INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Rhodes Financial Services, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rhodes Financial Services, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rhodes Financial Services, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rhodes Financial Services, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rhodes Financial Services, LLC 401(k) Plan 's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for ne resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rhodes Financial Services, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rhodes Financial Services, LLC 401(k) Plan 's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (HELD AT END OF YEAR), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RHODES FINANCIAL SERVICES, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Rhodes Financial Services, LLC 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General - The Plan is a defined contribution plan covering substantially all employees of Rhodes Financial Services, LLC (the "Company"), who are 21 years old or older and who have one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- B. Contributions - Each year, participants may contribute up to the IRS maximum percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for participants. The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. For the year ended December 31, 2022, the discretionary matching contribution percentage was 150% of the first 3% of employee's compensation. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the participant.
- C. Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, and (b) Plan earnings. Allocations of Plan earnings are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.
- D. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the portion of their account attributable to discretionary matching contributions based on years of continuous service. A participant is 100 percent vested after six years of credited (continuous) service. The participants vest as follows:

0%	Less than 2 years of service
20%	after 2 years of service
40%	after 3 years of service
60%	after 4 years of service
80%	after 5 years of service
100%	after 6 years of service

NOTE 1 - DESCRIPTION OF PLAN (continued)

- E. Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of not more than the assumed life expectancy of the participant or the participant's beneficiary.
- F. Forfeited Accounts - At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$32,490 and \$81,050, respectively. Any non-vested account balance from matching contributions becomes a forfeiture at a distribution date and is used to reduce the employer's matching contribution. For the year ended December 31, 2022, \$82,775 was used to reduce employer contributions for the 2021 contribution. After year end, when the matching contribution was paid for 2022 it was reduced by the balance in forfeitures at that time, which was \$45,365.
- G. Administrative Expenses - Certain costs incurred in the administration of the Plan are paid from plan assets. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. The common collective trust is reported at net asset value (NAV), which approximates fair value. The fair value of the mutual funds owned by the Plan are based on quoted or estimated market prices, which represent the net asset values of shares held by the Plan at year-end. The NAV is calculated by the plan trustee. The common collective trust is divided into investment divisions called Sub-Accounts. The value of the common collective trust is equal to the sum of the values of the Sub-Accounts it holds. Each Sub-Account invests in shares of an underlying mutual fund ("Fund"). Sub-Account values are measured in terms of Accumulation Units. The Accumulation Units of a Sub-Account are assigned a unit value on a daily basis, at the end of each day the New York Stock Exchange ("NYSE") is open for trading, as of the close of the NYSE on that day ("Valuation Day"). To determine the current Accumulation Unit Value for a Sub-Account, the prior Valuation Day's Accumulation Unit Value is multiplied by the Net Investment Factor. The Net Investment Factor is used to measure the investment performance of a Sub-Account from one Valuation Day to the next. The Net Investment Factor for each Sub-Account equals the net asset value per share of the underlying Fund held in the Sub-Account at the end of the current Valuation Day, divided by the NAV per share of the underlying Fund held in the Sub-Account at the end of each prior Valuation Day, minus any applicable daily mortality and expense risk and administration charges. The shares of the underlying Fund are valued at NAV on a daily basis. Purchases and sales of securities and common collective trust are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Plan has evaluated subsequent events through September 18, 2023, the date the financial statements were available to be issued.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles (GAAP) provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

RHODES FINANCIAL SERVICES, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund on the NYSE. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective investment trust: The fund holds guaranteed investment contracts (“GIC”), separate account GICs, and synthetic GICs. Traditional GICs represent deposits which guarantee a stated interest rate for the term of the contracts. The fair value of the traditional GICs is determined based on the present value of the contract’s expected cash flows, discounted by current market interest rates for like-duration and like-quality investments. Separate account GICs are portfolios of securities held in a separate account owned and managed by or on behalf of the insurance company issuing the GIC for the exclusive benefit of investors in the separate account. Synthetic GICs are portfolios of securities owned by the CCT. The fair value of a separate account GIC and a synthetic GIC is determined based on the fair value of the securities underlying each GIC. The fair value of the Plan’s interest in common collective trusts (“CCT” or “pooled funds”) is based on the NAV after adjustments to reflect all fund investments at fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the valuation of the Plan’s financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2022 and 2021, based on the level of input utilized to measure fair value:

		Fair Value Measurements Using		
	Total	(Level 1)	(Level 2)	(Level 3)

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

2021	Total	Fair Value Measurements Using		
		(Level 1)	(Level 2)	(Level 3)
Mutual funds	\$ 20,100,896	\$ 20,100,896	\$ -	\$ -
Total assets, at fair value	20,100,896	\$ 20,100,896	\$ -	\$ -
Common collective trust (a)	774,652			
Total assets	\$ 20,875,548			

- (a) In accordance with Topic 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables set forth a summary of the Plan's investments with a reported net asset value for years ended December 31, 2022 and 2021:

	Fair value December 31, 2022	Fair value December 31, 2021	Unfunded commitment	Redemption frequency	Other redemption restrictions	Redemption notice period
Common collective trust (b)	\$ 760,053	\$ 774,652	-	Daily	(c)	12 months

- (b) The common collective trust fund simulates the performance of a guaranteed investment contract through an issuer's guarantee of a specific interest rate and a portfolio of financial instruments that are owned by the issuer. This provides a stable value option for Plan participants.
- (c) The underlying investments in the fund consist of both investments that have daily redemptions and various unique investments, which may have various redemption restrictions imposed. The fund's prospectus should be consulted for detailed information on the underlying investments.

The Group Annuity Contract ("GAC") includes underlying assets which are held in a trust owned by Federated Investors Trust Company ("Federated Investors"), through the Plan's investment in a separate GAC. The contract provides that participants execute Plan transactions at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. The investment is stated at fair value as reported by Federated Investors and adjusted to contract value on the Statement of Assets Available for Benefits. The GAC's fair value equals the fluctuating value of the assets backing the contract.

RHODES FINANCIAL SERVICES, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

The crediting interest rate was 3.24% and the average yield was 5.31% for the year ended December 31, 2022 in comparison to a crediting interest rate of 1.79% and the average yield was 1.05% for the year ended December 31, 2021. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk or the contract issuer or otherwise. Federated Investors will guarantee principal and accrued interest, based on crediting interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. Federated Investors will reset the rate quarterly, by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the fund's investments.

NOTE 5 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the company contribution portion of their account.

NOTE 6 - TAX STATUS

The Plan received a letter of determination dated October 6, 2020, in which the Internal Revenue Service stated the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by regulatory agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator does not believe there are any material uncertain tax positions and, accordingly, the Plan will not recognize any liability for unrecognized tax benefits.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the Plan trustee and trustee and, therefore, these transactions and the Plan's payment of administrative fees to Reliance Trust Company qualify as party-in-interest transactions.

RHODES FINANCIAL SERVICES, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options including any combination of mutual funds and a common collective investment trust. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO 5500

The Annual Return/Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The following is a reconciliation of net assets available for benefits per the Form 5500 at December 31, 2022 and 2021 to the financial statements.
