-sum amount equal to the value of his or her account or a substantially equal installments over a period of time not exceeding the life expectancy of the participant or the designated beneficiary. Terminated participants with a vested account balance between \$1,000 and \$5,000 will receive an automatic direct rollover to an individual retirement account, and participants with balances of \$1,000 or less will receive an automatic lump-sum cash payment. In-service distributions are allowed in accordance with the terms of the Plan.

Transfers:

Participant may transfer his or her entire account in another qualified defined contribution plan maintained by the Plan Sponsor into the Plan upon satisfying eligibility requirements. Participant may also transfer his or her entire account to another qualified defined contribution plan maintained by the Plan Sponsor upon entering an ineligible class of Employees as defined by the Plan.

NOTE 2. Summary of Significant Accounting Policies

Basis of Presentation:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for Plan benefits and the changes in those net assets.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions of net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

WILLIAMS, KASTNER & GIBBS PLLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2022

NOTE 2. (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits:

Benefits are recorded when paid.

Administrative and Investment Management Expenses:

The Plan's expenses are paid either by the Plan or Plan Sponsor, as determined by the trustees, plan document, or service provider agreements. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements and are not intended to be reimbursed by the Plan. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Date Through Which Subsequent Events Evaluated:

The date to which events occurring after December 31, 2022, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is September 14, 2023, which is the date on which the financial statements were available to be issued.

WILLIAMS, KASTNER & GIBBS PLLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2022

NOTE 3. Risk and Uncertainties

The Plan is exposed to market and credit risk due to the various foreign and domestic investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks such as foreign currency exchange rate, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 4. Information Certified by the Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, was obtained by management and agreed to or derived from information certified as complete and accurate as of December 31, 2022 and 2021, and for the year ended December 31, 2022 by Charles Schwab Trust Bank as follows:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest, dividends and capital gains, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investments and participant loans reflected on the supplementary Schedule of Assets (Held at End of Year) at December 31, 2022.

NOTE 5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical assets or liabilities that the Plan has the ability to access. |
|---------|---|

WILLIAMS, KASTNER & GIBBS PLLC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2022

NOTE 5. (Continued)

Level 2	Inputs to the valuation methodology other than level 1 inputs that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of assets or liabilities.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, unit investment trusts and common stocks that are valued on the basis of readily determinable market prices.

Stable Value Collective Investment Trust: This fund is a Collective Investment Trust valued at net asset value per unit as calculated by the Fund. This net asset value per unit is determined mostly by the Fund's various underlying investments' value at the close of the New York Stock Exchange each day. While the resulting net asset per unit value is not the same underlying investments' value, the financial trend should be the same. In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques and inputs are appropriate and consistent with other market participants, the use of different techniques and inputs or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6. Party-in-Interest Transactions and Administration of Plan Assets

A party-in-interest is defined as a fiduciary or employee of the Plan, any person who provides service to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns fifty percent or more of such an employer or employee organization, or a relative of such persons mentioned.

The Plan's investment options are held in participant directed and self-directed accounts at Charles Schwab Trust Bank, the Custodian of the Plan; therefore, any transaction executed with Charles Schwab Trust Bank qualifies as a party-in-interest transaction.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activities to various service providers. These transactions are party-in-interest transactions.

The Plan Sponsor, Williams, Kastner & Gibbs PLLC is a party-in-interest. Certain administrative functions are performed by employees of the Sponsor. No such employee receives compensation from the Plan. The Sponsor has the discretion to appoint or remove any trustee or agent of the Plan. The Trustees have the full power to administer the Plan and apply all of its provisions on behalf of the Sponsor.

NOTE 7. Tax Status

The Plan Sponsor adopted a non-standardized pre-approved profit sharing plan with money purchase and CODA plan, sponsored by Schwab Retirement Plan Services, which received a favorable opinion letter from the Internal Revenue Service dated September 21, 2020. Although the opinion letter is not specific to the Plan, the Plan administrator believes that the Plan is currently designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code; therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no material uncertain tax positions that require adjustment to the financial statements; therefore, no provision or liability for income taxes has been included in the financial statements.

NOTE 8. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.
