100+ PARTICIPANTS	INDEPENDENT AUDITOR	COMPLETE FORM 5500	AUDIT COMPLIANCE
— Employers with 100 or more employees who are eligible to participate at the beginning of a year are required to have their plan audited.	— If required to be audited, the employer must find an independent, qualified auditor to perform the audit.	— The audit report must be attached to Form 5500 and filed by the original deadline of July 31st or the extended deadline of October 15th.	— All aspects of the plan will be tested to ensure operations are in compliance with plan documents, laws, and regulations.

ANSWERED BY CERTIFIED ACCOUNTING PROFESSIONALS

Q. What are the Department of Labor and IRS audit requirements for a 401(k) plan?

A. A 401(k) plan's audit requirement is based on the number of employees categorized as eligible participants every year. The DOL terms an employee benefit plan as a "large plan" and requires it to be audited in any year that it has over 100 eligible participants as of the beginning of the year. (See below for a discussion of participant eligibility.) The audit must be attached to the Form 5500, which must be filed by July 31st, unless extended to October 15th. As with many other government regulations, there are exceptions:

- Exception 1 (Short Plan Years) – Partial plan years rejoice – even if it is classified as a large plan due to its size, if a 401(k) has a plan year lasting seven months or less (for example, if it started in August and is a calendar year plan), the audit can be deferred to the next plan year. If participation drops significantly the next year, and no audit is required, the short plan year will still have to be audited.
- Exception 2 (The 80/120 Participant Rule) – If the eligible employee count is 121 or greater at the beginning of a year, the plan must be audited, no other options. However, if the count is anywhere between 80 and 120, that year's requirement follows the prior year's audit requirement. For example, if in year one there were 90 eligible participants, no audit is required. If eligible participants climbed to 115 in year two, a small plan audit can be filed since the plan still has less than 120 employees. However, if eligible participants rise above 121 in year three, the plan will be required to have a large plan (limited-scope) audit.

F A Qs

FREQUENTLY ASKED QUESTIONS REGARDING A 401(K) AUDIT

Q. How long will the audit take?

A. Audits typically take 3 weeks to complete. This time frame depends on how soon we get access to your plan's data.

Q. What will my auditor request?

A. There is a lot of information we will need to complete your 401(k) audit. Granting us auditor access to your record keepers website, we can remove the document gathering burden. We will gather the basic plan documents, annual reporting documents, and payroll data so that you can focus on your business instead of the endless back and forth with our auditors.

Q. How do I identify how many eligible participants are in my plan?

A. There are three types of eligible participants that need to be included in your number:

- **Active employees:** Start with understanding your plan documents. Your Adoption Agreement and Summary Plan Description detail whether there are any excluded types of participants. Examples of possible exclusions are union employees and leased employees. From there, the document describes the age and service requirements and the entry dates, which will allow you to calculate all eligible active employees.
- **Former employees:** As employees leave the company, they may or may not remove their account balances from the plan. Any employees no longer employed by the company who still have a balance in their account on the first day of the plan year still count as eligible participants.
- **Deceased employees:** Any deceased employees whose benefits have not been fully received by beneficiaries still count as eligible participants.

Q. Does the auditor need to be in my city?

A. No, with current technology an audit can be performed remotely regardless of which city or state your business resides. This also means that auditors no longer need to come to your office and disrupt your normal business practices. We perform audits nationwide. It's a win-win for everyone.

Q. Do I need a limited scope audit or a full scope audit?

A. First, let's clarify the difference between a limited scope audit and a full scope audit. A limited scope audit does not require the auditor to test investment information. The custodian holding the assets attests to the accuracy and completeness of this information, eliminating the need for an auditor to test it. If a certification cannot be obtained from a qualified institution (bank, trust company, or insurance company), a full scope audit must be performed. If you need assistance in determining whether you will need a limited scope or full scope audit, please call our office.

Q. What is the deadline for our 401(k) audit?

A. Form 5500 (with the audit report attached) is required to be filed by July 31. If needed, you can request a one-time extension by filing Form 5558. This will extend the deadline to **October 15**.

BENEFIT IN MORE WAYS THAN ONE WITH A PRICEKUBECKA 401(K) AUDIT

Although plan sponsors have recognized the benefits of using technology in their 401(k) operations, the trend toward a more digital approach hasn't been widely adopted by auditors. This causes tension when audit time comes around.

We redesigned our 401(k) audit process in response to changing technology because our clients don't have the free time to respond to a long list of outdated audit requests. This is what you can expect from us:

- Our auditing process is documented so you will know what's expected
- Our software performs repetitive tasks efficiently so you don't have to train new auditors every year
- Our remote auditing process allows us to perform quality 401(k) audits from our office so we don't take up your conference room and distract you from your daily work flow
