Independent Auditor's Report

Trustees and Administrator
Tacala, LLC
40l(k) Retirement Savings Plan
Birmingham, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Tacala, LLC 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tacala, LLC 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tacala, LLC 401(k) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tacala, LLC 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tacala, LLC 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tacala, LLC 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tacala, LLC
401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 1. Description of Plan and Summary of Significant Accounting Policies

The following description of the Tacala, LLC 401(k) Retirement Savings Plan (the Plan) provides general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

A. **General -** The Plan is a defined contribution plan, created on January 1, 1996, covering all non-highly compensated employees, excluding crew members, of the Tacala companies, Tacala, LLC, Tacala Georgia Corp., Tacala Tennessee Corp., and Tacala Austin Group (collectively, the Company) who have at least three consecutive months of service and have attained the age of twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. **Contributions -** Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. For each Plan year, the Company may make a discretionary employer contribution equal to a uniform percentage of the elective contributions of each participant.

C. **Participant Accounts -** Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution periodically as such contributions are made to the Plan. Plan earnings are credited on a daily basis. Allocations are based on participant earnings or account balances, as defined in the Plan agreement.

D. **Vesting -** All contributions by participants, as well as earnings on those contributions, are fully vested for participants in the Plan. The Company’s matching contribution for participants is vested 20 percent per year and is 100 percent vested after five years of credited service.

E. **Participant Loans -** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding balance of loans during the one-year period ending on the date before the new loan is made, or the greater of one-half of the present value of the participant’s vested interest account. The loans are secured by a portion of the participant’s vested account equal to the loan amount and bear interest at a rate commensurate with local prevailing rates as determined annually by the Plan sponsor. Principal and interest is paid ratably through payroll deductions.

Note 1. Description of Plan and Summary of Significant Accounting Policies - Continued

F. **Life Insurance -** Life insurance contracts are prohibited within the Plan.

G. **Payment of Benefits -** Upon retirement (early and normal), death or total and permanent disability, a participant (or beneficiary) may elect to receive the entire amount of his/her account in one lump sum payment. If employment is terminated for reasons other than retirement, death, or disability, participants may elect to receive a distribution of their vested account balance. The Plan also allows for withdrawal of funds for in-service and hardship distributions if certain conditions are satisfied. Upon termination, vested account balances that do not exceed $5,000 will be automatically distributed to the participant.

H. **Administration –** The Standard Insurance Company has been appointed custodian of the Plan. All funds in the Plan are held in trust by the custodian. Certain administrative expenses for custodian fees and record-keeping fees are paid directly by the Plan.

I. **Forfeited Accounts -** If any portion of a participant's account is forfeited during a plan year, it will first be applied to pay administrative expenses under the Plan, as directed by the Company. Any remaining amounts will be used to reduce future Employer contributions payable under the Plan. Forfeited non-vested accounts were $9,039 and $7,108 for the years ended December 31, 2022 and 2021, respectively.

Basis of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues are recognized in the period in which they are earned. Expenses are recognized in the period in which they are incurred.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Sponsor, Tacala, LLC, determines the Plan's valuation policies. See Note 7 for more information concerning fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in fair value of investments is the difference between the proceeds received or aggregate fair value of investments determined at the end of the year and the aggregate fair value of investments determined at the beginning of the year or cost if acquired during the year. Dividends are recorded on the ex-dividend date.

Note 1. Description of Plan and Summary of Significant Accounting Policies - Continued

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various pooled separate accounts and mutual funds as investment options which invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Market risks include global events which could impact the value of investments, such as a pandemic or global conflict.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

As a result of the global economy, inflation, interest rates, etc., economic uncertainties have arisen which could impact the Plan's asset values. Other financial impact could occur though such potential impact is unknown at this time.

Note 2. Plan Amendments

On July 12, 2022 the Plan was restated, effective January 1, 2022, to adopt the cycle 3 restatement and to bring the Plan into compliance with the requirements of the 2017 Cumulative List (Notice 2017-37).

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their accounts.

Note 4. Party-In-Interest Transactions

The investments of the Plan are shares of pooled separate accounts and stable value fund managed by the custodian; therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee received compensation from the Plan for these services.

Note 5. Information Prepared and Certified by Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Standard Insurance Company, the Custodian, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	2022	2021
Investments, at fair value:		
Pooled separate accounts	$ 10,271,019	$ 12,392,768
Guaranteed investment contracts	2,058,151	2,344,407
Total investments	$ 12,329,170	$ 14,737,175

	2022
Investment income (loss):	
Interest and dividends	$ 26,971
Interest – participant loans	18,942
Net depreciation in fair value of investments	(2,462,302)
Net investment loss	$ (2,416,389)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6. Tax Status

On June 30, 2020, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan. Further, the Plan has been amended since receiving the determination letter for the prototype adopted by the Plan. The Plan Administrator believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Note 7. Fair Value of Assets and Liabilities

The Plan accounts for fair value measurements in accordance with FASB ASC 820. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued daily at the quoted net asset value ("NAV") of shares held by the plan at year end.

Note 7. Fair Value of Assets and Liabilities - Continued

Guaranteed investment contract: Valued at net asset value as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets and liabilities itemized below were measured at fair value during the years ended December 31, 2022 and 2021 using the market and income approaches. The market approach and income flow approach was used for Level 2 and Level 3, respectively.

		Assets at Fair Value as of December 31, 2022		
	Fair Value	Quoted Prices in Active Markets Identical for Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 10,271,019	$ -	$ 10,271,019	$ -
Investments measured at NAV (a):				
Guaranteed investment contract	2,058,151			
Total	$ 12,329,170			

Note 7. Fair Value of Assets and Liabilities - Continued

		Assets at Fair Value as of December 31, 2021		
	Fair Value	Quoted Prices in Active Markets Identical for Assets/ Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 12,392,768	$ -	$ 12,392,768	$ -
Investments measured at NAV (a):				
Guaranteed investment contract	2,344,407			
Total	$ 14,737,175			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value Estimated Using NAV Per Share as of December 31, 2022			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Standard Stable Asset A (a)	$ 2,058,151	None	Daily	None

Note 7. Fair Value of Assets and Liabilities - Continued

	Fair Value Estimated Using NAV Per Share as of December 31, 2021			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Standard Stable Asset A (a)	$ 2,344,407	None	Daily	None

(a) The objective of the Standard Stable Asset Fund is to provide liquidity and safety of principal, along with a competitive, guaranteed rate of return. The fund's strategy is to invest the deposits of plan participants as part of its general account assets, which include its fixed income securities portfolio and its commercial mortgage loan portfolio. A participant's return is determined by a declared interest rate, which is accrued daily and compounded quarterly.

Note 8. Concentration of Investments

Included in investments at December 31, 2022 and 2021 are:

2022		2021	
Investment Amount	Percent of Total Investments	Investment Amount	Percent of Total Investments
$ 2,918,838	24%	$ 3,066,723	21%
2,058,151	17%	2,344,407	16%
1,320,261	11%	1,928,608	13%
1,243,388	10%	1,731,211	12%

Note 9. ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or $500,000. At December 31, 2022 and 2021, the Plan's sponsor maintained bond coverage in the amount of $2,000,000.

Note 10. Subsequent Events

The Plan's management has evaluated subsequent events through September 18, 2023 the date which the financial statements were available to be issued.
