INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator of the
Bekaert Corporation 401(k) Profit Sharing Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bekaert Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bekaert Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bekaert Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bekaert Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bekaert Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bekaert Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BEKAERT CORPORATION
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. THE PLAN

The following description of the Bekaert Corporation 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes. Participants should refer to the plan document for more complete information.

The Plan is a defined contribution profit sharing plan covering eligible employees of Bekaert Corporation and certain affiliates (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prudential Bank & Trust, F.S.B., was the trustee of the Plan and Prudential Retirement Insurance and Annuity Company was the Plan's custodian (Prudential) for the year ended December 31, 2021. In April 2022, Prudential was acquired by Empower Retirement. Prudential Bank & Trust, FSB, is the trustee of the Plan, and Empower Annuity Insurance Company is the custodian of the Plan as of December 31, 2022.

Participation

Employees become eligible to participate in the Plan as of the next enrollment date following: (a) 30 consecutive days of service under full-time employment and part-time employees who work over 20 hours per week, or (b) part-time employees who work less than 20 hours per week and complete 1,000 hours of service, as defined. Any employee who becomes eligible to participate in the Plan will automatically have 3% of their eligible compensation deferred unless they elect otherwise. Hourly union employees at the Rome plant have no automatic deferral component.

Participant Accounts and Contributions

Each participant's account is credited with their contribution, the Company's contribution (as applicable) and an allocation of investment earnings. A participant may contribute up to the maximum amount allowed which will not cause the Plan to violate any of its provisions or any limits imposed by the Internal Revenue Code (IRC), as defined in the Plan. Participating employees contribute through pre-tax deductions, which the Company matches (as applicable) on a graduated basis, depending on the percentage contributed by the participant, up to 4% of the participant's eligible compensation. Participants (including highly compensated employees, as defined) can also make after-tax contributions. Union employees shall not be eligible to participate in allocations of matching contributions made by the Company.

The Company and its eligible affiliates make enhanced contributions equal to a percentage of the eligible participant's pensionable compensation, as both are defined in the Plan, regardless of whether the employee makes any contributions. Participants need to wait one year before receiving their first enhanced contribution except for Rome Hourly Union employees. Participants hired before January 1, 2020 receive an enhanced contribution amount as a percentage of pensionable compensation based upon the participant's hire date and years of service. Participants hired after January 1, 2020 receive an enhanced contribution amount of 1% of their pensionable compensation.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Each participant directs the manner in which their contributions, as well as those of the Company, are to be allocated among the investment options available under the Plan.

Vesting

Participants are immediately vested in their contributions or any rollovers from other qualified plans plus actual earnings thereon. Vesting in the company match is based on years of continuous service, as defined, and occurs ratably over five years. Certain exceptions are noted in the plan document. Vesting in enhanced contributions generally occurs ratably over five years.

Forfeitures

Forfeitures shall be used to pay Plan expenses or used to reduce Company contributions in accordance with the plan provisions. During 2022 and 2021, forfeitures of approximately \$283,000 and \$307,000, respectively, were used to offset contributions. Unallocated forfeitures were approximately \$218,000 and \$223,000, as of December 31, 2022 and 2021, respectively.

Notes Receivable from Participants

Participants have the ability to borrow from their accounts subject to limitations as defined in the Plan. Repayments of loans are to be made over a period not to exceed five years, except for loans taken for the purchase of a primary residence. Participants are charged a reasonable interest rate fixed at the inception of the loan. Interest rates on the loans outstanding as of December 31, 2022 were between 4.25% and 8.50%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Benefit Payments

Benefits are payable to participants or their beneficiaries upon the participant's termination, retirement, disability or death. A participant may elect to make a direct rollover, receive a lump-sum amount equal to the value of their account or receive payments in substantially equal monthly installments over the participant's lifetime. Participants with balances less than or equal to \$5,000, will receive a distribution as a direct rollover to an individual retirement plan if the participant does not elect a direct rollover to another plan or to receive the distribution directly.

Voluntary Withdrawals

Withdrawals prior to termination (for those age 59 ½ or over), retirement, disability or death are allowed under the Plan. A distribution on account of hardship will only be granted in the event of an immediate and heavy financial need of the participant. Withdrawals upon attainment of age 59 ½ are at the participant's option and are subject to certain limitations, as defined.

Party-in-Interest Transactions

Certain plan investments are units of funds managed by the custodian, and therefore, these transactions qualify as party-in-interest transactions.

The Plan also receives funds from the custodian to pay certain administrative fees and/or allocate to Plan participants. The funds received are reflected in net investment (loss) gain on the statements of changes in net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements are prepared on the accrual basis of accounting.

Investments

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the year, or in such cases where only bid and ask prices are available on the last business day of the year, the mean between these prices is used for valuation purposes. The Plan presents in the statements of changes in net assets available for benefits the net investment (loss) gain which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are reflected on the trade dates. Gains and losses on sales of securities are based on the actual cost of securities. Dividend income is recorded on the ex-dividend date. Interest from other investments is recorded as earned.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Expenses

Administrative expenses are primarily amounts charged directly to participants for distributing benefits and loans. Expenses may also include legal, compliance and/or accounting fees.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENT CONTRACTS

As described in Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Guaranteed Income Fund is a fully benefit-responsive investment contract.

Contract value, as reported to the Plan by the custodian, represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or contract value over time. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. The Plan administrator does not believe that the occurrence of any such event is probable of occurring.

4. INFORMATION CERTIFIED BY CUSTODIAN/TRUSTEE

The net investment change during 2022 and 2021 reflects the gains and losses on investments bought and sold, as well as held during the year, and represents the net appreciation (depreciation) in the various investments.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net investment gain (loss), interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Prudential Retirement Insurance and Annuity Company, the custodian of the Plan, and Prudential Bank & Trust, F.S.B., the trustee of the Plan as of December 31, 2021 and Empower Annuity Insurance Company, the custodian of the Plan, and Prudential Bank & Trust, F.S.B., the trustee of the Plan as of December 31, 2022.

5. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Pooled separate accounts: Valued at net unit value as determined by the custodian. The value is based on a pro rata share of the market value of the underlying funds in the separate account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2022				
Mutual funds	\$ <u>21,925,396</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 21,925,396
Measured at net asset value				<u>80,648,447</u>
				\$ <u>102,573,843</u>
December 31, 2021				
Mutual funds	\$ <u>28,881,737</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 28,881,737
Measured at net asset value				<u>101,581,947</u>
				\$ <u>130,463,684</u>

6. FEDERAL INCOME TAXES

The Plan obtained its latest determination letter on August 26, 2022, in which the Internal Revenue Service (IRS) stated that the Plan, as restated on January 1, 2015 including all amendments through March 25, 2022, was in compliance with the applicable requirements of the IRC. The Plan's management and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through September 20, 2023, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

INDEPENDENT AUDITORS' REPORT

**To the Plan Administrator of the
Bekaert Corporation 401(k) Profit Sharing Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bekaert Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bekaert Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bekaert Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bekaert Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bekaert Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bekaert Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BEKAERT CORPORATION
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. THE PLAN

The following description of the Bekaert Corporation 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes. Participants should refer to the plan document for more complete information.

The Plan is a defined contribution profit sharing plan covering eligible employees of Bekaert Corporation and certain affiliates (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Prudential Bank & Trust, F.S.B., was the trustee of the Plan and Prudential Retirement Insurance and Annuity Company was the Plan's custodian (Prudential) for the year ended December 31, 2021. In April 2022, Prudential was acquired by Empower Retirement. Prudential Bank & Trust, FSB, is the trustee of the Plan, and Empower Annuity Insurance Company is the custodian of the Plan as of December 31, 2022.

Participation

Employees become eligible to participate in the Plan as of the next enrollment date following: (a) 30 consecutive days of service under full-time employment and part-time employees who work over 20 hours per week, or (b) part-time employees who work less than 20 hours per week and complete 1,000 hours of service, as defined. Any employee who becomes eligible to participate in the Plan will automatically have 3% of their eligible compensation deferred unless they elect otherwise. Hourly union employees at the Rome plant have no automatic deferral component.

Participant Accounts and Contributions

Each participant's account is credited with their contribution, the Company's contribution (as applicable) and an allocation of investment earnings. A participant may contribute up to the maximum amount allowed which will not cause the Plan to violate any of its provisions or any limits imposed by the Internal Revenue Code (IRC), as defined in the Plan. Participating employees contribute through pre-tax deductions, which the Company matches (as applicable) on a graduated basis, depending on the percentage contributed by the participant, up to 4% of the participant's eligible compensation. Participants (including highly compensated employees, as defined) can also make after-tax contributions. Union employees shall not be eligible to participate in allocations of matching contributions made by the Company.

The Company and its eligible affiliates make enhanced contributions equal to a percentage of the eligible participant's pensionable compensation, as both are defined in the Plan, regardless of whether the employee makes any contributions. Participants need to wait one year before receiving their first enhanced contribution except for Rome Hourly Union employees. Participants hired before January 1, 2020 receive an enhanced contribution amount as a percentage of pensionable compensation based upon the participant's hire date and years of service. Participants hired after January 1, 2020 receive an enhanced contribution amount of 1% of their pensionable compensation.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Each participant directs the manner in which their contributions, as well as those of the Company, are to be allocated among the investment options available under the Plan.

Vesting

Participants are immediately vested in their contributions or any rollovers from other qualified plans plus actual earnings thereon. Vesting in the company match is based on years of continuous service, as defined, and occurs ratably over five years. Certain exceptions are noted in the plan document. Vesting in enhanced contributions generally occurs ratably over five years.

Forfeitures

Forfeitures shall be used to pay Plan expenses or used to reduce Company contributions in accordance with the plan provisions. During 2022 and 2021, forfeitures of approximately \$283,000 and \$307,000, respectively, were used to offset contributions. Unallocated forfeitures were approximately \$218,000 and \$223,000, as of December 31, 2022 and 2021, respectively.

Notes Receivable from Participants

Participants have the ability to borrow from their accounts subject to limitations as defined in the Plan. Repayments of loans are to be made over a period not to exceed five years, except for loans taken for the purchase of a primary residence. Participants are charged a reasonable interest rate fixed at the inception of the loan. Interest rates on the loans outstanding as of December 31, 2022 were between 4.25% and 8.50%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Benefit Payments

Benefits are payable to participants or their beneficiaries upon the participant's termination, retirement, disability or death. A participant may elect to make a direct rollover, receive a lump-sum amount equal to the value of their account or receive payments in substantially equal monthly installments over the participant's lifetime. Participants with balances less than or equal to \$5,000, will receive a distribution as a direct rollover to an individual retirement plan if the participant does not elect a direct rollover to another plan or to receive the distribution directly.

Voluntary Withdrawals

Withdrawals prior to termination (for those age 59 ½ or over), retirement, disability or death are allowed under the Plan. A distribution on account of hardship will only be granted in the event of an immediate and heavy financial need of the participant. Withdrawals upon attainment of age 59 ½ are at the participant's option and are subject to certain limitations, as defined.

Party-in-Interest Transactions

Certain plan investments are units of funds managed by the custodian, and therefore, these transactions qualify as party-in-interest transactions.

The Plan also receives funds from the custodian to pay certain administrative fees and/or allocate to Plan participants. The funds received are reflected in net investment (loss) gain on the statements of changes in net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

2. SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements are prepared on the accrual basis of accounting.

Investments

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the year, or in such cases where only bid and ask prices are available on the last business day of the year, the mean between these prices is used for valuation purposes. The Plan presents in the statements of changes in net assets available for benefits the net investment (loss) gain which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are reflected on the trade dates. Gains and losses on sales of securities are based on the actual cost of securities. Dividend income is recorded on the ex-dividend date. Interest from other investments is recorded as earned.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan Expenses

Administrative expenses are primarily amounts charged directly to participants for distributing benefits and loans. Expenses may also include legal, compliance and/or accounting fees.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. INVESTMENT CONTRACTS

As described in Accounting Standards Codification (ASC) 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Guaranteed Income Fund is a fully benefit-responsive investment contract.

Contract value, as reported to the Plan by the custodian, represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or contract value over time. There are not any events that allow the issuer to terminate the contract and which require the Plan sponsor to settle at an amount different than contract value paid either within 90 days or over time. The Plan administrator does not believe that the occurrence of any such event is probable of occurring.

4. INFORMATION CERTIFIED BY CUSTODIAN/TRUSTEE

The net investment change during 2022 and 2021 reflects the gains and losses on investments bought and sold, as well as held during the year, and represents the net appreciation (depreciation) in the various investments.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net investment gain (loss), interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Prudential Retirement Insurance and Annuity Company, the custodian of the Plan, and Prudential Bank & Trust, F.S.B., the trustee of the Plan as of December 31, 2021 and Empower Annuity Insurance Company, the custodian of the Plan, and Prudential Bank & Trust, F.S.B., the trustee of the Plan as of December 31, 2022.

5. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end.

Pooled separate accounts: Valued at net unit value as determined by the custodian. The value is based on a pro rata share of the market value of the underlying funds in the separate account.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2022				
Mutual funds	\$ <u>21,925,396</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 21,925,396
Measured at net asset value				<u>80,648,447</u>
				\$ <u>102,573,843</u>
December 31, 2021				
Mutual funds	\$ <u>28,881,737</u>	\$ <u>-</u>	\$ <u>-</u>	\$ 28,881,737
Measured at net asset value				<u>101,581,947</u>
				\$ <u>130,463,684</u>

6. FEDERAL INCOME TAXES

The Plan obtained its latest determination letter on August 26, 2022, in which the Internal Revenue Service (IRS) stated that the Plan, as restated on January 1, 2015 including all amendments through March 25, 2022, was in compliance with the applicable requirements of the IRC. The Plan's management and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through September 20, 2023, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.
