INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Fisher College 403(b) DC Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Fisher College 403(b) DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Fisher College 403(b) DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Fisher College 403(b) DC Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fisher College 403(b) DC Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fisher College 403(b) DC Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fisher College 403(b) DC Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The financial statements of Fisher College 403(b) DC Plan as of December 31, 2021 were audited by O'Connor & Drew, P.C., who joined with WithumSmith+Brown, PC on January 1, 2023. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated August 17, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Fisher College 403(b) DC Plan (the "Plan") provides only general information. Participants should refer to the Adoption Agreement and the underlying Basic Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan covering all eligible employees of Fisher College (the "College"). The College established the Plan in compliance with Internal Revenue Code ("IRC") Section 403(b) to provide employees with a systematic means of savings and investing for the future. Employees become eligible for the employee deferral portion and the College's contributions upon their date of hire, provided they are not students. The Board of Trustees is responsible for oversight of the Plan. The Fisher College 403(b) Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of their compensation subject to certain discrimination tests prescribed by the IRC and other limitations specified by the Plan into the various investments offered by the Plan. The Plan allows participants to make Roth deferrals. Participants who have attained the age of 50 before the end of the year are eligible to make catch-up contributions. Participants who have 15 years of service may make additional annual catch-up contributions of \$3,000 up to a maximum lifetime amount of \$15,000. The Employer makes safe harbor matching contributions in an amount equal to 100% of the amount contributed by eligible participants, as defined, up to a maximum of 5% of the Participant's compensation, subject to limits imposed by Federal law. Participants become eligible for the Employer contributions immediately upon enrollment in the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and rollovers, as well as the College's matching contributions, plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions, the College's matching contributions, as well as Plan earnings and losses and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specified participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Payment of Benefits

Upon termination of service due to death, disability, retirement, becoming eligible for a Qualified Reservist Distribution, or termination of the Plan, a participant or beneficiary may elect to receive either a qualified joint and survivor annuity, a single life annuity, a fixed period annuity or lump sum. Participants may withdraw from their rollover accounts at any time. If a participant terminates employment for any reason and his or her vested account balance does not exceed \$1,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

**Fisher College 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Plan Loans

Plan loans are issued as separate contracts by TIAA and CREF as contemplated under IRC Section 72(p)(5) and do not represent Plan assets. Loans are collateralized using a participant's TIAA traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their TIAA Traditional Annuity account balance, subject to annuity contract and plan provisions. Loan terms range from one to five years in one-year increments (up to a reasonable time for the purchase of the participant's primary residence). The loan is made by TIAA and CREF with the loan proceeds sourced from its General Account. Loan payments are made directly to TIAA and CREF. As loan payments are received, TIAA and CREF releases the appropriate amount of collateral held in the TIAA Traditional Annuity. Investments underlying defaulted loan balances are reflected in the Statements of Net Assets Available for Benefits until a distributable event occurs. Plan loans totaled \$55,151 and \$85,084 at December 31, 2022 and 2021, respectively, with interest rates of 4.22% - 5.18%, and 4.00% - 4.39%, respectively. Effective January 1, 2022, TIAA and CREF is no longer issuing Plan loans.

Notes Receivable from Participants

Participants may borrow from their accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are secured by the balance in the participants' vested account balance, and bear interest rates ranging from 4.25% - 5.75%, commensurate with local prevailing rates as determined by the Plan administrator, currently the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions or ACH directly from the participant's bank account.

Administrative Expenses

Administrative expenses will be paid by the Plan, except for those expenses that the College, in its discretion, chooses to pay from time to time. Certain expenses of maintaining the Plan are paid directly by the College and are excluded from these financial statements. Investment-related expenses are included in net depreciation of fair value of investments. Participant's fees are charged against the participant's account and are included in administrative expenses.

The Plan has a revenue-sharing agreement with TIAA and CREF, in which it collects excess revenue generated when investments pay revenue-sharing fees in excess of what is needed to administer the Plan and uses the monies to pay Plan expenses or to allocate to Plan participants. During 2022, the amount received by the Plan and included as other income on the statement of changes in net assets available for benefits was \$21,082.

In addition, during 2022, total administrative expenses of \$21,186 were paid from the revenue credit funds. The balance in the revenue credit account as of December 31, 2022 and 2021 was \$9 and \$23, respectively.

Participant Rollovers

Participants may transfer or rollover funds into the plan, representing distributions from other qualified defined benefit or defined contribution plans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and in compliance with the Rules and Regulations for Reporting and Disclosure under ERISA of the Department of Labor, except for distributions paid to participants, which are prepared on the cash basis of accounting.

**Fisher College 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021**

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual amounts may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value with the exception of fully benefit- responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in less any withdrawals and transfers out.

Plan management determines the Plan's valuation policy utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements. Purchases and sales of investments are recorded on a settlement-date basis, interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions from employees and the College are recorded in the period in which the College makes the payroll deductions from participant earnings.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant's loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodians of the Plan, TIAA and CREF, have certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Total investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC 820) are described as follows:

Level 1 - Observable inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: This investment is a pooled separate account in which daily unit values are published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the account. These investments are categorized as Level 1 because they are actively traded, and the prices are publicly reported to NASDAQ at the end of each day.

Fisher College 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

Variable Annuity Contracts: Variable Annuity Contracts are valued at the daily unit value published on NASDAQ. The fund is not traded on this exchange. The value of the unit holder's investment rises and falls with the returns on the underlying assets in the fund. These investments are categorized as Level 1 because they are actively traded, and the prices are publicly reported to NASDAQ at the end of each day. In addition, the TIAA Access funds operate as a unit investment trust. They invest in shares of underlying mutual funds. Contributions to TIAA Access buy accumulation units whose value is calculated daily. The value of a participant's investment rises and falls with the return on the underlying assets.

Traditional Annuity Contract: The contract is reported at contract value and segregated into non-benefit and fully benefit-responsive categories. Fair value approximates contract value for non-benefit-responsive versions. Contract value is the relevant measurement attribute for the portion that is considered fully benefit-responsive.

The contract value of the Traditional Annuity Contract equals the sum of accumulated cash contributions, interest credited to the Plan's contract, the effects of transfers in or out, and any withdrawals. The Traditional Annuity Contract is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. While transactions involving the purchases/sales of individual Traditional Annuity Contracts are not observable in a public marketplace, contract value may provide a good approximation of fair value (See Note 5).

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

2022				
	Level 1	Level 2	Level 3	Total

Purchases	661,628	188,184
Sales	<u>(838,998)</u>	<u>(437,763)</u>
Balance, end of year	<u>\$ 5,294,312</u>	<u>\$ 5,250,065</u>

For the years ended December 31, 2022 and 2021, there were no significant transfers between Levels 1, 2, or 3.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and significant unobservable inputs and the ranges of values for those inputs as of December 31:

<u>2022</u>				
<u>Investment</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range</u>
TIAA Traditional Annuity (Non Benefit-Responsive)	\$ 5,294,312	Discounted cash flow Theoretical transfer (exit value)	Risk adjusted discount rate applied	RC - 3.95% - 6.50% RA - 3.70% - 6.25%
<u>2021</u>				
<u>Investment</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range</u>

5. TRADITIONAL ANNUITY CONTRACT

The Plan has entered into an annuity agreement with TIAA. Participants individually contract with TIAA to establish an account within the TIAA Traditional Annuity. The TIAA Traditional Annuity is offered through a variety of contracts including retirement annuities ("RA"), retirement choice ("RC"), group supplemental retirement annuities ("GSRA"), and supplemental retirement annuity ("SRA") as determined by the contract between TIAA and the participant. GSRA and SRA contracts are considered fully benefit-responsive because they are liquid contracts. RA and RC contracts are considered non-benefit-responsive due to certain illiquidity features discussed below. Participant contributions may be made to an RA, RC, GSRA or SRA contract as determined by the participant. Participant accumulations are available in lump-sum payments upon meeting certain triggering events under an SRA or GSRA contract.

Due to the withdrawal characteristics, the crediting interest rates to GSRA and SRA contracts are typically lower than the crediting interest rates to RA and RC contracts. TIAA maintains and invests the contributions in a general account. During the accumulation phase, the TIAA Traditional Annuity provides a guarantee of principal, a guaranteed minimum interest rate between 1% and 3%, and the potential for additional interest if declared by TIAA. Additional interest, when declared, remains in effect for the "declaration year," which begins each March 1. Additional interest is not guaranteed for future years. The TIAA Traditional Annuity is credited with contributions and charged for participant withdrawals and administrative expenses. The crediting rates are supported by the investment performance of the underlying investments and may be reset as frequently as monthly.

Contributions to a participant's account purchase a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional Annuity is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan. The TIAA Traditional Annuity is fully and unconditionally backed by the claims-paying ability of TIAA.

Contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to fully benefit-responsive TIAA Traditional Annuity contracts (GSRA and SRA contracts). Contributions and interest credited to participants in all TIAA Traditional Annuity contracts are valued at no less than a participant's accumulation balance. With respect to payments made to a participant in the withdrawal stage, a participant receives no more than the participant's accumulation balance. Therefore, TIAA has determined that contract value for non-benefit-responsive contracts (RA and RC contracts) of the TIAA Traditional Annuity approximates its fair value. The non-benefit-responsive portion of the TIAA Traditional Annuity is presented in the statements of net assets available for benefits at fair value, which is approximately equal to contract value in arriving at net assets available for benefits and the benefit-responsive portion is presented at contract value.

The TIAA Traditional Annuity value represents contributions made under the contract plus earnings and transfers, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Fisher College 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The minimum crediting interest rates are contractually guaranteed to be between 1 and 3 percent; otherwise, the crediting interest rates are determined by TIAA for each type of participant contract as follows:

<u>Average Yields</u>	<u>RA</u>	<u>GSRA</u>	<u>RC</u>	<u>SRA</u>
December 31, 2022	6.60%	5.85%	6.85%	5.85%
December 31, 2021	3.70%	3.00%	3.95%	3.00%

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by TIAA and CREF, the custodians of the Plan, and therefore these transactions qualify as party-in-interest transactions. Fees paid to TIAA for loan administration were \$275 for the year ended December 31, 2022. Consulting related services are provided by Sentinel Pension Advisors and Sentinel Benefits and Financial Group, Inc., and therefore, these transactions qualify as party-in-interest transactions. Fees in the amount of \$21,186 were paid to Sentinel for the year ended December 31, 2022. In addition, notes receivable from participants and the revenue recapture agreement (see Note 2) also qualify as a party-in-interest transactions.

7. TAX STATUS

The Plan has adopted the volume submitter plan document of TIAA and CREF. The volume submitter sponsor received a favorable opinion letter dated August 7, 2017, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the date of the last letter. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt. Accordingly, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 19, 2023, the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require adjustment or disclosure in the financial statements.
