Independent Auditor's Report

To the Plan Administrator
WilliamsMarston LLC Retirement Plan
Boston, MA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of WilliamsMarston LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 (unaudited), and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2021 Financial Statement

We have performed a compilation engagement with respect to the 2021 statement of net assets available for benefits (2021 financial statement) in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the 2021 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2021 financial statement.

WilliamsMarston LLC Retirement Plan
Notes to Financial Statements

1. Description of the Plan

The WilliamsMarston LLC Retirement Plan (the “Plan”) was established on August 1, 2014. The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of WilliamsMarston LLC. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Asset Transfers

The Company acquired Chord Advisors, LLC and its benefit plan, Chord Advisors, LLC 401(k) Plan on August 25, 2021. On February 23, 2022 \$2,093,711 transferred into the Plan. The 2021 safe harbor match was transferred from Chord Advisors, LLC to the Plan on March 7, 2022 in the amount of \$293,414. This amount is reflected as a transfer in from qualified plan on the Statement of Changes in Net Assets Available for Benefits.

The Company acquired Moffett & Associates, Inc. and its benefit plan, Moffett & Associates, Inc. APC 401(k) Profit Sharing Plan on May 3, 2022. On July 18, 2022 \$1,049,085 transferred into the Plan.

Eligibility

An employee is eligible to participate in the Plan the first day of the month following their date of employment after reaching the age of 21.

Contributions

Employees who elect to participate may contribute a dollar amount or percentage of their compensation up to the maximum allowable by law. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a safe harbor matching contribution. The Company will make matching contributions to the account of each eligible participant in the amount equal to 3% of the participant’s compensation. Additionally, supplemental profit-sharing contributions may be made by the employer at the employer’s discretion. Supplemental discretionary contributions are allocated among all participants who have completed 1,000 hours of service during the Plan year and are active participants on the last day of the Plan year. Allocation is based on percentage of each eligible participant’s compensation. No such supplemental contributions were made in 2022. Effective January 1, 2023, the Company amended the plan to remove the ability to make supplemental profit-sharing contributions.

Participant accounts

Each participant’s account is credited with the participant’s contributions, rollover contributions, the Company’s safe harbor contributions, discretionary contributions and Plan earnings. Allocation of Plan earnings is based on participant's account balances.

WilliamsMarston LLC Retirement Plan
Notes to Financial Statements

Vesting

Participants are 100% vested in their individual deferral, roth, pre-tax, safe harbor and rollover contributions and the allocated earnings thereon.

A participant's vested interest in the employer profit sharing contributions is based upon the participant's years of continuous service. A participant is 100% vested after 5 years of credited service.

Employer profit sharing contributions are subject to the following vesting schedule below:

<u>Vesting Service (in Years)</u>	<u>Vesting Percentage (%)</u>
Less than 1	-
1 but less than 2	-
2 but less than 3	25
3 but less than 4	50
4 but less than 5	75
5 years or more	100

Participants become fully vested in the event of death and disability, as defined by the Plan.

Forfeitures

The Plan allows forfeited nonvested amounts to be used to pay to reduce any employer contributions into the Plan. During the year ended December 31, 2022, \$11,708 of forfeitures were used to reduce employer contributions. At December 31, 2022, unallocated forfeiture balances totaled \$4,101.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance under the Plan, as defined in the Plan Document. The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. When the plan administrator deems a participant loan to be in default, and the default is not otherwise cured, the participant loan will be reduced by the remaining amount outstanding under the loan and a benefit payment in the same amount as the loan reduction will be recorded as benefit paid to participant on the statement of changes in net assets available for benefits. As required by federal tax regulations, a participant's defaulted loan will remain on the books until a qualifying event occurs, even though income has been reported to the Internal Revenue Service ("IRS"). As of December 31, 2022, interest rates ranged from 5.25% to 9.00%. A participant may not have more than one outstanding loan at a time.

Payments of benefits

Distributions from a participant's account are not permitted before age 59 1/2, except in the event of death, disability, termination of employment, or financial hardship, as defined in the Plan. Distributions may be made in the form of direct rollover, lump sum cash distribution or partial withdrawals. If the participant's account balance is less than \$1,000, the Plan may make an automatic lump-sum distribution to the participant equal to the participant's vested interest in his or her account. Distributions of a participant's account balance may be authorized at any time by the plan administrator under certain hardship conditions.

2. Summary of Accounting Policies

Basis of presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan Document.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could vary from estimates that were used.

Investment valuation and income recognition

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation and depreciation include the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments

Benefit payments are recorded when paid to participants.

Administrative expenses

The majority of administrative expenses of the Plan are paid by the Company. Certain transaction-specific charges and loan set-up charges are deducted directly from participants' accounts and are recorded in administrative expenses on the statement of changes in net assets available for benefits.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus, LLC ("Ascensus"), an affiliate of Ascensus Trust Company ("Ascensus Trust") has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income, net and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

The plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Accounting Standards Codification ("ASC") Topic on Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2: inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: inputs to the valuation methodology are unobservable and significant to the fair market measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

WilliamsMarston LLC Retirement Plan
Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. Registered investments held by the Plan are deemed to be actively traded.

Money market fund: Valued at the reported statement balance held by the Plan at year-end. The statement balance reflects the NAV at that date. Money market funds invested in the Plan seek to preserve the value of the investment at \$1 per share.

<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 8,840,400	\$ -	\$ -	\$ 8,840,400
Money market fund	629,681			629,681
Total investments	\$ 9,470,081	\$ -	\$ -	\$ 9,470,081

5. Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Ascensus. Participant loan and distributions processing fees are paid by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. Tax Status

The Plan uses a Non-Standardized Pre-Approved Profit-Sharing Plan with Cash or Deferred Arrangement sponsored by Ascensus. Ascensus obtained a determination letter from the IRS dated June 30, 2020, which states that this prototype document satisfies the provisions of Section 401 of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. The Plan sponsor is responsible for reviewing the annual Required Amendments List ("RAL") issued by the IRS for individually designed plans to retain qualified tax status. Although the Plan has been amended since the date of the aforementioned opinion letter, the Plan Administrator believes that the Plan is designed, and currently being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2022	2021
Net assets available for benefits per the financial statements	\$ 10,448,501	\$ 5,659,749
Less: employer receivable	-	(441,746)
Less: employee receivable	-	(72,503)
Net Assets Available for Benefits Per the Form 5500	\$ 10,448,501	\$ 5,145,500

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2022
Changes in net assets available for benefits per the financial statements	\$ 1,352,542
Add: prior year employer receivable	441,746
Add: prior year employee receivable	72,503
Changes in Net Assets Available for Benefits Per the Form 5500	\$ 1,866,791

The reconciling items related to the changes in net assets available for benefits during the year ended December 31, 2022 are attributable to transitioning from the cash to accrual basis of accounting on the Form 5500.

10. Subsequent Events

The Plan has evaluated subsequent events through September 7, 2023, the date the financial statements were available to be issued and has determined that there were no subsequent events that have occurred through that date other than those currently disclosed.
