Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MidWest America Federal Credit Union 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MidWest America Federal Credit Union 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MidWest America Federal Credit Union 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MidWest America Federal Credit Union 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MidWest America Federal Credit Union 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2022

Note 1. Plan Description

General

The Midwest America Federal Credit Union 401(k) Profit Sharing Plan (the "Plan") is a defined contribution plan sponsored by MidWest America Federal Credit Union (the "Employer" or "Plan Sponsor") for the benefit of its employees who have at least one month of service and are age 18 or older. The Plan is subject to the provisions of The Employee Retirement Income Security Act (ERISA). Voya Retirement Insurance and Annuity Company is the custodian of the Plan. The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information.

Contributions

Participants may make voluntary pre-tax contributions of up to 100% of eligible compensation, up to the dollar limits set by the Internal Revenue Code. Employee rollover contributions are also permitted. Participants are eligible for Employer contributions after reaching the age of 18 and completing six months of service. The Employer makes matching contributions of employees' salary deferral amounts of 100% of the first 3% of employees' compensation and 50% of the next 4% of employees' compensation. Employer profit sharing contributions are discretionary as determined by the Plan Sponsor's Board of Directors. Contributions are subject to certain limitations.

Automatic Enrollment

At the time of automatic enrollment, each employee has a contribution rate of 3%. An employee can elect not to participate in the Plan or select his or her own contribution percentage.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's matching and profit sharing contributions and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, participant classification or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants have the option of investing in a variety of pooled separate accounts and an investment contract offered through Voya Retirement Insurance and Annuity Company, the custodian of the Plan. All amounts in participant accounts are participant directed and allocations can be changed daily.

Note 1. Plan Description (Continued)

Vesting

Participants are immediately vested in their voluntary and Employer match contributions plus earnings thereon. Vesting in the Employer's profit sharing contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is fully vested after three years of continuous service.

Forfeitures

Participants who terminate employment prior to becoming fully vested must forfeit a portion of their Employer profit sharing contribution. These forfeitures may be used to pay Plan expenses and reduce future Employer profit sharing contributions.

During 2022, forfeitures used to pay Plan expenses and reduce profit sharing contributions were \$0. The amount of forfeitures held at December 31, 2022 and 2021, was \$40,288 and \$32,174, respectively.

Payment of Benefits

Normal retirement age under the Plan is 65 years, with the option to withdraw funds at the age of 59 ½. Minimum distributions are required once the participant reaches age 72. On termination of service or retirement, a participant has the following options regarding his or her value of the vested interest: a) receive a lump-sum payment, b) rollover the balance into another qualified plan, or c) remain in the Plan as an inactive participant. However, if a terminated participant's vested account balance is \$5,000 or less and they have not elected a rollover, they will involuntarily receive a lump-sum distribution. If a participant is still a current employee and has not yet reached 59 ½, the participant (or beneficiary) can only withdraw funds in the event of death. Effective January 1, 2023, participants will have the option to receive hardship distributions, subject to certain restrictions, as outlined in the Plan document.

Notes Receivable From Participants

The Plan allows participants to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of employee contributions and rollovers. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with current prevailing rates (determined at origination). The loan plus interest must be repaid to the participant's account based upon terms of the loan agreement. Principal and interest is paid ratably through regular payroll deductions. The balance of the loan becomes due upon termination of employment of the participant. Each participant is allowed to have up to two loans outstanding at one time. Loans outstanding at December 31, 2022, mature through May 2036, and bear interest at 4.00% to 8.00%.

Note 1. Plan Description (Continued)

Termination of the Plan

Although the Employer has not expressed any intent to terminate the Plan, it may do so at any time, subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 2. Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the loan will be deemed distributed and the loan balance will become taxable to the participant.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2. Significant Accounting Policies (Continued)

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Management of the Plan has evaluated events and transactions for possible recognition or disclosure through August 2, 2023, the date the financial statements were available to be issued.

Note 3. Financial Statement Information Certified by the Custodian (Unaudited)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, and was not subjected to any auditing procedures performed by the independent public accountants:

- a. Total investments as shown in the accompanying statements of net assets available for benefits.
- b. Net investment loss, as shown in the accompanying statement of changes in net assets available for benefits, including interest income from the guaranteed investment contract and net realized and unrealized depreciation in fair value of pooled separate accounts.
- c. Schedule of assets (held at end of plan year), except for notes receivable from participants.

Note 4. Fair Value Measurements

Fair value measurements are based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, and are determined by either the principal market or the most advantageous market.

Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

- Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.
- Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

MIDWEST AMERICA FEDERAL CREDIT UNION

401(K) PROFIT SHARING PLAN

Notes to Financial Statements (Continued)
December 31, 2022

Note 4. Fair Value Measurements (Continued)

Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts ("PSA"): Valued at net asset value ("NAV") at the end of the Plan year. PSA's are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The NAV is based on the value of the underlying assets owned by the PSA, minus any liabilities, and then divided by the number of shares outstanding. The NAV of a PSA is not a publicly quoted price in an active market, therefore, the NAV is used as a practical expedient to estimate fair value. The Plan's PSA investments have a daily redemption frequency, do not require a redemption notice period, and have no unfunded commitments as of December 31, 2022 and 2021, respectively.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis as of December 31, 2022 and 2021.

	Assets at Fair Value as of December 31, 2022

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2022.

Guaranteed investment contract:	
Balance, beginning of year	\$ 3,997,108
Investment loss	(597,140)
Interest income	53,972
Purchases	177,192
Sales	<u>(245,355)</u>
Balance, end of year	<u>\$ 3,385,777</u>

Note 5. Investment Contract with Insurance Companies

The Plan holds a traditional investment contract with Voya Retirement Insurance and Annuity Company (Voya). The contract does not meet the fully benefit-responsive investment contract criteria and is therefore reported at fair value with an adjustment to contract value. Contract value is the relevant measure because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) branch closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, and (6) early retirement incentives. Management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

MIDWEST AMERICA FEDERAL CREDIT UNION

401(K) PROFIT SHARING PLAN

Notes to Financial Statements (Continued)
December 31, 2022

Note 5. Investment Contract with Insurance Companies (Continued)

Discontinuance of the contract would result in certain surrender charges as defined by the contract. Guaranteed crediting rates are based on a formula agreed upon with the insurance company. Such interest rates are reviewed quarterly for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Principal and interest are guaranteed; however, there is no stated maturity date.

Note 6. Income Tax Status

The Plan, which is a prototype plan, obtained an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of Section 401(a) of the Internal Revenue Code (IRC) and therefore not subject to tax. The Plan has been amended since this date; however, the Plan Administrative Committee believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrative Committee believes it is no longer subject to income tax examinations for years prior to 2019.

Note 7. Transactions with Parties-In-Interest

The Employer provides certain accounting, recordkeeping, and administrative services to the Plan for which it receives no compensation. Administrative expenses for legal, accounting, and other services are rendered by parties-in-interest and are paid by the Employer. The Plan invests in pooled separate accounts affiliated with and an investment contract sponsored by Voya. Investment related expenses are included in net depreciation of fair value of investments.

Note 8. Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
