The Plan Administrator
Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the “supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of the Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan (the Plan) provides general information about the Plan's provisions. Cintas Corporation (the Company) is the Plan Sponsor. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan Sponsor.

General

The Plan is a defined contribution plan covering substantially all qualified legacy G&K Services, Inc. union employees of the Company. Cintas serves as the Plan Administrator. Fifth Third Institutional Services serves as the trustee, and Empowerment Retirement, LLC serves as the recordkeeper of the Plan, as an agent of Fifth Third Institutional Services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to make contributions to the Plan of up to 75% of their annual compensation, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (the Code). Under provisions of the Code, the Plan also allows participants to roll over funds from other qualified plans into the Plan. Non-union employees were no longer allowed to contribute to the Plan effective June 4, 2017, when they became eligible to participate in the Cintas Partners' Plan. Union employees with Legacy G&K locations continue to be eligible to contribute to the Plan.

The Company will contribute an amount equal to 100% of a participant's elective deferrals that do not exceed 3% of their compensation (as defined by the Plan), plus 50% of the participant's elective deferrals that exceed 3%, but do not exceed 5%, of such participant's compensation.

The Company shall also make employer transition contributions for participants eligible to receive such contributions. For the year ended December 31, 2022, employer transition contributions totaled \$0.

Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant and Company contributions and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participant pre-tax contributions, rollover contributions, safe harbor matching contributions and employer transition contributions are 100% vested and cannot be forfeited. Participants become 100% vested in employer matching contributions after completing three years of service. Participants reaching the normal retirement age of 65 while still employed by the Company or terminating employment due to permanent disability or death automatically become fully vested in all Company contributions.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay the Plan's administrative expenses. At December 31, 2022 and 2021, forfeited non-vested account balances totaled \$99,509 and \$97,487, respectively. No forfeitures were used to pay the Plan's expenses in 2022.

Investment Elections

Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may elect to have all or part of their account balance and future contributions transferred from one fund to another or in any combination.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Terms may not exceed five years, unless the purpose of the loan is to acquire a principal residence. Participants are only allowed to have

Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, as defined by the Plan. At December 31, 2022 and 2021, the interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through October 2026.

Payment of Benefits

Upon termination of employment, death, permanent disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance. A participant or designated beneficiary will receive a lump-sum amount, if the vested account balance is \$1,000 or less. If the vested account balance is greater than \$1,000, the participant or beneficiary either may elect to receive a lump-sum amount or may elect to have the balance paid directly to an eligible retirement plan. If the vested account balance is greater than \$5,000, the distribution can also be received in the form of installments over a period of time. If the vested account balance is greater than \$5,000, the participant may also elect to leave their balance in the Plan. Withdrawals of rollover contributions and hardship withdrawals are allowed at any time. Upon obtaining age 59½, a participant may request a withdrawal of all or part of his vested account balance without limitation. Certain other benefit options are available to participants of former plans.

Administrative Expenses

Administrative expenses of the Plan are paid primarily from Plan assets. Certain fees and expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Certain Plan expenses are charged directly to the participants' accounts and are included in administrative expenses.

Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA and the union Collective Bargaining Agreement. In the event of the Plan's termination, each participant's account would become fully vested, nonforfeitable and distributable in accordance with the provisions of the Plan document.

Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, the accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan

Notes to Financial Statements (continued)

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fifth Third Institutional Services, the trustee.

4. Fair Value Measurements

The Plan follows the provisions of the Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. ASC 820 defines a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing an asset or liability. As a basis for considering market participant assumption in fair value measurements, and as noted above, ASC 820 defines a three-level fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participants.

The fair value hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- *Level 1:* Inputs utilize unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access.
- *Level 2:* Inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset and liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.

Cintas Corporation (G&K Services) 401(k) Savings Incentive Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- *Level 3:* Inputs are unobservable inputs for the asset or liability, which is typically based on an entity's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2022				
Mutual funds	\$ 3,692,692	\$ –	\$ –	\$ 3,692,692

Total assets at fair value	<u>\$ 5,124,587</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 5,124,587</u>

The following is a description of the valuation method used for investments measured at fair value:

- *Shares of Mutual funds:* The fair value of these securities is based on the observable market quotations for the actual underlying funds, which is traded on national exchange and is priced daily at the close of business. The Plan does not adjust the quoted price.

4. Fair Value Measurements (continued)

- *Shares of common collective trusts:* The common collective trusts are public investment vehicles valued at net asset value (NAV) provided by the manager of each fund. The NAV is based on the underlying net assets owned by the fund divided by the number of shares outstanding. The daily NAV is available to participants of the Plan when they log into their online account to view their current balance. The common collective trusts allow participants to make daily redemption requests at the current NAV. As a result, the Plan has determined that the common collective trusts have a readily determinable fair value based on similar assets (i.e., mutual funds) and, therefore, each meet the criteria to be classified as Level 1.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated January 25, 2018, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended as of October 4, 2018. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
