Plan Administrator
Symmons Industries, Inc. 401(k) Plan
Braintree, Massachusetts

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Symmons Industries, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Symmons Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Symmons Industries, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Symmons Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Symmons Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SYMMONS INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

Symmons Industries, Inc. (the Company) established the Symmons Industries, Inc. 401(k) Plan (the Plan) effective February 1, 1998. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company. Employees are eligible to join the Plan on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute a percentage (up to 100%) of their compensation not to exceed certain Internal Revenue Code (IRC) limitations. The Plan also allows a covered employee to roll over a distribution from another qualified plan.

The Plan provides for the Company to make a safe harbor matching contribution equal to 100% of each eligible participant's elective deferral, not to exceed 6% of their compensation. The Plan also allows the Company to make a discretionary profit sharing match. The Company did not make any discretionary profit sharing contributions during the years ended December 31, 2022 and 2021.

Participant Accounts

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution, Company contributions, allocations of Plan earnings and losses, and Plan expenses. Allocations are based upon participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates between 4.25% and 7.25% at December 31, 2022, and between 4.25% and 6.50% at December 31, 2021. All loans must be repaid in full within five years, except for loans in connection with the purchase of a primary residence which must be repaid in full within 10 years. Principal and interest are paid monthly through payroll deductions.

SYMMONS INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant whose vested account value is greater than \$5,000 may elect to have their vested account balance distributed to them or maintain their account within the Plan. For participants whose vested account value is less than \$5,000, the account balance will be distributed to them automatically.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The investments of the Plan are reported at fair value. The fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Money market and mutual funds are valued at the quoted price of shares held by the Plan at year-end.

The Plan holds investments in a common and collective trust, the Galliard Stable Return Fund. The Galliard Stable Return Fund invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities, money market funds and may include derivative instruments such as futures contracts and swap agreements to provide daily liquidity.

The investment contract issuers seek to preserve the principal investment and earnings but cannot guarantee that they will be able to do so. The Galliard Stable Return Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no unfunded commitments and the redemption frequency is daily.

The self-directed brokerage account consists primarily of money market funds, mutual funds, and exchange-traded funds, which are stated at fair value, based on quoted market prices.

SYMMONS INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments and Income Recognition (Continued)

Purchases and sales of the investments within the Plan are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits to participants are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan are paid directly by the Company. Any expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through August 16, 2023, the date the financial statements were available to be issued.

NOTE 3 INFORMATION CERTIFIED BY TRUSTEE

The following Plan investments, notes receivable from participants, investment income, investment transactions and interest income on notes receivable from participants were certified by the Plan trustee, Fidelity Management Trust Company as of and for the years ended December 31, 2022 and 2021, as complete and accurate. Therefore, in accordance with the request of the Plan administrator and as allowed under 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, this information was not subjected to standard auditing procedures by the independent public accountants.

	<u>\$ (5,623,122)</u>	<u>\$ 3,824,416</u>

NOTE 4 FAIR VALUE MEASUREMENTS

The Plan follows the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement* (ASC Topic 820), which defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value, as of December 31, 2022 and 2021. As required by ASC Topic 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

2022					
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Mutual Funds	\$ 25,857,166	\$ -	\$ -	\$ -	\$ 25,857,166

Investments at Fair Value	<u>\$ 26,577,896</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,520,447</u>	<u>\$ 28,098,343</u>
2021					
	Level 1	Level 2	Level 3	Investments Measured at Net Asset Value (a)	Total
Mutual Funds	\$ 31,535,879	\$ -	\$ -	\$ -	\$ 31,535,879
Money Market Fund	634,543	-	-	-	634,543

Common/Collective Trust Funds	-	-	-	1,330,754	1,330,754
Investments at Fair Value	<u>\$ 32,258,163</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,330,754</u>	<u>\$ 33,588,917</u>

(a) Certain investments that are measured at fair value using the net asset value (NAV) per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company, the trustee of the Plan, for the years ended December 31, 2022 and 2021. Therefore, these transactions qualify as party-in-interest transactions. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Participant notes receivable also qualify as party-in-interest transactions.

SYMMONS INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will remain 100% vested in their accounts.

NOTE 7 TAX STATUS

On June 30, 2020, the Internal Revenue Service (IRS) stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for the income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
