INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Vishay Employee Savings Plus Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Vishay Employee Savings Plus Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Vishay Employee Savings Plus Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Vishay Employee Savings Plus Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vishay Employee Savings Plus Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vishay Employee Savings Plus Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Vishay Employee Savings Plus Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Vishay Employee Savings Plus Plan

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021

Note 1 – Description of Plan

The following description of the Vishay Employee Savings Plus Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a participant-directed defined contribution plan covering substantially all employees at U.S. facilities of Vishay Intertechnology, Inc. (the “Company” or the “Plan Sponsor”) who have completed thirty days of service. Union, nonresident aliens, leased employees and temporary employees are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All new employees at covered subsidiaries are automatically enrolled in the Plan, unless the employee makes an election to waive participation in the Plan.

With regard to employees acquired in connection with a corporate acquisition made by the Company, the Plan’s committee has the discretion to include an employee’s years of service with the acquired business in determining eligibility to participate in the Plan based on the period of service of at least thirty days requirement. The Company acquired substantially all of the assets of Barry Industries (“Barry”) on December 31, 2021. The Plan’s committee determined that former employees of Barry were eligible to participate in the Plan immediately upon their hiring by the Company subsequent to the acquisition.

Contributions

Each year, participants may contribute up to the maximum percentage of pretax annual compensation, as defined in the Plan, subject to the Code limitations. During the periods presented, under automatic enrollment 2% of pre-tax compensation is deferred, unless otherwise elected by the participant. (See Note 8 for discussion of amendments to change the automatic enrollment percentage effective January 1, 2023). Participants who reach age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also permits Roth after-tax contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous investment options for participants.

The Company makes matching contributions equal to 100% of the first 3% of participant contributions, and equal to 50% of the next 4% of participant contributions, for a maximum base employer contribution of 5%, provided the participant contributes 7% of compensation.

Any subsidiary of the Company (a “Participating Company”) may also make a discretionary profit sharing contribution. Participating Company, Siliconix incorporated, makes such contributions if certain criteria are met. The Siliconix profit sharing contribution is allocated to the accounts of eligible participants based on the participant’s compensation as a percentage of applicable Plan compensation for the Plan year; plus an amount equal to a percentage of the participant’s compensation as a percentage of applicable Plan compensation in excess of 100% of the taxable wage base (the “Super-Integration Level”). Generally, participants must be employed on the last day of the Plan year to be eligible to receive the discretionary profit sharing contribution. Siliconix may determine other terms and conditions related to discretionary profit sharing contributions.

For the years ended December 31, 2022 and 2021, the Company approved profit sharing contributions of \$1,615,575 and \$1,103,574, respectively.

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021

Note 1 – Description of Plan (continued)

Vishay Retirement Plan and Certain Non-Elective Contributions

Prior to January 1, 2018, the Plan made supplemental matching contributions to participants who were also participants in the Vishay Retirement Plan, an affiliated defined benefit plan, or the Vishay Non-Qualified Retirement Plan on December 31, 2008, based on age.

Effective January 1, 2018, there are no further supplemental matching contributions, but rather supplemental non-elective contributions to participants who were also participants in the Vishay Retirement Plan or the Vishay Non-Qualified Retirement Plan on December 31, 2008, based on age. The structure of the supplemental non-elective contribution is as follows:

<u>Age</u>	<u>Contribution Amount</u>
Less than 45	\$0
45-49	1% of the eligible participant's compensation
50-54	3% of the eligible participant's compensation
55-59	5% of the eligible participant's compensation
60 and over	7% of the eligible participant's compensation

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with fund-level fees and expenses associated with a specific optional feature elected by a participant. Allocations are based on participant salary deferral agreements and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Vesting

Participants are immediately vested in all participant contributions, Company matching contributions, supplemental matching contributions, and non-elective contributions other than profit sharing contributions, plus actual earnings thereon. The profit sharing contributions vest ratably over five years of service. Participants become fully vested in the profit sharing contribution if employment is terminated by normal retirement, early retirement, total disability, or death.

Vishay Employee Savings Plus Plan

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021

Note 1 – Description of Plan (continued)***Forfeited Accounts***

When certain terminations of participations in the Plan occur, the nonvested portion of the participant's account, as defined, represents a forfeiture. Forfeitures can be used to reduce future employer contributions. Forfeited nonvested accounts totaled \$20,864 and \$81,246 as of December 31, 2022 and 2021, respectively. Forfeited accounts may arise as a result of compliance testing corrections made by the Plan. The Plan used \$29,407 and \$81,324 of previously forfeited accounts to reduce employer contributions for the years ended December 31, 2022 and 2021, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants may have up to two loans outstanding at a time. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.00% at December 31, 2022, which are commensurate with local prevailing rates of prime plus 1% at date of issuance as determined by the Plan administrator. Principal and interest are paid through payroll deductions.

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

On termination of service due to any reason, a participant may elect to receive either a lump-sum distribution or installment payments equal to the value of the participant's account. The Plan allows withdrawals at age 55 without penalty if the participant elects to take "Early Retirement" as defined in the Plan. Employees who have reached age 59-1/2 may withdraw up to 100% of their account. Employees who have not reached age 59-1/2 may apply for hardship withdrawals to meet immediate and heavy financial needs, such as certain post-secondary education expenses, medical expenses, purchase of a principal residence, or prevention of eviction from or foreclosure on a principal residence. The amount is limited to the lesser of the financial need or the participant's own contributions.

As of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor’s retirement committee determines the Plan’s valuation policies utilizing information provided by trustees, custodians and investment advisors. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Quarterly recordkeeping fees, fees related to the administration of notes receivable from participants and other participant-specific fees are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through September 20, 2023, the date the financial statements were available to be issued.

Note 3 – Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Bank of America, N.A., a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments at fair value, cash, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment activity, including interest and dividends, net appreciation (depreciation) in fair value of investments and the interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, as shown in the statements of changes in net assets available for benefits.
- The information for all mutual funds, common/collective trusts, bank deposits and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2022 as shown in the ERISA-required supplemental schedule.

Note 4 – Fair Value Measurements

GAAP defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

GAAP also establishes a fair value hierarchy of the inputs used to measure fair value. This hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs that reflect the Plan's own assumptions.

An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement.

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021

Note 4 – Fair Value Measurements (continued)

The following table presents the fair value hierarchy for the Plan's investments as of December 31, 2022 and 2021. As of December 31, 2022 and 2021, short-term investment funds of \$0 and \$842,077, respectively, and common/collective trusts of \$189,822,716 and \$227,058,836, respectively, were valued using the net asset value as a practical expedient and are excluded from the following hierarchy per ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).

	<u>Fair value measurements at reporting date using:</u>			
	<u>Total Fair Value</u>	<u>Level 1 Inputs</u>	<u>Level 2 Inputs</u>	<u>Level 3 Inputs</u>
<u>December 31, 2022:</u>				
Retirement bank account	\$ 9,555,823	\$ 9,555,823	\$ -	\$ -
Mutual funds	<u>162,535,292</u>	<u>162,535,292</u>	<u>-</u>	<u>-</u>
	<u>\$ 172,091,115</u>	<u>\$ 172,091,115</u>	<u>\$ -</u>	<u>\$ -</u>
<u>December 31, 2021:</u>				
Retirement bank account	\$ 8,672,890	\$ 8,672,890	\$ -	\$ -
Mutual funds	<u>189,603,414</u>	<u>189,603,414</u>	<u>-</u>	<u>-</u>
	<u>\$ 198,276,304</u>	<u>\$ 198,276,304</u>	<u>\$ -</u>	<u>\$ -</u>

The retirement bank account held by the Plan is an interest-bearing, money market deposit account with Bank of America, N.A. ("Bank of America"). The carrying amount of the account approximates its fair value.

Shares of mutual funds are valued at quoted market prices on the last business day of the year. The fair value measurement of the mutual funds is considered a Level 1 measurement within the fair value hierarchy.

Cash held by the Plan consists of demand deposits on account in various financial institutions to fund current benefit payments. The carrying amount of the cash approximates its fair value.

The Plan's financial instruments also include an employer contribution receivable and notes receivable from participants. The carrying amounts for these financial instruments reported in the statements of net assets available for benefits approximate their fair values.

Vishay Employee Savings Plus Plan

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021

Note 4 – Fair Value Measurements (continued)

The common/collective trusts and short-term investment fund are presented at fair value in the statements of net assets available for benefits using the net asset value per share practical expedient, and accordingly are not presented in the fair value hierarchy table. The objective of the short-term investment fund is stability of principal. The objectives of the common/collective trusts invested in equity investments is to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; and/or to provide diversified exposure representative of segments of the U.S. equity market. The objectives of the common/collective trusts invested in fixed income is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The investment objective of the Invesco Stable Value Retirement Fund is to seek preservation of principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. These collective trust funds are redeemable at net asset value under agreements with the underlying funds. Net asset values are based on the fair market value of the underlying investments of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. It is possible that these redemption rights may be restricted by the funds in the future in accordance with underlying fund agreements. Any changes in the redemption rights could materially affect the net asset value of the investments. There are currently no redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Related Party and Party-In-Interest Transactions

Certain Plan investments available are shares of investments managed by Bank of America. Bank of America serves as the trustee and recordkeeper as defined by the Plan. Bank of America holds the Plan's assets and invests interest and dividend income and cash received and initiates distributions to participants. These transactions qualify as party-in-interest transactions. Loans to participants also qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transactions rules of ERISA.

Certain administrative functions of the Plan are performed by employees of the Company. No such employee receives compensation from the Plan.

Additionally, during the years ended December 31, 2022 and 2021, the Plan paid Bank of America or affiliates \$235,923, and \$229,793, respectively, for recordkeeping, investment management and other services.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of Plan termination, participants would become fully vested in all of their accounts, including profit sharing contributions.

Vishay Employee Savings Plus Plan

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the years ended December 31, 2022 and 2021

Note 7 – Tax Status

The IRS has determined and informed the Company, by a letter dated February 23, 2015, that the Plan is designed in accordance with applicable sections of the Code. The Plan has been amended since that date and the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8 – Plan Amendments

The Plan was amended as of December 22, 2022 to reflect agency guidance regarding the “Outbreak Period” in connection with the national emergency related to the COVID-19 pandemic, reflect certain mandatory and discretionary legislative changes with respect to the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act, Coronavirus Aid, Relief, and Economic Safety (“CARES”) Act and related legislation, and increase the default pre-tax deferral percentage for automatically enrolled eligible employees hired on or after January 1, 2023.

Certain amendments for regulatory relief were retroactive to 2020, as permitted by the CARES Act, including the deferral of loan due dates for participants with outstanding Plan loans with repayment dates between March 27, 2020 and December 31, 2020. Participants with such loans could delay their loan repayments for up to one year, with interest still accruing on the deferred payments.
