INDEPENDENT AUDITORS' REPORT

To the Participants and Audit Committee of the Board of Directors
of Children's Hospital Medical Center of Akron
Children's Retirement Income Benefit Plan
Akron, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of the Akron Children's Hospital Retirement Income Benefit Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 8, which was certified by Variable Annuity Life Insurance Company, a member of AIG Federal Savings Bank; Talcott Resolution Life Insurance Company, Empower Trust Company LLC; Empower Life & Annuity Insurance Company; and American United Life Insurance Company, the Custodians of the Plan, to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Akron Children's Hospital Retirement Income Benefit Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Children's Retirement Income Benefit Plan
Notes to Financial Statements

December 31, 2022 and 2021
(Dollars in Thousands)

1. Description of the Plan

The Children's Retirement Income Benefit Plan (the "Plan") is a defined contribution 403(b) plan that covers substantially all Children's Hospital Medical Center of Akron ("Children's" and "Plan Administrator") employees. The current contract through Variable Annuity Life Insurance Company / AIG Federal Savings Bank ("AIG") was established March 3, 1996 and was restated effective January 1, 2006. All prior 403(b) contracts with other vendors (collectively referred to as the "Custodians"), which date back to 1969, are included in the Plan's financial statements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to the maximum allowed by current law, which was \$20.5 and \$19.5 in 2022 and 2021, respectively, with an additional \$6.5 each year, allowed for participants age 50 and older. In addition, there is an additional maximum \$3 contribution that is available for employees who have 15 or more years of service. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. Upon reaching one year of service, if in the prior calendar year a minimum of 1,000 hours has been worked, Children's matches participant contributions as follows: Children's contributes 50 percent of the first 4% of base compensation (The match was 6% for Children's Home Care Group (CHCG) (subsidiary of Children's) employees in 2021). CHCG merged into Children's as of December 31, 2021 and the match is now the same for all participants in the Plan effective January 2022. The Plan allows for Roth contributions. Children's has the right under the Plan to discontinue such contributions at any time and to terminate the Plan.

An employee shall become eligible to participate in the Plan as of the first day of the first full pay period after the date all other eligibility requirements are satisfied.

For employees hired on or after July 1, 2014, the new employees shall have their compensation automatically reduced by 6% for elective deferrals into the Plan unless they elect to opt out of the Plan or adjust the amount contributed.

Participant Accounts

Each participant's account is credited with the participant's contribution of (a) Children's contribution and (b) plan earnings, and charged with an allocation of fund and specific administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Children's Retirement Income Benefit Plan
Notes to Financial Statements

December 31, 2022 and 2021
(Dollars in Thousands)

1. Description of the Plan (continued)

Notes Receivable from Participants

The Plan allows for participants to take loans from their individual vested account balances. The maximum loan a participant may take from the plan may not exceed the lesser of \$50 or 50% of participant's vested balance in the Plan with a minimum loan amount of \$1. Participants are only allowed to make one loan every three years and will only be allowed to have one loan outstanding at a time. The notes receivable from participants have repayment terms of 5 years (15 years for principal residence loans) with a fixed interest equal to the prime interest rate plus one percent at the date of inception of the note.

Vesting

Participants are vested immediately in their contributions and Children's contributions plus actual earnings thereon.

Payment of Benefits

On termination of service due to death, disability, or retirement, or upon reaching the age where minimum distribution rules apply (currently age 72), a participant may elect to receive distributions on both the elective deferral portion and Children's contribution portion of their account. In accordance with Internal Revenue Service ("IRS") regulations, a participant may elect to receive distributions on the elective deferral portion of their account at age 59 ½. For termination of service for other reasons, a participant may receive the value of the vested balance in his or her account as a lump-sum distribution or may leave their account with the Custodians.

Information about the Plan agreement, the vesting and benefit provisions is contained in the *Summary Plan Description*. Copies of the *Summary Plan Description* are available from the Human Resources Department at Children's.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Fees

Investment management expenses, custodian fees, and other administrative expenses are paid by the Plan. Certain other costs are paid by Children's.

Investment Valuation and Income Recognition

Investments in mutual funds have readily determinable fair values and are measured at fair value in the Statements of Net Assets Available for Benefits. Fair values of investments in mutual funds are based on quoted market prices.

Fully benefit-responsive investment contracts held by a defined-contribution plan are required to be reported at contract value. Contract value, as reported to the Plan by the Custodians, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses.

Investment income or loss and net realized, and unrealized gains and losses are reflected in the Statements of Changes in Net Assets Available for Benefits.

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported based on historical cost.

Fair Value of Financial Assets and Liabilities

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

The framework for measuring fair value is comprised of a three-level hierarchy based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Children's Retirement Income Benefit Plan
Notes to Financial Statements

December 31, 2022 and 2021
(Dollars in Thousands)

2. Significant Accounting Policies (continued)

- Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 – inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Children's believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

Notes Receivable

Notes receivable from Plan participants are measured at their unpaid principal balance.

Allowances for credit losses are recorded for active participants whose loans have been deemed to be in default by the Plan Administrator, if the Plan Administrator believes the loan balance to be uncollectible. For deemed inactive participant loan balances, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through September 15, 2023, the date the financial statements were available to be issued.

In June 2023, the Plan changed its Custodian for substantially all assets available for benefits. Assets held at previous Custodian were moved at that time.

3. Assets and Liabilities Measured at Fair Value

Assets measured at fair value on a recurring basis as of December 31:

	2022		
	Level 1	Level 2	Total
Mutual funds	\$ 408,175	\$ -	\$ 408,175
Money market funds	3,565	-	3,565
Fixed interest accounts	-	301	301
Total assets at fair value	<u>\$ 411,740</u>	<u>\$ 301</u>	<u>\$ 412,041</u>

	2021		
	Level 1	Level 2	Total
Mutual funds	\$ 470,484	\$ -	\$ 470,484
Money market funds	2,974	-	2,974
Fixed interest accounts	-	269	269
Total assets at fair value	<u>\$ 473,458</u>	<u>\$ 269</u>	<u>\$ 473,727</u>

Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- Mutual funds: Securities and mutual funds listed or traded on securities exchanges are valued at the closing price on the exchange where the security is principally traded. These securities are classified as Level 1 because quoted prices in active markets are available.
- Money market funds: Money market funds are valued at net asset value ("NAV"). NAV is equal to the market value of each money market fund's investments and other assets, less liabilities, divided by the number of fund shares. These funds are valued at a daily close price as reported by the fund. The funds are required to publish their daily NAV and transact at that price. Additionally, money market funds are actively traded, and are classified as Level 1.
- Fixed interest accounts: These fixed income accounts are valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer and are classified as Level 2.

4. Guaranteed Investment Contracts

The Plan has entered into traditional benefit-responsive guaranteed investment contracts with AIG, TRLIC, and Empower. The accounts are maintained in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contracts issued are contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

5. Income Tax Status

It is the Plan's intention to be organized and operated as tax-exempt under the appropriate sections of the Internal Revenue Code ("IRC"). The IRS does not yet have a determination letter program for 403(b) plans and therefore the Plan has not yet applied for a determination. The Plan Administrator does intend to file for determination once a program has been established. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status and believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of and for the years then ended December 31, 2022, and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Empower Annuity Insurance Company and Empower Trust Company, LLC ("Empower")	0.6%	0.7%
American United Life Insurance Company ("AUL")	0.1%	0.1%

The Custodians receive investment management fees. There are also fees deducted directly from investment earnings of the Plan.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.
